Bhagavad Gita (in English) Hari Chetan, 2021-08-15 If there is one book that can claim to provide the solution to all problems of humanity, it is the holy Bhagavad Gita. Simply reading this book and comprehending the life-changing, ageless, and profound wisdom contained in its 701 magnificent verses is enough to change the path of one's life and bring it to the peak of perfection. That is why, after hearing this transcendental discourse of Lord Krishna, Arjuna exclaims to Him, "O Achyuta (The Changeless One), my delusion is destroyed, and my memory (about one's true identity) has been regained by me through Your grace. I am firmly situated; my doubts are gone. I will now act according to Your word." [Bhagavad Gita 18.73] The Bhagavad Gita is not a religious book and is not intended to be read and acted upon by the adherents of a particular religion. It's a guidebook for life; a how-to manual. It is a medicine for the infected souls of the Kali-Yuga, the dark age. And there is no religion in medicine. The Bhagavad Gita is the most sacred conversation ever between Lord Krishna and his friend Prince Arjuna just before the beginning of the great war of Mahabharata, on the holy battlefield of Kurukshetra, where the Lord enlightens a bewildered Arjuna about the biggest truths of the universe. This dialogue is considered to contain the nectar of all Vedic scriptures, the most ancient scriptures of the world. By reading the Bhagavad Gita, you will discover answers to the most important questions in life, such as: - Who are you? - What is your purpose in life and how to fulfill that purpose? - Is there a God? If yes, who is God, and how to know and reach Him? - Is God one or many? - What is your relationship with God? - What is death and why you do not need to fear death? - What happens after death? - Do heaven and hell exist? - Is reincarnation real? - What is Yoga? What are the different types of Yoga? How to be a Yogi? - How does the Law of Karma work? - Why are we all living life the wrong way? And how you can live your life the right way? - How to see yourself and your life from the right perspective? - How to master your mind and get rid of negative emotions like worry, fear, anger, jealousy, and sadness for good? - How to be always happy? - What is the most perfect method of meditation? Hari Chetan's translation of the Bhagavad Gita is the outcome of his two decades of experience in the field of Vedic philosophy. The following are some of the distinguishing aspects of this English translation: - All the verses of the Bhagavad Gita are accurately translated from the original Sanskrit texts. - The translations are presented in their authentic form, free from any sectarian bias. - The translations are kept simple without sacrificing accuracy, essence, and spirit. - The gaps arising while translating verses from Sanskrit to English have been taken care of to preserve the intended meaning of each verse. -

Context has been given due importance while establishing the meaning of each word with the aim of providing correct interpretation. - To facilitate self-explanatory translations, additional explanations are given in parentheses in the verses. - Additional explanations are provided in the form of notes at appropriate places. - The historical background of Mahabharata is included for perfect understanding. - To help you test your understanding, a printable workbook is included. All of this adds up to a complete translation of the holy Bhagavad Gita in English. Read This Book to Uncover The Secret Wisdom of the Bhagavad Gita and Change Your Life Forever!

The Art of Living Foundation Stephen Jacobs,2016-03-09 The Hindu-derived meditation movement, The Art of Living (AOL), founded in 1981 by Sri Sri Ravi Shankar in Bangalore, has grown into a global organization which claims presence in more than 150 countries. Stephen Jacobs presents the first comprehensive study of AOL as an important transnational movement and an alternative global spirituality. Exploring the nature and characteristics of spirituality in the contemporary global context, Jacobs considers whether alternative spiritualities are primarily concerned with individual wellbeing and can simply be regarded as another consumer product. The book concludes that involvement in movements such as AOL is not necessarily narcissistic but can foster a sense of community and inspire altruistic activity.

India and Canada: A Promising Future Together and What to Expect in Modi 2.0 Ronnie Ninan,2020-02-27 In the light of the dramatic and landslide victory of the BJP in 2019, and the second term of Prime Minister Modi, aptly entitled as Modi 2.0, the relationship which has slumbered needs reinventing to evolve to its full potential. Agriculture & Philosophy: Agricultural Science in Philosophy Lindsay Falvey,2020-01-01 Agriculture and philosophy have been parts of a whole across history and remain so. Philosophy informs wellbeing and contentment amidst the vagaries of existence, the primary concern of which has always been security of food. Science, once known as natural philosophy, is a major means of philosophical advance today. Agricultural science is presented as comprising all of these components. The philosophical quest to be at ease in nature extends from pre-historical times into our unknown future, and employs diverse vehicles to convey insights across generations via myths, legends religion, academic study and ritual practices. Expressing esoteric concepts has employed agricultural metaphor across the historical era as it has been our most common interaction with nature. Continuing as our most widespread human interaction within nature, agriculture's role in creating civilization, and later its writing, eventually led to an urban separation from nature including food production. Unifying the philosophy, agriculture and agricultural science across cultures and traditions from pre-agricultural times through the European Enlightenment to today, this work builds on neglected ancient insights. Perhaps the most profound of these insights is that our thoughts and actions may be seen as an integral part of nature. Rather than being independent

agents with free will, our fears and guilt may be seen as active forces in the dynamics of nature itself, which includes our procurement of food. This conception offers a wider interaction than can be comprehended from current popular approaches.

