Shoot your Shot: Land Amongst the Stars Shotty Mills, 2023-09-11 Sometimes the uncertainties within your life will draw you back. But don't allow them to draw you back from becoming who you truly want to become. Shoot your Shot: Land Amongst the Stars is a book meant to inspire the lives of other people to live out their true potential. We all have struggles that arise, and some bottle up inside. But Shotty shares his ideas on how perseverance can help you overcome the barriers that life throws directly at you head on. Dive into this thrilling novel and find out how you can conquer the world and realize your potential.

Today Tonight Forever Madeline Kay Sneed, 2023-11-07 One wedding weekend means one dramatic reunion for two families in this bighearted ensemble cast novel about love and forgiveness An NPR Best Book of 2023! “A page-turner with heart.” —Alison Wisdom, author of *We Can Only Save Ourselves* When thirty-three-year-old Athena Matthias is asked, yet again, to be a bridesmaid, she’s not exactly enthusiastic about the idea. Still reeling from a messy divorce from her wife, she’s never felt less inclined to celebrate love. But Athena can't say no, especially to one of her oldest friends, and at least it's a destination wedding, which means three days of sun and sand. As the wedding weekend commences on the gorgeous beaches of Watercolor, Florida, for the first time in ages, Athena finds herself surrounded by people who know and love her. There’s the bride, nervous about an old relationship; a groomsman grappling with a big mistake; Athena’s mother, ready to date again; and even a potential new romantic interest. But just as Athena begins to feel herself opening up again, an unexpected guest from the past throws the entire wedding party into chaos. By the time the cake is cut and the ultimate betrayal is revealed, Athena must find the courage to forgive—both others and herself—and embrace the beauty of a chance to move forward. “Dazzling! Readers will love these flawed, tender characters.” —Deb Rogers, author of *Florida Woman*

The Journalist's Toolbox Mike Reilley, 2024-01-05 Focusing on the how and why of digital reporting, this interactive textbook equips readers with all the skills they need to succeed in today’s multimedia reporting landscape. The Journalist’s Toolbox is an extension of the JournalistsToolbox.ai website, which provides links to tools, organized by beats and topics, as well as social channels, a newsletter, and more than 95 training videos relevant to journalists. This handbook offers a deep

dive into these digital resources, explaining how they can be manipulated to build multimedia stories online and in broadcast. It covers all the basics of data journalism, fact-checking, using social media, editing and ethics, as well as video, photo, and audio production and storytelling. The book considers digital journalism from a global perspective, including examples and interviews with journalists from around the world. Packed full of hands-on exercises and insider tips, *The Journalist's Toolbox* is an essential companion for students of online/digital journalism, multimedia storytelling and advanced reporting. This book will also make an ideal reference for practicing journalists looking to hone their craft. This book is supported by training videos, interactive charts and a pop-up glossary of key terms which are available as part of an interactive e-book+ or online for those using the print book.

Bite Me Orange Hippo!, 2024-10-24 I'm Buffy, the vampire slayer. And you are? A prestige show that was ahead of its time, *Buffy the Vampire Slayer* brought vampires back into the mainstream and made stars of its cast, and its impact has lasted long after the show's end. With its unique blend of high-school drama, witty banter and the supernatural, *Buffy the Vampire Slayer* became known for ushering in golden age of television. With a devoted cult following and a growing new audience, *Buffy* remains a cultural icon. Reminisce some of the most iconic quotes you've ever heard in your life (or unlife) in *The Little Guide to Buffy the Vampire Slayer*, filled with quips and facts about the adventures of the famous slayer and her friends against the forces of darkness. In every generation, there is a chosen one. She alone shall stand against the vampires, demons and forces of darkness. She is the slayer. Spike's trademark coat cost \$2,000 from a top fashion store. It was then run over repeatedly by a truck to give it that distressed look.

