

Belluscio Manual De Derecho De Familia

Eliene Ferreira Bastos,Maria Berenice Dias,Aída Kemelmajer de Carlucci

Manual de derecho de familia Augusto César Belluscio,1987

Derecho de familia Mirta Hebe Mangione Muro,2000

Teoría y práctica del derecho de familia hoy Marisa Herrera,2017-11-14 Este libro aborda la compleja problemática del derecho de familia. La realidad actual muestra que la variedad de situaciones que pueden generarse en torno a disputas por los derechos de las partes en diferentes conflictos de la vida familiar exige una mirada actualizada que abra el debate sobre la necesidad de particularizar y actualizar las leyes que regulan ese campo. A través de ejercicios que ilustran la pluralidad de casos que se presentan en este ámbito los autores orientan a futuros abogados en la resolución de situaciones conflictivas.

The International Survey of Family Law Andrew Bainham,1998-02-05 The International Survey of Family Law, published on behalf of the International Society of Family Law, is the successor to the Annual Survey of Family Law'. It provides information, analysis and comment on recent developments in Family Law across the world on a country-by- country basis. The Survey is published annually and its subtitle reflects the calendar year surveyed. Where a country has been regularly surveyed each year, the developments discussed correspond to the year in question. If certain countries have not been surveyed for some years the contributions will usually attempt to cover the intervening period. This applies, for example, in the present volume to the contributions relating to China and Turkey. If countries are being covered for the first time, then more background information will be provided about the state of family law in the country in question. The Survey also contains an article dealing with the more significant developments in international law affecting the family.

Derecho de familia María Josefa Méndez Costa,1982

La necesaria evolución jurídica de la familia Ana María Serrano Oseguera,2019-05-05 Esta obra tiene como objetivo primordial, generar conciencia en las jóvenes generaciones, respecto de qué es la familia; cómo ha ido evolucionando y su urgente necesidad de modernizarla. Se refiere a la adopción por parte de dos personas del mismo sexo y a sus consecuencias al devenir los años, lo que únicamente estaba regulado por la Ley Civil alemana. Menciona la necesidad de que el Estado regule, en la Ley, las consecuencias, derechos y obligaciones que produce este tipo de adopción, tanto respecto de los padres o madres, como de los hijos adoptados. De manera relevante se hace un estudio de lo que constituye una "familia ensamblada" y de la necesidad de que a los padres y madres afines se les regulen tanto derechos como obligaciones respecto

de los hijos de la pareja, por ejemplo en los ámbitos educativo y de salud. La fibra más importante de esta obra tiende a tratar de evidenciar la urgente necesidad de que el Estado vele por la protección de los menores de edad, que generalmente son vulnerables, pues existen numerosas legislaciones que, sólo en el papel, parecen hacerlo, pero que en la realidad son letra muerta pues su aplicación en el ámbito judicial es prácticamente nula. Se trata el obsoleto nombramiento de "padrastro" y "madrasta" que heredamos de España, cuando son términos peyorativos que, además, evidencian una tendencia negativa y se propone substituirlos por "padre afín" y "madre afín", que en sentido positivo permitirían una relación entre padres e hijos más asertiva e incluyente, creando así condiciones que permitan una integración familiar más fluida, en beneficio de todos sus integrantes. Finalmente, se formulan conclusiones que, según la intención de la autora, podrían hacer reflexionar al lector con el objeto de crear conciencia de que la importancia de la familia es el pilar de la sociedad. Es como homologar la familia a una cédula y a sus transformaciones y mutuaciones. En fin, fue un trabajo harto difícil de desarrollar, dado que cuando la obra fue escrita, existía muy poca bibliografía y menos información. Con todo y eso, espero que la disfruten.

