Using Informational Text to Teach A Raisin in the Sun Audrey Fisch, Susan Chenelle, 2016-02-12 The Common Core State Standards mean major changes for language arts teachers, particularly the emphasis on “informational text.” How do we shift attention toward informational texts without taking away from the teaching of literature? The key is informational texts deeply connected to the literary texts you are teaching. Preparing informational texts for classroom use, however, requires time and effort. *Using Informational Text to Teach Literature* is designed to help. In this second volume (the first volume is on *To Kill a Mockingbird*), we offer informational texts connected to Lorraine Hansberry's *A Raisin in the Sun*. Readings range in genre (commencement address, historical and cultural analysis, government report, socioeconomic research study, and Supreme Court decision) and topic (housing discrimination past and present, abortion, the racial and cultural politics of hair, socioeconomic mobility and inequality, the violence associated with housing desegregation, and the struggle against the legacy of systemic racism). Each informational text is part of a student-friendly unit, with reading strategies and vocabulary, writing, and discussion activities. Teachers need to incorporate nonfiction in ways that enhance their teaching of literature. The *Using Informational Text to Teach Literature* series is an invaluable supportive tool.

Greatest Blacks Ever Ambassador Elliston Rahming, Briana Louise Cacuci, 2017-06-16 From an article entitled “History's Black Hole” from the January 10, 2016 global edition of the *New York Daily News*, Arthur Browne opines, “Across every field of endeavor, from the ministry to medicine and from education to entrepreneurship, book merchants balk at memorializing black experience and accomplishments.” Essentially, this book is a celebration of black accomplishments—over centuries and across continents—and seeks to fill a portion of that “black hole.” Of the roughly 7

billion people who inhabit this planet, some 1.5 billion are classified as white, and blacks account for 1.1 billion. The remaining over 4 billion are somewhere in the middle. Yet, throughout the years, a paucity of written materials have recorded the positive influences and myriad contributions that the great number of black citizens have made toward global peace, progress, prosperity, and pleasure.

Examining Lorraine Hansberry's A Raisin in the Sun as Counternarrative Carl A. Grant, 2023-09-29 Examining Lorraine Hansberry's *A Raisin in the Sun* as Counternarrative: Understanding the Black Family and Black Students shows how and why Lorraine Hansberry's play, *A Raisin in the Sun*, should be used as a teaching tool to help educators develop a more accurate and authentic understanding of the Black Family. The purpose of this book is to help educators develop a greater awareness of Black children and youth's, humanity, academic potential and learning capacity, and for teachers to develop the consciousness to disavow white supremacy, American exceptionalism, myths, racial innocence, and personal absolution within the education system. This counternarrative responds to the flawed and racist perceptions, stereotypes, and tropes that are perpetuated in schools and society about the African American family and Black students in US schools. It is deliberative and reverberating in addressing anti-Black racism. It argues that, if Education is to be reimagined through a social justice structure, teachers must be educated with works that include Black artists and educators, and teachers must be committed to decolonizing their own minds. Examining Lorraine Hansberry's *A Raisin in the Sun* as Counternarrative: Understanding the Black Family and Black Students is important reading for undergraduate and postgraduate courses in Educational Foundations, Curriculum and Instruction, Education Policy, Multicultural Education, Social Justice Education, and Black Studies. It will also be beneficial reading for in-service educators.

Out of This World Priscilla Dionne Layne, 2024-11-15 Examining Afro-German artists' use of Afrofuturist tropes to critique German racial history The term Afrofuturism was first coined in the 1990s to describe African diasporic artists' use of science fiction, speculative fiction, and fantasy to reimagine the diaspora's pasts and to counter not only Eurocentric prejudices but also pessimistic narratives. *Out of This World: Afro-German Afrofuturism* focuses on contemporary Black German Afrofuturist literature and performance that critiques Eurocentrism and, specifically, German racism and colonial history. This young generation has, Priscilla Layne argues, engaged with Afrofuturism to disrupt linear time and imagine alternative worlds, to introduce non-Western technologies into the German cultural milieu, and to consider the possibilities of posthumanism. Their experiments in futurist and speculative narratives offer new tools for breaking with the binary thinking about race, culture, and gender identity that have been enforced by repressive ideological and state apparatuses, such as educational, cultural, and police institutions. Rather than providing escapism or purely imaginary alternatives, however, they have created a space—outer and artistic—in which their lives matter.

Left of the Color Line Bill V. Mullen, James Smethurst, 2012-01-01 This collection of fifteen new essays explores the impact of the organized Left and Leftist theory on American literature and culture from the 1920s to the present. In particular, the contributors explore the participation of writers and intellectuals on the Left in the development of African American, Chicano/Chicana, and Asian American literature and culture. By placing the Left at the center of their examination, the authors reposition the interpretive framework of American cultural studies. Tracing the development of the Left over the course of the last century, the essays connect the Old Left of the pre-World War II era to the New Left and Third World nationalist Left of the 1960s and 1970s, as well as to the multicultural Left that has emerged since the 1970s.

