**Never Say Never** Ricki Lake, 2012-04-17 From the beloved talk-show host, an uplifting and revelatory memoir about turning 40, losing weight, and reinventing oneself at any age. Timed to coincide with Lake's return to the television screen with a brand-new show in 2012.

**Television, History, and American Culture** Mary Beth Haralovich, Lauren Rabinovitz, 1999 In less than a century, the flickering blue-gray light of the television screen has become a cultural icon. What do the images transmitted by that screen tell us about power, authority, gender stereotypes, and ideology in the United States? *Television, History, and American Culture* addresses this question by illuminating how television both reflects and influences American culture and identity. The essays collected here focus on women in front of, behind, and on the TV screen, as producers, viewers, and characters. Using feminist and historical criticism, the contributors investigate how television has shaped our understanding of gender, power, race, ethnicity, and sexuality from the 1950s to the present. The topics range from the role that women broadcasters played in radio and early television to the attempts of Desilu Productions to present acceptable images of Hispanic identity, from the impact of TV talk shows on public discourse and the politics of offering viewers positive images of fat women to the negotiation of civil rights, feminism, and abortion rights on news programs and shows such as *I Spy* and *Peyton Place*. Innovative and accessible, this book will appeal to those interested in women's studies, American studies, and popular culture and the critical study of television. Contributors. Julie D'Acci, Mary Desjardins, Jane Feuer, Mary Beth Haralovich, Michele Hilmes, Moya Luckett, Lauren Rabinovitz, Jane M. Shattuc, Mark Williams

**Ricki!** Robert Waldron, 1995 Waldron reveals the true story of Ricki Lake, with details on her debut in John Waters' camp classic *Hairspray*, other starring roles in film and TV, how she shed 125 pounds to become one of today's hottest celebrities, her whirlwind romance with artist Rob Sussman, their secret Las Vegas wedding, plus the facts behind her arrest with PETA

The A to Z of German Cinema Robert C. Reimer, Carol J. Reimer, 2010-04-01 German film is diverse and multi-faceted; its history includes five distinct German governments (Wilhelmine Germany, the Weimar Republic, the Third Reich, the Federal Republic of Germany, and the German Democratic Republic), two national industries (Germany and Austria), and a myriad of styles and production methods. Paradoxically, the political disruptions that have produced these distinct film eras, as well as the natural inclination of artists to rebel and create new styles, allow for the construction of a narrative of German film. While the disjuncture generates distinct points of separation, it also highlights continuities between the ruptures. Outlining the richness of German film, *The A to Z of German Cinema* covers mainstream, alternative, and experimental film from 1895 to the present through a chronology, introductory essay, appendix of the 100 most significant German films, a bibliography, and hundreds of cross-referenced dictionary entries on directors, actors, films, cinematographers, composers, producers, and major historical events that greatly affected the direction and development of German cinema. The book's broad canvas will lead students and scholars of cinema to appreciate the complex nature of German film.

When Heimat Meets Hollywood Christine Haase, 2007 Contemporary connections between German directors and Hollywood and their implications for German, American, and transnational film. The film histories of Germany and the United States have long been seen as intertwined, but scholarship has focused on migr works of the 1930s and 1940s, on links between Weimar film and American film noir, and on the conflicted relationship between directors of the New German Cinema and Hollywood. Recently, German film studies has begun reexamining the interconnection of the two film cultures and focusing on the internationalism of German cinema, but little research has been done on contemporary German directors' involvement in American cinema, a gap in scholarship that this book fills. The study offers ways of understanding current German cinematic engagement with America and different directorial responses to the hegemonic pressures of Hollywood. It delineates the historical trajectory of German-American film relations in the 20th century, then analyzes the careers and works of four German-born directors who have significant ties with American cinema: Wolfgang Petersen, Roland Emmerich, Percy Adlon, and Tom Tykwer. A series of close readings of their productions isolates the cinematic practices and strategies with which these filmmakers negotiate the different national cultural and cinematic paradigms they traverse. The book analyzes constructions of national cultural identity, probes the boundaries of national cinemas, and expands our understanding of emerging hybrid film cultures. It is a contribution to German film studies and to the emerging field of transnational film studies. Christine Haase is Associate Professor of German at the University of Georgia.

a Heavyweight to big budget mini-series like *Band of Brothers*, long-form television programs have been helmed by some of the most creative and accomplished names in directing. *Encyclopedia of Television Film Directors* brings attention to the directors of these productions, citing every director of stand alone long-form television programs: made for TV movies, movie-length pilots, mini-series, and feature-length anthology programs, as well as drama, comedy, and musical specials of more than 60 minutes. Each of the nearly 2,000 entries provides a brief career sketch of the director, his or her notable works, awards, and a filmography. Many entries also provide brief discussions of key shows, movies, and other productions. Appendixes include Emmy Awards, DGA Awards, and other accolades, as well as a list of anthology programs.