Derecho de familia Marco Gerardo Monroy Cabra,1982

El derecho de la persona y de la familia en el siglo XXI María Linacero de la Fuente,2009-10

A Família Além DOS Mitos Eliene Ferreira Bastos,Maria Berenice Dias,Aída Kemelmajer de Carlucci,2008

Derecho de familia y de menores Marco Gerardo Monroy Cabra,1993

Vivienda familiar y crisis de pareja: régimen jurídico Manuel García Mayo,2020-01-01 El derecho a usar la vivienda familiar tras la crisis de pareja, contemplado en el art. 96 CC, es una medida que, en la práctica, sigue suscitando no pocos interrogantes: ¿A quién se atribuye el derecho de uso de la vivienda familiar? ¿En qué medida es tenida en consideración la existencia de hijos menores, mayores e incapacitados? ¿Cabe la atribución de viviendas distintas a la familiar? ¿El derecho de uso atribuido se extiende a los anexos de la vivienda? ¿Quién paga el IBI o las cuotas de la comunidad de propietarios? ¿Es posible el alquiler de una de las habitaciones de la vivienda familiar? ¿Es el derecho de uso oponible erga omnes? ¿Cómo y cuándo se extingue el derecho? ¿Qué tratamiento recibe la vivienda si es propiedad de tercero? ¿Es posible atribuir la vivienda al cónyuge no arrendatario de la misma? ¿Es aplicable el art. 96 CC a las parejas de hecho? ¿Cómo se regula esta medida en el Derecho territorial y extranjero?... En la presente monografía, elaborada por Manuel García Mayo, Doctor en Derecho y profesor de Derecho Civil en la Universidad de Sevilla, el lector encontrará una investigación propiamente jurídica, rigurosa y completa que el autor lleva hasta sus últimas consecuencias, dando respuesta a estos y otros interrogantes que surgen en la aplicación del art. 96 CC y realizando propuestas de lege ferenda desde una visión internacional del derecho de uso de la vivienda familiar.

Manual de derecho de familia Augusto C. Belluscio,1989

La causa final del negocio jurídico Pedro Luis Landestoy Méndez,2023-12-13 El actuar del autor de esta obra es comparable al de Don Quijote cuando se bate con molinos de viento. La reconstrucción de la causa en el ordenamiento jurídico cubano supone tocar las fibras de cada una de sus normas y retornar al pasado hispánico en el que la causa era puente de legitimidad para los negocios jurídicos, no solamente de naturaleza contractual. La cruzada a favor de la causa podía parecer baladí o fuera de contexto, pero LANDESTOY MÉNDEZ se encarga de demostrar que no es así, ponderando su importancia no solo para entender con mayor claridad un concepto ya de por sí abstracto, como lo es el negocio jurídico, que puede clarificarse con el entendimiento cabal de la causa, sino además como importante eslabón para frenar los excesos de la autonomía privada y para dirigirla hacia los fines tutelados por el ordenamiento jurídico, toda vez que -como el autor destaca- los recientes cambios político-legislativos en Cuba están derribando poco a poco las trabas volitivas y haciendo resurgir con gran pujanza el negocio jurídico, en todos los ámbitos, con lo cual sería de gran utilidad para el operador jurídico, y con preeminencia los jueces, abrazar nuevamente, con visión renovada, la doctrina de la causa, pues en ella podrán encontrar respuesta acertada para los vericuetos que puedan surgir en la vida del negocio y de la relación jurídica que de él nace, respaldando no solo la legalidad, sino también la seguridad jurídica. Caridad del C. Valdés Díaz. Leonardo B. Pérez Gallardo/ "Introito".

La responsabilidad civil en el ejercicio de la parentalidad Natalia Rueda,2020-08-04 Partiendo de la constatación de que el ordenamiento jurídico colombiano no reconoce la posibilidad de indemnizar los daños intrafamiliares, se hace necesario reflexionar sobre la pertenencia de las responsabilidad civil en el derecho de familia como mecanismo idóneo para remediarlos, atendiendo de a la ineeficacia e insuficiencia de las respuestas tradicionales. Con base en esa lógica, la comparación jurídica emerge como la metodología de investigación más idónea, a partir de la identificación de similitudes y diferencias entre los ordenamientos comparados, proponer soluciones enriquecidas por las distintas perspectivas y experiencias. Este libro como resultado del análisis comparado, propone para los ordenamientos comparados para la aplicación de nuevos principios en materia de responsabilidad parental; por ejemplo; la responsabilidad por el hecho de la concepción, la buena fe y la auto responsabilidad como criterios para orientar y valorar la conducta de los padres, de manera que se pueda determinar cuando el ejercicio de la responsabilidad parental puede conducir a la precaución de daños susceptibles de reparación.