Multimedia Journalism Andy Bull, 2010-02-26 *Multimedia Journalism: A Practical Guide* offers clear advice on working across multiple media platforms and includes guides to creating and using video, audio, text and pictures. It contains all the essentials of good practice and is supported by an Companion Website at: www.multimedia-journalism.co.uk which demonstrates how to apply the skills covered in the book, gives examples of good and bad practice, and keeps the material up-to-date and in line with new hardware, software, methods of working and legislation. The book is fully cross-referenced and interlinked with the website, which offers the chance to test your learning and send in questions for industry experts to answer in their masterclasses. Split into three levels - getting started, building proficiency and professional standards - this book builds on the knowledge attained in each part, and ensures that skills are introduced one step at a time until professional competency is achieved. This three stage structure means it can be used from initial to advanced level to learn the key skill areas of video, audio, text, and pictures and how to combine them to create multimedia packages. Skills covered include: writing news reports, features, email bulletins and blogs building a website using a content management system measuring the success of your website or blog shooting, cropping, editing and captioning pictures recording, editing and publishing audio reports and podcasts shooting, editing and streaming video and creating effective packages creating

breaking news tickers and using Twitter using and encouraging user generated content interviewing and conducting advanced online research subediting, proofreading and headlining, including search engine optimisation geo-tagging, geo-coding and geo-broadcasting. Website access is free when the book or ebook is purchased. The registration key is on the final page of all editions of the book and ebook and is also on the inside front cover of the paperback edition.

Shooting with Soul Alessandra Cave,2013-12 This creative-driven book for aspirational photographers, artists, and bloggers offers unique and reflective prompts and exercises to improve your photography skills along with your creative self-expression.

Urban Exploration Photography Todd Sipes,2014 Urban exploration photography--sometimes called urbex--is a unique photographic genre that requires specific skills in order to produce compelling photographs. In Urban Exploration Photography: A Guide to Creating and Editing Images of Abandoned Places, photographer Todd Sipes walks students through everything they need to know about composing, shooting, and processing photos of abandoned, man-made structures. Sipes begins with a focused discussion on preparation for this unique genre of photography, including what to bring, both photography-related and other (such as clothes and accessories). Then he dives into the chapters on shooting, where he covers the role that composition plays in urban exploration photography; the three major shooting styles or urban exploration photography; general guidelines for camera settings and gear; why you should bracket your shots; and how to approach shooting in the dark (including light painting, using flashes and gels, and using an intervalometer). He also covers what kind of subject matter to shoot, including organic and synthetic elements present in the urban exploration environment (such as overgrowth, graffiti, paint, and machinery), as well as qualities of light to look for when shooting abandoned structures. In the second part of the book, Sipes tackles post-processing, including discussions of the various styles in urban exploration photography, as well as the actual post-processing techniques that take place in Lightroom and Photoshop, as well as third-party plug-ins. He also dedicates a section to Things to Avoid in post-processing, such as HDR fever, over-saturation, halos,

and chromatic aberrations.

Film Budgeting, Or, How Much Will it Cost to Shoot Your Movie? Ralph Stuart Singleton, 1996 Applicable to any size film project, from major feature films and movies for television to industrial films and smaller projects, veteran film producer Ralph Singleton instructs readers on how to convert a production schedule into a detailed production budget.

Dynamics of News Reporting and Writing Vincent F. Filak, 2024-12-19 *Dynamics of News Reporting and Writing: Foundational Skills for a Digital Age* shows students how to approach their stories and think on their feet in the evolving media landscape. Recognizing that well-crafted stories are founded on sharp prose, author Vincent F. Filak guides students through the essential elements of newswriting, such as lead writing, structure, and storytelling, in a chapter-by-chapter approach, while also teaching them how to think critically and focus on what matters most to their readers. The Third Edition features expanded writing and grammar exercises, discussions on social and digital media advancements, new coverage of artificial intelligence and generative AI, and additional career-related examples to help students succeed upon entering the field.

