Things We Left Behind Lucy Score, 2024-11-05 This stunning special edition features a ribbon bookmark, holographic foil, designed endpapers, a printed edge design, and a naked hardcase. #1 New York Times bestselling author Lucy Score returns to spicy-sweet Knockemout, Virginia with Lucian and Sloane's story. There was only one woman who could set me free. But I would rather set myself on fire than ask Sloane Walton for anything. Lucian Rollins is a lean, mean vengeance-seeking mogul. On a quest to erase his abusive father's mark on the family name, he spends every waking minute pulling strings and building his empire. The more money and power he gains, the safer he feels. Except when it comes to one feisty small-town librarian... Bonded by an old, dark secret from the past and their current mutual disdain, Sloane Walton trusts Lucian about as far as she can throw his designer-suited body. When bickering accidentally turns to foreplay, the flames are fanned, and it's impossible to put them out again. But with Sloane more than ready to start a family and Lucian refusing to even consider the idea of marriage and kids, these enemies-to-lovers are stuck at an impasse. Until Lucian learns the hard way that leaving Sloane is impossible--the very least he can do is to keep her safe.

The Things We Left Behind Debra Allen Alford, 2018-02-14 While this book is being published as fiction, the very essence of the story is a true one. The gentleman this book is actually about felt that his sins were far too horrible to be forgiven. While the names and certain events have been altered in order to avoid sharing any inaccurate information, therefore making it fiction, he did, in fact, grow up in a small rural community in the south. The innocence of that idyllic childhood was shattered due to the draft during the Vietnam War. Then he struggled to rebuild his life from that point forward. However, he found that there was no returning to the things he left behind. The innocence of youth was forever lost. While he survived physically, although narrowly, any semblance of normal life was gone. From that point forward, he dealt with overwhelming guilt. Guilt for going and leaving loved ones behind, some he would never see again. Guilt for coming home and leaving his men behind, many whom would never make it home. Guilt for things he had to do during the terror that was an integral part of war. He tried to seek relief by rebuilding and helping as much as he could. He was, however, overwhelmed with the fear that nothing would ever be good enough to bring about forgiveness for his seemingly unthinkable sins. Like many who have been through such traumas, he suffered silently, and this took its toll. He was fortunate enough to have had many caring people who tried to help through the years. In the end, he was blessed to finally find the answer

through one seemingly simple question that allowed him to find the peace he so desperately sought. His dying wish was that his story might help others.

The Secrets We Left Behind Susan Elliot Wright, 2015-05-05 It was a summer of love, and a summer of secrets. She has built a good life: a husband who adores her, a daughter she is fiercely proud of, a home with warmth and love at its heart. But things were not always so good, and the truth is that she has done things she can never admit. Then one evening a phone call comes out of the blue. It is a voice from long ago, a man from a past that she has tried so hard to hide. He knows who she really is and what she has done. Now he is dying and he gives her an ultimatum: either she tells the truth, or he will. And so we are taken back to that long hot summer of 1976 to a house by the sea on the southern coast of England, where her story begins and where the truth will be revealed. . . . Told in dual narratives that jump back and forth in time, Elliot Wright has crafted a story with secrets that unfold through the very last page. Compelling, immersive, and thoroughly surprising, *The Secrets We Left Behind* is a stunning follow up to the author's acclaimed UK debut *The Things We Never Said*. Skyhorse Publishing, as well as our Arcade, Yucca, and Good Books imprints, are proud to publish a broad range of books for readers interested in fiction—novels, novellas, political and medical thrillers, comedy, satire, historical fiction, romance, erotic and love stories, mystery, classic literature, folklore and mythology, literary classics including Shakespeare, Dumas, Wilde, Cather, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

The Future We Left Behind Mike A. Lancaster, 2024-11-01 Thousands of years in the future, the divide between humanity and technology has become nearly unrecognizable. Each thought, each action is logged, coded, backed up. Data is as easily exchanged through the fiber-optic-like cables that extend from fingertips as it might be through ordinary conversation. It's a brave new world: A world that the Straker Tapes say is a result of many human upgrades. But no one is sure whether the Straker Tapes are a work of fiction or an eerie peek into an unimaginable past. Nearly sixteen-year-old Peter Vincent has

been raised to believe that everything that the backward Strakerites cling to is insane—an utter waste of time and potential. Since his father is David Vincent, genius inventor of the artificial bees that saved the world's crops and prevented massive famine, how could Peter believe anything else? But when Peter meets Alpha, a Strakerite his own age, suddenly the theories about society-upgrades don't sound quite so crazy, especially when she shows him evidence that another upgrade is imminent. And worse, there may be a conspiracy by the leaders of the establishment to cover it up. A conspiracy spearheaded by Peter's own father. Gripping and full of unexpected twists, *The Future We Left Behind* takes the unsettling questions raised in *Human.4* and flips them entirely. What if we knew that the very way we live was about to be changed in an instant, and we could stop it? And what if everything we are sure we know is entirely wrong?
