Tuffers' Cricket Hall of Fame Phil Tufnell, 2017-05-18 Phil Tufnell, cricket legend and national treasure, has populated his very own Cricket Hall of Fame with a deliciously eclectic collection of cricket legends and offbeat characters, with joyful results. From boyhood heroes, to legendary team-mates, to fearsome opponents, to idiosyncratic umpires and broadcasters, Tuffers has gathered together the most enchanting cast of cricketing figures ever assembled. And it wouldn't be a Tuffers tome if there weren't a number of captivating appearances from some unexpected quarters, including some genuinely off-the-wall, non-cricketing inductees to keep life interesting in this very personal Hall of Fame. By turns eccentric and warm-hearted, Tuffers' Cricket Hall of Fame is a joy for all cricket fans.

Tonino John G. Stoffolano Jr., 2011-05-23 Tonino is a young, curious cricket boy, living with his family in Boston. Life is good for young Tonino, but he suspects there's more to the world than his own backyard. He wants to learn about foreign cultures, but mostly he wants to learn about his own family roots. He heads to Italy, where he is surprised to meet the famous Blue Fairy, who was friends with Tonino's ancestor the cricket guide to Pinocchio. Whereas Tonino's ancestor was put in charge of young Pinocchio's conscience, Tonino is given a much more universal conscience. He is charged with the conscience of the world and the well-being of its environment, a big change to his personal journey. No longer is he looking after the story of his family; now he looks after the story of Mother Earth! Suddenly, he is transported on a worldwide adventure. He heads to Puerto Rico and meets the Taíno people. He visits a monarch in Mexico and cricket warriors in China. In the American Southwest, he learns about the spirit of the cricket katsina; in Hawaii, he encounters Pele's rage. It's a lot to take in for the young cricket boy, but ultimately he discovers that seeking his roots is only the beginning in the wide world of

biodiversity, cultural diversity, and conservation of both. The boy/cricket is baptized Anthony at Our Lady of Mount Carmel Church. His parents live in the North End where his mother kept hearing the television advertisement Anthony, Anthony, Its Prince Spaghetti Day so they named him Anthony. Naming him Anthony was straight forward, but naming him Tonino was at the brilliant suggestion of Dr. William Cooley, retired Northampton Ophthalmologist and avid italophile. Dr. Cooley sent Dr. Stoffolano a short novel by an Italian author named Rodari about a young boy, Tonino, who tries to become invisible so that he could avoid problems with his teacher. Rodari (1920-1980) was one of Italys best-known writers of childrens books and the recipient of the Hans Christian Andersen Medal for childrens literature. Thus, the name and his ability to become invisible are incorporated into the story. In addition to this reference to his nickname, Tonino is a small cricket because he always ate Italian food in the North End and not cricket food. Thus, he also got the name Tonino, which means little Anthony in Italian from Joe Pace who owns and started Joe Pace & Sons Italian Specialities in Bostons North End. In his novel, Stoffolano establishes the first lineage for this famous cricket family. Toninos great, great, great grandfather was Grillo parlante, the talking cricket in the original story Pinocchio. Grillo was also the conscience of Pinocchio and Grillos great grandson was the famous Jiminy Cricket in Walt Disneys classic movie Pinocchio. In this wonderful story about Tonino, the reader sees many different regions of the world through the eyes of this boy/cricket where, through the experiences of Tonino, the reader will learn more about how crickets played various and important roles in different indigenous cultures. Toninos charge by the Blue Fairy was to become the conscience of the world when it comes to environmental issues: A heavy responsibility or a small boy/cricket. The importance of cultural diversity, just as important as biodiversity, is stressed and Tonino takes on Dr. E. O. Wilson, one of the greatest thinkers/writers of our generation, as his mentor.

*Sports around the World* John Nauright,2012-04-06 This multivolume set is much more than a collection of essays on sports and sporting cultures from around the world: it also details how and why sports are played wherever they exist, and examines key charismatic athletes from around the world who have transcended their sports. Sports Around the World: History, Culture, and Practice provides a unique, global overview of sports and sports cultures. Unlike most works of this type, this book provides both essays that examine general topics, such as globalization and sport, international relations and sport, and tourism and sport, as well as essays on sports history, culture, and practice in world regions—for example, Latin America and the Caribbean, the Middle East and North Africa, Europe, and Oceania—in order to provide a more global perspective. These essays are followed by entries on specific sports, world athletes, stadiums and arenas, famous games and matches, and major controversies. Spanning topics as varied as modern professional cycling to the fictional movie Rocky to the deadly ball game of the ancient Mayans, the first three volumes contain overview essays and entries for specific sports that have been and are currently practiced around the world. The fourth volume provides a compendium of information on the winners of major sporting competitions from around the world. Readers will gain invaluable insights into how sports have been enjoyed throughout all of human culture, and more fully comprehend their cultural contexts. The entries provide suggestions for further reading on each topic—helpful to general readers, students with school projects, university students and academics alike. Additionally, the four-volume Sports Around the World spotlights key charismatic athletes who have changed a sport or become more than just an outstanding player.