Gestación por sustitución. Ni maternidad subrogada ni alquiler de vientres (eBook) Eleonora Lamm,2013-12-16 La gestación por sustitución es una forma alternativa de acceder a la paternidad o maternidad, en el marco de las técnicas de reproducción humana asistida. Se trata de una práctica cada vez más frecuente, pues se estima que en la actualidad nacen unos veinte mil niños cada año como consecuencia de un acuerdo de este tipo. Esta obra expone la realidad de esta práctica, la gran cantidad de jurisprudencia nacional e internacional existente, las distintas opciones legales que recoge el derecho

comparado y los conflictos que pueden suscitarse debido a la falta de regulación. Al mismo tiempo, propone una legislación que permita y regule explícitamente dicha práctica, que concilie los derechos en juego y sea acorde al interés superior del niño nacido bajo esas circunstancias. El libro analiza en profundidad la gestación por sustitución, sus orígenes, modalidades y tendencias, haciendo especial hincapié en los distintos tipos de familia que genera y en los importantes cambios que comporta en materia de filiación.

Doctrina Judicial Tributaria Comentada Tomo 5 ,

World Changes in Divorce Patterns William Josiah Goode,1993-01-01 This book examines trends in divorce throughout the world, comparing previously inaccessible information on Asian and Arab countries and Eastern Europe, as well as data from Latin America, Western Europe, and the Anglo countries over the last four decades. It discusses are how divorce rates in different countries are affected by industrialisation, dictatorship, civic standards for nations, and easier divorce laws; the relations between divorce and such factors as age and class; the meaning of the worldwide rise in cohabitation; and why people are becoming less likely to remarry.

La quiebra del cónyuge Claudio Leiva,2001

Diálogos jurídicos España-México. IV Pauner Chulvi, Cristina,2013-10-21 La publicación de este cuarto volumen de Diálogos Jurídicos España-Méjico consolida el proyecto de colaboración entre la Universitat Jaume I de Castellón y la Universidad Autónoma del Estado de México (Toluca) a la hora de poner en común y analizar comparativamente las problemáticas jurídicas actuales con las que se encuentran ambos estados. En esta ocasión las reflexiones se centran en el derecho de familia, la coyuntura económica actual y sus repercusiones en materia de seguridad social o el estudio de la legislación cooperativa española y mexicana.

La esterilización de las personas con discapacidad intelectual Pedro Luis Landestoy Méndez,2023-12-13 En la investigación desarrollada por el autor y que hoy desemboca en esta obra jurídica, —aplicando categorías de la dialéctica—, están perfectamente sincronizados el contenido con la forma. La estructura del trabajo ha resultado armónica, de modo que lo sustantivo y lo procesal logran una perfecta simbiosis. Aunque la investigación se perfila en el Derecho civil, concretamente en la parte concerniente a las personas, la arista procesal va tomando protagonismo hasta ocupar espacios estelares en el discurso académico del autor. En efecto, el más importante aporte de esta investigación no es solo, que per se también lo es, el estudio de la discapacidad intelectual, sino del modelo procesal idóneo para la tramitación en el orden judicial de la solicitud de esterilización de personas que tienen ciertas discapacidades intelectuales. Es un trabajo meticuloso, en el que la transversalidad de otras ciencias, como la psiquiatría, la sociología, la metodología de la investigación, la filosofía, entre otras, se impuso. Leonardo Pérez Gallardo.
