RJ Shavelson

Advocating for Sociolinguistic Justice in the United States Michelle F. Ramos Pellicia, Patricia MacGregor-Mendoza, Mercedes Niño-Murcia, 2024-10-01 This collection focuses on social awareness and critical language awareness with the goal of enlightening and empowering multilingual and multicultural communities across the U.S. Each chapter brings to light the trauma, gaps in services and misguided societal perceptions that adversely impact communities whose linguistic and cultural background and/or status as migrants place them in vulnerable situations. In doing so, the authors and editors demonstrate how an increased awareness of diverse communities' linguistic and cultural wealth can be leveraged to build strength and resilience in order to overcome physical, verbal or symbolic violence and provide remedies for inequities in educational, medical, and legal contexts. Showcasing discussions of the intersectionality and contexts in which language, power, migration, and the cultural funds of knowledge of minoritized communities interact, this volume will be of interest to students, scholars, and educators in sociolinguistics, applied linguistics, and language education.

Caring Across Generations Grace J. Yoo, Barbara W. Kim, 2014-06-20 More than 1.3 million Korean Americans live in the United States, the majority of them foreign-born immigrants and their children, the so-called 1.5 and second generations. While many sons and daughters of Korean immigrants outwardly conform to the stereotyped image of the upwardly mobile, highly educated super-achiever, the realities and challenges that the children of Korean immigrants face in their adult lives as their immigrant parents grow older and confront health issues that are far more complex. In *Caring Across Generations*, Grace J. Yoo and Barbara W. Kim explore how earlier experiences helping immigrant parents navigate American society have prepared Korean American children for negotiating and redefining the traditional gender norms, close familial relationships, and cultural practices that their parents expect them to adhere to as they reach adulthood. Drawing on in-depth interviews with 137 second and 1.5 generation Korean Americans, Yoo & Kim explore issues such as their childhood experiences, their interpreted cultural traditions and values in regards to care and respect for the elderly, their attitudes and values regarding care for aging parents, their observations of parents facing retirement and life changes, and their experiences with providing care when parents face illness or the prospects of dying. A unique study at the intersection of immigration and aging, *Caring Across Generations* provides a new look at the linked lives of immigrants and their families, and the struggles and triumphs that they face over many generations.
