To Heaven and Back Mary C. Neal M. D., Mary C. Neal, 2011-11 Is there life after death? Is God real? Is there sufficient reason to live by faith? Dr. Mary Neal's walk with God has been both ordinary and extraordinary, brimming with the gift and privilege of being touched by God in visible and very tangible ways. She is a practicing orthopaedic surgeon, a wife, and a mother who has experienced joy as well as great sorrow and death. She experienced life after death and, despite her scientific training, she believes the answer to each one of these questions is a definitive yes. She drowned on a South American river and went to Heaven. She conversed with angels. She returned to Earth, in part, to tell her story to others and help them find their way back to God. In this book, Dr. Neal shares the captivating details of her life in which she has experienced not just one miracle, but many. Her story is both compelling and thought provoking. Her experiences provide confirmation that miracles still occur, shows how God keeps His promises and why there is sufficient reason to live by faith. Dr. Neal's message is fundamentally one of hope.

Summary of Mary C. Neal, M.D.'s To Heaven and Back Everest Media, 2022-05-30T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 I was raised in a typical Midwestern family. I enjoyed a pleasant childhood, but I never felt loved by my family. I was always expected to have a relationship with God, but I never felt that he was present in my life. #2 I was extremely angry when my parents' divorce became final in 1971. I was in the seventh grade and quickly became a confused and angry adolescent. I continued to pray that my father would arrive to interrupt the wedding ceremony, but he didn't. I then concluded that God hadn't listened to my most desperate of prayers. #3 I was a smart, accomplished, and self-confident fifteen-year old girl when I met my husband, George. He was supportive and respectful, and he taught me about joy, friendship, and responsibility. He was one of the most important influences in my life.

A Simple Guide to Experience Miracles J. P. Moreland,2021-11-16 Does God Still Do Miracles Today? A Simple Guide to Experience Miracles will give you confidence in and awareness of the supernatural realm as you learn how to flourish spiritually by experiencing more miraculous interventions in your life and ministry. Internationally renowned philosopher J. P. Moreland looks at the nature of miracles and explains why bearing and receiving credible testimony to God's miraculous acts is a crucial feature of a mature Jesus-follower. He also shows how to distinguish a real miracle from a mere coincidence. Miracles bring comfort to believers, strengthening faith in God and creating boldness in our lives. While miraculous healings have occurred frequently throughout church history, Moreland provides data showing how the last fifty years have seen a massive outbreak of miracles and supernatural activity. Today, he argues, the church should humbly expect to see more of these miraculous works of God than we do. Moreland looks at topics like: The relationship between sickness and suffering, along with two different ways to pray for healing How to discern clearly the difference between a genuine miracle and a mere coincidence How to increase your faith that petitionary prayer really works and what to make of unanswered prayer Six ways God speaks to us and advice for hearing God wisely and biblically The role angels play in our lives, how they appear to us, and how to combat demonic influence The biblical basis for most Near-Death Experiences and what we can learn from them A Simple Guide to Experience Miracles increases your expectation and hope that God can and often does miraculously intervene to bring help and comfort. Moreland shows that it makes rational sense to step out and engage in employing Kingdom power and to strengthen courage to witness and act on behalf of the gospel of Jesus. Filled with inspiring, credible, motivating accounts of miracles, he covers five different kinds of supernatural activities and provides practical wisdom about how to begin practices such as healing prayer and learning to deal with the demonic.

Living Beyond Ivan Rudolph,2019-04-17 What happens when we die? This is one of humankind's most important questions. Living Beyond brings a fresh and exciting perspective to this enduring question. Ivan Rudolph shares dramatic evidence supporting near-death experiences. This book is expertly written, remarkably easy to read, and enthusiastically