Voice & Vision Mick Hurbis-Cherrier, 2018-07-03 Develop your creative voice while acquiring the practical skills and confidence to use it with this new and fully updated edition of Mick Hurbis-Cherrier's filmmaking bible, *Voice & Vision*. Written for independent filmmakers and film students who want a solid grounding in the tools, techniques, and processes of narrative film, this comprehensive manual covers all of the essentials while keeping artistic vision front and center. Hurbis-Cherrier walks the reader through every step of the process—from the transformation of an idea into a cinematic story, to the intricacies of promotion and distribution—and every detail in between. Features of this book include: Comprehensive technical information on video production and postproduction tools, allowing filmmakers to express themselves with any camera, in any format, and on any budget An emphasis on the collaborative filmmaking process, including the responsibilities and creative contributions of every principal member of the crew and cast A focus on learning to work successfully with available resources (time, equipment, budget, personnel, etc.) in order to turn limitations into opportunities Updated digital filmmaking workflow breakdowns for Rec. 709 HD, Log Format, and D-Cinema productions Substantial coverage of the sound

tools and techniques used in film production and the creative impact of postproduction sound design. An extensive discussion of digital cinematography fundamentals, including essential lighting and exposure control tools, common gamma profiles, the use of LUTs, and the role of color grading. Abundant examples referencing contemporary and classic films from around the world. Indispensable information on production safety, team etiquette, and set procedures. The third edition also features a robust companion website that includes eight award-winning example short films; interactive and high-resolution figures; downloadable raw footage; production forms and logs for preproduction, production, and postproduction; video examples that illustrate key concepts found within the book, and more. Whether you are using it in the classroom or are looking for a comprehensive reference to learn everything you need to know about the filmmaking process, *Voice & Vision* delivers all of the details in an accessible and reader-friendly format.

IFP/Los Angeles Independent Filmmaker's Manual, Second Edition Eden H. Wurmfeld, Nicole LaLoggia, 2012-09-10
Backed by the resources of Independent Feature Project/West, co-authors Nicole Shay LaLoggia and Eden H. Wurmfeld have written the definitive low-budget production manual. Using examples from the *Swingers* and *Kissing Jessica Stein*, this comprehensive manual offers the independent filmmaker a single volume reference covering every aspect of making a film: script rights and rewrites, financing, breakdown, scheduling and budgeting, pre-production, production, postproduction, and distribution. A resource guide listing useful references and organizations, as well as a glossary, complete this guide. The downloadable resources feature interviews with important figures in the independent film industry, including Billy Bob Thornton and Ang Lee. Forms that are illuminated in the text are also included on the downloadable resources for ease of use. The new edition is updated with thorough coverage of digital and HD-how to decide which to shoot on, what the financial impact is, and the effect on preproduction. There is also a new chapter on distribution and expanded material on postproduction.

Voice and Vision Mick Hurbis-Cherrier, 2012-11-12 *Voice & Vision* is a comprehensive manual for the independent filmmakers and film students who want a solid grounding in the tools, techniques, and processes of narrative film in order to achieve their artistic vision. This book includes essential and detailed information on relevant film and digital video tools, a thorough overview of the filmmaking stages, and the aesthetic considerations for telling a visual story. The ultimate goal of this book is to help you develop your creative voice while acquiring the solid practical skills and confidence to use it. Unlike many books that privilege raw technical information or the line-producing aspects of production, *Voice & Vision* places creativity, visual expression, and cinematic ideas front and center. After all, every practical decision a filmmaker makes, like choosing a location, an actor, a film stock, a focal length, a lighting set-up, an edit point, or a sound effect is also an expressive one and should serve the filmmaker's vision. Every decision, from the largest conceptual choices to the smallest practical solutions, has a profound impact on what appears on the screen and how it moves an audience. In Practice sidebars

throughout connect conceptual, aesthetic and technical issues to their application in the real world. Some provide a brief analysis of a scene or technique from easily rentable films which illustrate how a specific technology or process is used to support a conceptual, narrative, or aesthetic choice. Others recount common production challenges encountered on real student and professional shoots which will inspire you to be innovative and resourceful when you are solving your own filmmaking challenges.