Spiritual Life on a Burning Planet David T. Bradford, 2020-10-09 *Spiritual Life on a Burning Planet* draws on scientific research in developing religious perspectives on anthropogenic climate change. Its four chapters are entitled “Tolling Bells,” “Burning Planet,” “Eschatology in the Anthropocene,” and “The Downward Passage.” “Tolling Bells” introduces the topic of climate change and several of its emotional and biblical implications. “Burning Planet” provides an overview of the science of climate change and surveys the effects of global warming on human life later this century. The essays in “Eschatology in the Anthropocene” develop theological interpretations of climate change and examine its moral, spiritual, social, and psychological dimensions. “The Downward Passage” focuses on Christ's descent, the harrowing of hell, understood as a point of doctrine and an exemplary image of forthcoming challenges as we advance more deeply into the Anthropocene. A spiritual path suited to the Anthropocene is outlined. Its watchword is *penthos*, a traditional practice with sufficient power to convey a person through the grief and mourning that represent a true grasp of our having forced the earth into a new geological epoch.

SEVA to Realize the SELF Mahesh C. Mangalick, 2014-09-30 In villages around India, many people have no facilities that provide adequate health care and education, despite the Indian government allocating an enormous amount of funding. In order to offset this lack of health care and educational facilities in Indian villages, many private individuals and organizations provide medical services and educational opportunities to the poor. This book details two major SEVA projects founded by Mr. and Mrs. P.C. Mangalick in Agra, India. SEVA is selfless service that an individual or group provides to underprivileged people. These acts of selfless service are prompted by an awareness of the presence of God in all beings. This book describes how SEVA leads to a purified mind and, therefore, an understanding of the self, the part of one source (God) within an individual's personality.

How to Get to Heaven (Without Really Dying) Robert Koepecky, 2018-03-08 A Near-Death Survivor's Guide to Living a Joyful Reality in the Here and Now After living through three very different near-death experiences, Robert Koepecky discovered a remarkable fact about life and death: You don't have to die to go to Heaven. This book shows how to engage with a paradise that is always present in your life. It's about learning how to make choices that lead you to a place of happiness and fulfillment—finding the pathways (and a few shortcuts) that will bring you the spiritual awareness and joy that is your birthright. By cultivating perspective, presence, and purpose, you'll discover that going to Heaven is not about moving into a realm of eternal sleep, but about being right where you are—wherever that may be—and waking up. Praise: Many people have had near-death experiences and have returned with strong messages for the rest of us. Robert Koepecky's reflections are unusually intelligent and presented in a lively mix of humor and seriousness. I had fun reading this book and appreciated Robert's fresh way of offering traditional wisdom.—Thomas Moore, author of *Care of the Soul* and *Ageless Soul* Helping us to engage with life, these truths will lead us on a transformational journey in finding a life filled with joy while creating Heaven on Earth.—Anita Moorjani, New York Times bestselling author of *What If This Is Heaven* Possibly the most insightful book on how to obtain the enlightenment experienced by those who have gone through a NDE, *How to Get to Heaven (Without Really Dying)* offers hope and encouragement to experience lasting change.—Marianne Pestana, host of *Moments with Marianne* Robert's compassion and selfless service of insight and reflections are a true gift to every reader of this guide to higher consciousness.—Brother Edward Salisbury, DDiv, FD, hospice minister and multiple NDE survivor Robert

Kopecky clearly identifies techniques to help stop our de-evolution of society by remembering our true purpose—to be of service to others.—Linda P. Truax, Board Secretary of the International Association for Near-Death Studies I appreciate and endorse Robert's key themes, which are presented with engaging and heartfelt first person examples: we if seek peace of mind in this life, we'll find it through acts of kindness, humility, honesty, forgiveness, compassion, and service. These practices are universal, but often expressed in a dogmatic fashion, rather than in the friendly manner found in this book. Perhaps his clarity boils down to the adage, 'Religion is for people who're afraid of going to hell. Spirituality is for those who've already been there.'—Josh Korda, author and guiding teacher of DharmaPunx NYC A landscape of love is all around us, and yet mysteriously hidden. Based on his own near-death experiences, Robert Kopecky gives us keys to this landscape. Practicing the simple qualities of kindness, compassion, humility, and service open us to the love, light, and magic of life. Heaven is not 'somewhere else' but a state in which we are reconnected to the Divine Consciousness that is within and all around us. This beautiful book helps us to live in this miraculous realm, awake in its wonder.—Llewellyn Vaughan-Lee, PhD, author of Sufism: The Transformation of the Heart

The gender-differentiated impacts of multiple crises Food and Agriculture Organization of the United Nations,2023-12-07 This assessment is the result of a collaboration between the Food and Agriculture Organization of the United Nations (FAO) and CARE commissioned with the intent of exploring the impact of the COVID-19 pandemic on gender equality and food security in Yemen using CARE's Rapid Gender Analysis (RGA) Toolkit. The collaboration builds on an innovative partnership established in 2020 between FAO, the World Food Programme (WFP) and CARE to understand the gender-differentiated impacts of COVID-19 on livelihood and food security in the Arab region, with a focus on cases in Iraq and the Sudan. With the passage of time, and due to the particularly complex situation brought on by the numerous crises affecting Yemen (armed conflict, natural disasters and an economic crisis), the study provided the opportunity to reflect on how overlapping and multiple crises generate gender-differentiated impacts on livelihood opportunities, employment, food security and protection risks. While the study methodology originally focused on the impact of COVID-19, the analysis of primary and secondary data provided an opportunity to investigate the connection between different vulnerability multipliers, particularly the ongoing conflict.