Individual essays explore the Left in relation to the work of such key figures as Ralph Ellison, T. S. Eliot, Chester Himes, Harry Belafonte, Américo Paredes, and Alice Childress. The collection also reconsiders the role of the Left in such critical cultural and historical moments as the Harlem Renaissance, the Cold War, and the Black Arts Movement of the 1960s and 1970s. The contributors are Anthony Dawahare, Barbara Foley, Marcial González, Fred Ho, William J. Maxwell, Bill V. Mullen, Cary Nelson, B. V. Olguín, Rachel Rubin, Eric Schocket, James Smethurst, Michelle Stephens, Alan Wald, and Mary Helen Washington.

From Bourgeois to Boogie Vershawn Ashanti Young, Bridget Harris Tsemo, 2011 Vershawn Ashanti Young and Bridget Harris Tsemo collect a diverse assortment of pieces that examine the generational shift in the perception of the black middle class, from the serious moniker of bourgeois to the more playful, sardonic boogie. Including such senior cultural workers as Amiri Baraka and Houston Baker, as well as younger scholars like Damion Waymer and Candice Jenkins, this significant collection contains essays, poems, visual art, and short stories that examine the complex web of representations that define the contemporary black middle class.

Crisis of the Negro Intellectual Reconsidered Jerry G. Watts, 2004-08-26 Thirty-five years after its initial publication, Harold Cruse's *The Crisis of the Negro Intellectual*, remains a foundational work in Afro-American Studies and American Cultural Studies. Published during a highly contentious moment in Afro-American political life, *The Crisis of the Negro Intellectual* was one of the very few texts that treated Afro-American intellectuals as intellectually significant. The essays contained in Harold Cruse's *The Crisis of the Negro Intellectual Reconsidered* are collectively a testimony to the continuing significance of this polemical call to arms for black intellectuals. Each scholar featured in this book has chosen to discuss specific arguments made by Cruse. While some have utilized Cruse's arguments to launch broader discussions of various issues pertaining to Afro-American intellectuals, and others have contributed discussions on intellectual issues completely ignored by Cruse, all hope to pay homage to a thinker worthy of continual reconsideration.

Harold Cruse's The Crisis of the Negro Intellectual Reconsidered Jerry Gafio Watts, 2004 A collection of essays looking back at the influence of *The Crisis of the Negro Intellectual*, first published 35 years ago.

Activated Script Analysis Elizabeth Brendel Horn, 2023-05-02 Activated Script Analysis engages theatre students in traditional formative script analysis through a fusion of devised theatre and various modes of creative expression, dispelling

the notion of script analysis as an isolated pen-to-paper task and reimagining it as a captivating and collaborative process. This book uses diverse, contemporary plays to model the script analysis process for each of four Theatrical Elements: Given Circumstances; Character; Setting; and Structure. By considering each of these elements, readers can uncover patterns and themes within a dramatic text. Woven throughout the study of each theatrical element are Connections: Personal Connections, which encourage readers to explore a theatrical element within their own lives, as though their lives were a script; Play Connections, which make abstract ideas presented in script analysis concrete through theatre-based play; Professional Connections, which examine how a theatre professional might analyze a script within their own work; and Performative Connections, which provide the opportunity for students to explore a theatrical element through performance using devised theatre strategies. At the end of each chapter, readers are given the opportunity to analyze a text through the lens of a Theatrical Element and to express their findings through a variety of digital, written, visual, and performance-based modes of expression. Activated Script Analysis is designed for undergraduate theatre students and educators, to be used as the primary text in Script Analysis coursework or as a supplemental text in Acting or Directing courses. The book includes access to downloadable templates and example videos, available at www.routledge.com/9781032125398.

Radical Vision Soyica Diggs Colbert, 2021-04-20 A captivating portrait of Lorraine Hansberry's life, art, and political activism--one of O Magazine's best books of April 2021 Hits the mark as a fresh and timely portrait of an influential

playwright.—Publishers Weekly In this biography of Lorraine Hansberry (1930–1965), the author of *A Raisin in the Sun*, Soyica Diggs Colbert considers the playwright’s life at the intersection of art and politics, with the theater operating as a “rehearsal room for [her] political and intellectual work.” Colbert argues that the success of *Raisin* overshadows Hansberry’s other contributions, including the writer’s innovative journalism and lesser known plays touching on controversial issues such as slavery, interracial communities, and black freedom movements. Colbert also details Hansberry’s unique involvement in the black freedom struggles during the Cold War and the early civil rights movement, in order to paint a full portrait of her life and impact. Drawing from Hansberry’s papers, speeches, and interviews, this book presents its subject as both a playwright and a political activist. It also reveals a new perspective on the roles of black women in mid-twentieth-century political movements.
