Madness Behind the Mask: Soft Edition Miranda Grant,2023-09-23 As a woman of the Shadow Family, my only worth is in my ability to breed. Wanting me to create the next generation of soldiers to fight the werewolves and vampires of St Augustine, my father marries me off to a powerful witch called Caden Davenport. But on our wedding day, we're attacked by the werewolves, and I'm kidnapped by the alpha for killing his mate. Can I survive my punishment? Or will he break me before my husband can save me? Although this is called the soft edition, this is a very DARK read. It's brutal with very little light in it.

The Man Behind the Mask Alexander Hubbell,2016-06-10 This is a story about exile, defeat, the hard wiring of people and overall about how those people walk the Earth. The destruction in this short story can be taken in many different ways. This story is subjective, as many things in life are. This story follows a world that has trouble with its own self. A world that is in peril, blinded by technology and progression. A masked man has decided to put the world in his hands.

Behind the Masks Mary Alice Beasley,2019-05-11 In these hybrid tales, a fusion of facts and fiction, everyone has a hidden story. Part 1 chronicles the journey of nine first year teachers (Baby Boomers) from their initial hiring during the tumultuous onset of school busing and integration in 1970 to their retirement four decades later. Behaviors, attitudes, and social interactions observed during their careers are emphasized. Their personal stories demonstrate how lingering intrapersonal conflicts affect day-to-day relations. People are complex, and many factors influence conduct. Depending on the wants, needs, desires, motives, checked but unclaimed emotional baggage, they can be masters of deception. Like actors in plays, most wear masks and perform according to well-rehearsed scripts. To discern the content of a person's character, one must look behind the masks. In part 2, using the setting and timeline of the teachers' journey in part 1, a retired educator summarizes decade by decade the social, political, educational, and economic changes in the community to prepare her granddaughters (Millennials) for the challenges they will face in the era of Black Lives Matter. She concludes by reemphasizing the unfortunate but necessary talk African American parents give their teenagers about the perils of life as they embark upon meandering journeys in pursuit of their dreams.

Tethered Souls Miranda Grant,2023-11-30 Someone Varius trusts wants him dead. And so do I. They call him an abomination, a freak of nature just because he's a witch without magic. My hatred of him goes deeper than that. He's a monster wanting to marry my baby sister, to kill her hopes and dreams by turning her into nothing more than a womb to push out his heirs. Well, I'm not going to let that happen. I sold my life to save hers fifteen years ago, becoming an assassin for our father to use for his darkest of sins. Now I have a special skillset and a name I'm willing to kill for free. But what I don't know is Varius never planned to marry her. No, the woman he buys in my father's office... ..is me.

Altared Ground Brian Schroeder,2014-04-23 One of the most pressing concerns for contemporary society is the issue of violence and the factors that promote it. In *Altared Ground: Levinas, History and Violence* Brian Schroeder stages an engagement between Emmanuel Levinas, one of the leading figures in 20th century Continental philosophy, and Plato, Hegel, Heidegger, Nietzsche, Merleau-Ponty, Derrida and others in the history of ideas. Not merely an exposition of Levinas' original and complex thinking, Brian Schroeder seeks to re-read the history of Western philosophy and religion by going beyond Levinas' alternatives to traditional theories of the self in order to suggest a notion of subjectivity that is not grounded in violence.

Broken Souls Miranda Grant,2024-04-14 MY WIFE BETRAYED ME AND NOW SHE MUST SUFFER I am the Boss of the Shadow Domain and a witch without magic. All my life, I have been betrayed by those close to me. But when my lovely wife, the woman I have chosen to blood bond with so our souls are tied for all eternity, does the same? I don't just want to kill her like I have done with all the others. I want to punish her. I want to make her feel the pain I feel. So I tie her to a chair and

torture her so badly, she can never use magic again. And then I find out my lovely wife... is innocent.

Romantic Prose Fiction Gerald Ernest Paul Gillespie, Manfred Engel, Bernard Dieterle, 2008 In this volume a team of three dozen international experts presents a fresh picture of literary prose fiction in the Romantic age seen from cross-cultural and interdisciplinary perspectives. The work treats the appearance of major themes in characteristically Romantic versions, the power of Romantic discourse to reshape imaginative writing, and a series of crucial reactions to the impact of Romanticism on cultural life down to the present, both in Europe and in the New World. Through its combination of chapters on thematic, generic, and discursive features, Romantic Prose Fiction achieves a unique theoretical stance, by considering the opinions of primary Romantics and their successors not as guiding "truths" by which to define the permanent "meaning" of Romanticism, but as data of cultural history that shed important light on an evolving civilization. SPECIAL OFFER: 30% discount for a complete set order (5 vols.). The Romanticism series in the Comparative History of Literatures in European Languages is the result of a remarkable international collaboration. The editorial team coordinated the efforts of over 100 experts from more than two dozen countries to produce five independently conceived, yet interrelated volumes that show not only how Romanticism developed and spread in its principal European homelands and throughout the New World, but also the ways in which the affected literatures in reaction to Romanticism have redefined themselves into Modernism. A glance at the index of each volume quickly reveals the extraordinary richness of the series' total contents. Romantic Irony sets the broader experimental parameters of comparison by concentrating on the myriad expressions of "irony" as one of the major impulses in the Romantic philosophical and artistic revolution, and by combining cross-cultural and interdisciplinary studies

