Cancer is Not a Disease! Andreas Moritz, 2009 Author and health expert Andreas Moritz proves the point that cancer is the physical symptom reflecting our body's final attempt to eliminate specific life-destructive causes. He claims that removing such causes sets the precondition for complete healing of our body, mind and emotions. This book confronts you with a radically new understanding of cancer - one that outdates the current cancer model.

Redesigning Life? Brian Tokar, 2001-05-04 Genetic engineering technologies are being promoted as keys to a brighter future. These writings examine the hidden hazards of the new genetic technologies and reveal the emergence of worldwide resistance to unfettered exploitation.

Timeless Secrets of Health and Rejuvenation Andreas Moritz, 2007 New Book Helps People Tame Their Illnesses with Mind and Body Power: Flying in the face of mainstream medicine and society's many health myths-here is a book that finally proves that good health is not only easily achievable-no matter where you are right now-it's your natural state. In this new, expanded edition of Timeless Secrets of Health and Rejuvenation, best-selling author Andreas Moritz reveals the most common but rarely recognized reasons behind illness and aging. He offers powerful and time-tested self-help approaches to remove the root causes of illness and achieve continuous vibrant health, regardless of age. While most physicians attempt to combat or subdue illness-which has been known to cause more illness and death than cancer or heart disease-they know too little about employing the mind and body to actually help heal a person. Compiled over the course of 35 years of work and research in the health industry-and based on eye-opening experiences with thousands of people across the globe-Timeless Secrets of Health and Rejuvenation reveals everything you need to know in order to unleash the natural healing power that lies dormant within you. You may wonder, How could one book possibly do all this? After all, many books make big health promises and then fail to deliver. But the answer is simple: Timeless Secrets is different-and works-because (1) it gives you deeper insights and perspectives that literally put you back into the driver's seat of your body and mind, and (2) it reveals literally hundreds and hundreds of controversial, yet highly practical secrets proven to trigger health, wellness and accelerated healing. You'll get little-known, ancient secrets-successfully used for thousands of years. Plus, you'll discover newer ones that have been researched and documented by some of the leading authorities in the world, both mainstream and alternative. And most importantly, you'll discover the very secrets which have worked-time and time again-for the countless

people Andreas Moritz has helped heal in his 30+ years of front-line experience. No matter what your current level of health and wellness, the scores of brand new tips, break-throughs, aha moments, practices and discoveries you make while reading Timeless Secrets of Health and Rejuvenation are sure to help you quickly reclaim life's happiest, most valuable possession: Your health. The best part: You'll get it all in plain English, with step-by-step, do-this-then-do-that instructions-so there's never an ounce of guesswork-thereby empowering you to live with more youthful-ness, balance and joy, from the very first moment you open the book. Numerous doctors, nurses, patients and health conscious individuals have called this book The Bible of Good Health for good reasons. So why not put Timeless Secrets to the test? It may prove to be the most comprehensive, life-changing health guide you ever read. German-born, Ayurvedic medicine practitioner and health consultant, Andreas Moritz, has been very successful with terminal disease cases, which increases his credibility as an alternative medicine practitioner. His books are renowned for their comprehensiveness and readability. You don't need to be a health care expert to understand the everyday terminologies and fluid reasoning of the causes of disease. More importantly, you'll be amazed by the many overlooked things that influence our state of health. Reading with an open mind is highly recommended. BookReviewClub.com
