Karl Thomson

I'll Be Your Blue Sky Marisa de los Santos, 2018-03-06 The New York Times bestselling author revisits the characters from her beloved novels *Love Walked In* and *Belong to Me* in this captivating, beautifully written drama involving family, friendship, secrets, sacrifice, courage, and true love for fans of Jojo Moyes, Elin Hilderbrand, and Nancy Thayer. On the weekend of her wedding, Clare Hobbes meets an elderly woman named Edith Herron. During the course of a single conversation, Edith gives Clare the courage to do what she should have done months earlier: break off her engagement to her charming—yet overly possessive—fiancé. Three weeks later, Clare learns that Edith has died—and has given her another gift. Nestled in crepe myrtle and hydrangea and perched at the marshy edge of a bay in a small seaside town in Delaware, Blue Sky House now belongs to Clare. Though the former guest house has been empty for years, Clare feels a deep connection to Edith inside its walls, which are decorated with old photographs taken by Edith and her beloved husband, Joseph. Exploring the house, Clare finds two mysterious ledgers hidden beneath the kitchen sink. Edith, it seems, was no ordinary woman—and Blue Sky House no ordinary place. With the help of her mother, Viviana, her surrogate mother, Cornelia Brown, and her former boyfriend and best friend, Dev Tremain, Clare begins to piece together the story of Blue Sky House—a decades-old mystery more complex and tangled than she could have imagined. As she peels back the layers of Edith's life, Clare discovers a story of dark secrets, passionate love, heartbreaking sacrifice, and incredible courage. She also makes startling discoveries about herself: where she's come from, where she's going, and what—and who—she loves. Shifting between the 1950s and the present and told in the alternating voices of Edith and Clare, *I'll Be Your Blue Sky* is vintage Marisa de los Santos—an emotionally evocative novel that probes the deepest recesses of the human heart and illuminates the tender connections that bind our lives.

They, along with the other individuals on both sides willing to treat their "eternal" enemies as their equals, nevertheless set the stage for what they've feared most: another horrifying war.

First Book John Hoggett, 2011-06-01 These are the writings of a slightly distressed man who never got offered psychiatric drugs but instead found poetry and performance and now publication. This is the better option. - John Hoggett
Description John Hoggett is a modern beatnik commenting on climate change and child sexual assault. This book is his life and it is also not his life. 'First Book' is a witty collection of poetry and freeform prose tackling subjects such as abuse, homosexuality and political issues such as the environment and pacifism. John's life has links to the artistic elite of the country and to homeless drug users. This is an adventurous and experimental work, both in terms of content and form, which will be enjoyed by anybody with a liking for creative writing, left-of-centre politics and writings about life's varied experiences.
About the Author John Hoggett has lived in Reading for nearly thirty years, has historical links to the artistic elite of the country and is immensely talented. He started out as a young hippy, working on organic farms, cooking bread and getting into the groove (man). John later became an Anarcho-Eco-Activist and was inspirational, in a small way, in the Newbury Anti-bypass campaign of the 1990's. He mixed this Earth Lover action with a penchant for performing in drag and flirting outrageously with cabaret audiences. His father once tried to strangle his stepmother and John has found his family difficult. This makes his writing an interesting mix: personal, piquant, political, smutty in places, and at times lyrical. He grippingly tells the stories that obsess him and enthralls us at the same time. He immodestly once said of himself that he was the mongrel child of Julie Burchill and Quentin Crisp. Dear reader, you decide.

Space Skimmer David Gerrold, 2014-01-28 Mass comes from a harsh world named Streinveldt, where the gravity is 2.5 times that of Earth and only genetically engineered people can reside. Mass is humanoid, genetically evolved to cope with

greater pressures, stronger gravity, and heavier densities than those of an ancient planet he never knew, nor probably ever would. For Mass, Earth is millennia in the past. Four hundred years ago, the Empire encompassed 11,000 inhabited worlds. It was the center of a thriving trade economy. Then, almost overnight, the Empire collapsed, leaving the remaining planets virtually isolated from one another. Mass decides to search for the Empire with his diverse companions, who have also evolved to withstand the environments of the vastly different worlds they inhabit. To live, they must find a way to come together, as they're faced with intense pressure, clashing perspectives, and unfamiliar circumstances.