recommended. — Jeffrey Long, M.D., founder of the Near Death Experiences Research Foundation; author of the New York Times bestseller, *Evidence of the Afterlife: The Science of Near-Death Experiences*. What are Near Death Experiences (NDEs) and how do they fit in with Christianity? For over 40 years, the author, Ivan Rudolph, has been conducting interviews, studying hundreds of accounts and now has clarity about this mysterious phenomenon. The truth is surprising, exciting, and ultimately relevant for everyone. Did you know that there are at least 16 million Americans who have had an NDE, including celebrities like Goldie Hawn, Sharon Stone, Elizabeth Taylor, Nikki Sixx, Burt Reynolds, and many others? Did you know that they are a part of a huge family of 350 million returnees alive today? The problem is, many returnees remain confused about their experience. They fear they will never feel normal again and seeking empathy seems impossible from loved ones that don't understand. This is not only a guide to help the confused, traumatized and, sometimes, depressed returnees incorporate their experiences successfully back into their relationships and life on earth. The thoroughly researched text will help families and loved ones to provide support and understand what the returnee is going through. "Very well presented, with substantial, solid evidence; well-explained point by point. From an Orthodox viewpoint its theology is sound." —Father John D'Alton, Orthodox Priest

The Galilean Pendulum Bill Kaspari, 2013-04-03 This is the story of how an unseen world began to reveal itself to me in the years following the death of my son. It tells of the transformation I went through; how I was taken from viewing life through a lens which allowed me to see only the physical world to a vantage point where I was given a much broader view of our existence. I invite the reader to take the journey I found myself on; what for me was a paradigm shift in my understanding of life. This journey began at a point where my feelings were a mixture of hopelessness, deep sorrow and frustration. I began a search trying to find answers to the question of what lies behind our existence, and in particular to try to determine whether or not I would ever be with my son again. I am not a religious person, so I began to search for answers in a way that satisfied my scientific mentality and was surprised that, after a great deal of searching, both in the literature and in my own soul, the answers gradually began to appear. I discovered what for me is a new reality - a much better, far more interesting and more cheerful one than I ever had before. www.UnderstandingAfterlife.com Bill Kaspari is a retired engineer and businessman who now spends his time with family & friends, enjoying his grandchildren and competing in masters track while continuing to learn about new developments in the emerging field of paranormal science.

Douglas County, Nebraska Marriages, 1854-1881, 2002 Windsor, Connecticut was one of the three towns that united

to form the Colony of Connecticut in the 17th century. A great deal of data concerning Windsor's early inhabitants can be garnered from this work, which is based on records in the possession of the Connecticut Historical Society. By far the largest source transcribed for this publication is the Matthew Grant, or Old Church, Record, 1639-1681. Comprising the first half of the volume, the Matthew Grant Record consists of several thousand births, marriages, and deaths for Windsor families throughout much of the 17th century. Though not an official record of the town, it nonetheless is one of the most important sources of Windsor vital records in existence. Various addenda to the Matthew Grant Record are appended to the back of the book. The balance of the volume is made up of a variety of records, each of which has the virtue of placing a particular colonist in Windsor during the 17th or early 18th century, namely: (1) Town Votes, which speak loudly on the methods of town governance and the persons who were assigned to carry out tasks; (2) Lists of Freemen, 1669, 1703; (3) Documents Relating to the Church Controversy of 1669-1679, which affected towns throughout Connecticut; and (4) A Ratable List of Persons and Estates, 1686, representing the second longest record in the volume and disclosing the real and personal property (with the assessed values) for each property owner in town. This book is also available on our CD Settlers of Augusta County, Virginia.

Finding God Dennis Alne, PhD, 2016-06-30 Finding God: One Psychologists Journey is an inspirational Autobiography that takes you on a tour that will enrich your life. Starting as a young child growing up in Southern Brooklyn, with major obstacles to face and overcome, Dr. Alne goes on to become a prominent psychologist. Attacked and left disabled in the aftermath of the Crown Heights Riots in Brooklyn he fought to regain his health and career. In 2007 he suffered a stroke that left him with annoying cognitive and physical symptoms. Dr. Alne attacked one with exercise, and the other by passionately studying a subject he had never studied before. It was quantum physics and cosmology that changed his life forever. Elementary particles of matter obey none of the laws of physics we long held as truths. For example, particles can be in multiple places at the same time (superposition) and are able to communicate even when far apart (nonlocality) etc. Even more shocking is that everything in the universe is made from energy, and no one knows what exactly energy is. We are right now in the midst of a paradigm shift in thinking and everything we thought we knew as reality is being questioned. Science led directly to studies of metaphysics and paranormal research. Prominent universities today are engaged in studies of prayer, remote viewing and related subjects. Scientifically designed research offers proof that: random evolution could not have led to mankind, prayer does help healing, and consciousness survives death.