with special attention also to literatures in less widely diffused language streams. Romantic Drama traces creative innovations that deeply altered the understanding of genre at large, fed popular imagination through vehicles like the opera, and laid the foundations for a modernist theater of the absurd. Romantic Poetry demonstrates deep patterns and a sharing of crucial themes of the revolutionary age which underlie the lyrical expression that flourished in so many languages and environments. Nonfictional Romantic Prose assists us in coping with the vast array of writings from the personal and intimate sphere to modes of public discourse, including Romanticism's own self-commentary in theoretical statements on the arts, society, life, the sciences, and more. Nor are the discursive dimensions of imaginative literature neglected in the closing volume, Romantic Prose Fiction, where the basic Romantic themes and story types (the romance, novel, novella, short story, and other narrative forms) are considered throughout Europe and the New World. This enormous realm is seen not just in terms of Romantic theorizing, but in the light of the impact of Romantic ideas and narration on later generations. As an aid to readers, the introduction to Romantic Prose Fiction explains the relationships among the volumes in the series and carries a listing of their tables of contents in an appendix. No other series exists comparable to these volumes which treat the entirety of Romanticism as a cultural happening across the whole breadth of the "Old" and "New" Worlds and thus render a complex picture of European spiritual strivings in the late eighteenth and the nineteenth centuries, a heritage still very close to our age.

Clowning Glory Roly Bain, Patrick Forbes, 1995 Designed for the youngest tot to the most elderly totterer, this book contains tips and ideas for theory and practice, traditions and stunts in every aspect of clowning, from facepaints and feather dusters to water wigs and walks.

Women Writing Intimacy and Resistance Valérie Baisnée-Keay, Corinne Bigot, Nicoleta Alexoae-Zagni, Nathalie Saudo-Welby, Stephanie Genty, 2025-05-27 This collection explores how women writers in the English-speaking world transform personal intimacy into political engagement, challenging cultural oppression across genres—life writing, novels, poetry, and theatre—from the 19th century to today. Guided by the feminist slogan “the personal is political,” it bridges feminist, decolonial, ethnic, and queer studies, revealing how gender-based domination intersects with other forms of oppression. The authors highlight how these writers, across various forms of expression, imagine new modes of resistance and carve out space for social change.

Chinua Achebe's Legacy James Ogude, 2015-12-01 Chinua Achebe's novels and essays have always drawn our attention to issues of memory, the story, history and our own obligation to history as Africans. Achebe constantly goes back to the authority of narrative - the story; and as the subsequent generations of African writers like Chimamanda Adichie keep returning to, to celebrate Africa's many stories, its moments of failure and triumph. Achebe, more than any other writer on this continent, has inspired many, and hopefully the African story tellers of the coming centuries, irrespective of their

location will continue to be inspired by him. This collection of essays is an enduring tribute to this rich legacy of Achebe.

The Masks of Hamlet Marvin Rosenberg,1992 Every reader is an actor according to Rosenberg. To prepare the actor-reader for insights, Rosenberg draws on major interpretations of the play worldwide, in theatre and in criticism, wherever possible from the first known performances to the present day. The book is rich and provocative on every question about the play.

Masking the Abject Mechthild Nagel,2002-01-01 Masking the Abject traces the beginnings of the malediction of play in Western metaphysics to Aristotle. Mechthild Nagel's innovative study demonstrates how play has served as a castaway in western philosophical thinking: It is considered to be repulsive and loathsome, yet also fascinating and desirable. The book illustrates how play succeeds and proliferates after Hegel--despite its denunciation by classical philosophers--entering Marxist, phenomenological, postmodern, and feminist discourses. This work provides the reader with a superb analysis of how the distinction between the serious and the playful has developed over time, charting play's changing ontological status, and ethical and aesthetic dimensions, from the logocentric to the bacchalian.

The Puritan and the Cynic Jefferson Humphries,1987 This book offers a comparative reading of the ways in which moral issues surface in French and American literature.