Promised Valley Rebellion Ron Fritsch, 2010-10-19 Promised Valley Rebellion, the first book in the Promised Valley series of four novels by Ron Fritsch, is a story of forbidden love. The farmers' king refuses to allow the marriage of the coming-of-age prince to the daughter of the farmer who saved the king's life in the last war with the hunters. Her brother decides he has to help his sister and the prince, his boyhood friend, correct the flagrant injustice. That decision leads them and their allies into a youthful rebellion against the king and his officials, who rule the kingdom from their bluff-top town. The far more numerous farmers in the villages below, who despise the officials but not the king, and who admire the prince, are in a position to determine whether the rebels will succeed or face execution for treason.

Ill Fate Monzella Smith, 2012-03 Skye Rainwater had always been different, seeing things that others could not see. She was fully aware of the many immortals—vampires, werewolves, witches, shape-shifters—living in their small valley town, but they did not know she could see who they were. When some of the immortals' loved ones started disappearing or turning up

viciously murdered, she could see the tension and upset building among them toward the humans. They started to prepare to take revenge. Somehow Skye knew it wasn't humans that were responsible for this. It is now up to Skye to come forward and convince the immortals to work together with the mortals in order to find the real killers. In a horrifying battle for both the mortal and immortal, where something evil lurks, Skye will be taken down a path that not only will reveal secrets about her past she was unaware of, but will also challenge her physically and mentally, leading her to question who the true enemy is.

I Will Never Trust a Man Dr. Kumdong Bindul Nostra,2014-06-16 From the very first moment Saratu met Bindul, he made her believe that she was more than any other woman he had ever seen in the world. He bathed her with love, bathed her, bathed her and finally drowned her completely into his love. Saratu loves him with the truest love of her heart. As matter-of-factly, they were head over heels in love. They admired each other, they adored each other, they allured each other, they liked each other, they want each other, they need each other, they beseechingly desired each other and they loved each other like politicians with corruptions. They declared their love for each other and not so long they stood in front of an overfilled church congregation to publicly declare their love for each other in a one-in-town society marriage. They swam in their love and lived very, very comfortable and happily in love. Saratu wasn't in need of anything, even sex. Bindul gave her all the practical part of love, the love that was made in heaven for a woman, that kind of love that made her feel as though she was the only EVE with the only ADAM in this modern world and she was wholly dependable on it. Like King Solomon to his wives and concubines, Bindul lavished Saratu with the sweetest lovely words and praises. He gave her all that

she needed in life. But when Saratu later discovered that her husband was still madly in love with Jimikat, his primeval girlfriend, things wasn't the same again for her. Their loveliest sex-packed marriage suffered a temporary drought of sex. Saratu first run to her dear friend, Dakmikat for help. Despite doing everything, her husband clung onto Jimikat like a tick to a cow. But at the end, when Bindul brought the two of them together, the problem was solved and Saratu and Jimikat became very, very good friends and lived very happily under the spell of Bindul.

Not My House You Don't Karl Thomson, 2023-06-26 While this book is about America in 2028 under a socialist government that no longer provides protection for its citizens and no longer believes public should have the right to protect themselves. That no longer believes our Constitution and Bill of Rights means the same as it did one hundred or even fifty years ago. Then calls this progress with their new ideas of how the nation should be run. While discarding old definitions to replace with their new interpretations. Forgetting past promises to balance the budget, control government spending. Free speech is redefined and limited; gun ownership is restricted to firearms that do not pose a problem against law enforcement. Even then very strict enforcement of very restrictive laws applies. Inter-structure means paying for government programs as well as repairing roads, dams, bridges and all it meant in the past. A time when Citizenship means nothing, and any human with their feet on American soil, all have the same rights. A time when inflation has grown so bad that retirement funds are valueless. Then only a small percentage of Americans are able to maintain a small standard of living in 2028. A time when opposition to the government is treason.
