Sayings, Proverbs and Humour of Ulster Sir John William Byers, 1904

The Sayings Source Q and the Historical Jesus Andreas Lindemann, 2001 Papers presented at the 49th Colloquium Biblicum Lovaniense held at the Faculty of Theology of the Katholieke Universiteit Leuven, 25-27 July, 2000.

From the Sayings to the Gospels Christopher Tuckett, 2014-05-27 The essays by Christopher Tuckett collected in this volume represent a number of studies, published over a period of 30 years, seeking to throw light on the way in which Jesus traditions were developed and used in early Christianity. Many of the essays are concerned in one way or another with the Sayings Source Q, discussing its existence, its possible pre-history, and key features of the material it contains. Further essays look at Jesus traditions in Paul and in the Gospel of Thomas. In a final section the author focuses on the individual synoptic gospels, with a number of studies concerned with Christology, especially the use of the term Son of Man. These essays show that early Christian traditions about Jesus can provide valuable information not only about Jesus but also about how early Christians used these traditions to relate to their own situations and contexts.

Documented Wise Words Ocean Ecosoft, AI, 2025-02-18 Documented Wise Words explores the profound influence of sayings, proverbs, and maxims on societies and individual behavior, bridging philosophy and social science to reveal how these concise expressions shape our understanding of reality. The book argues that these aren't mere platitudes but powerful tools perpetuating cultural values and influencing decision-making. Consider the saying A stitch in time saves nine, which highlights the value of addressing small problems before they escalate, or Actions speak louder than words, emphasizing the importance of aligning behavior with stated intentions. The book progresses by first defining what constitutes a saying and its role in communication, before tracing the origins of various documented sayings through history and culture. Real-world case studies illustrate how specific sayings have influenced events, decisions, and policies. Finally, the book analyzes the societal impact of documented sayings, examining how they contribute to ethical standards, shape social norms, and transmit cultural values, ultimately showing readers how to use wise words for personal growth and improved communication.

Who is this son of man? Larry W. Hurtado, Paul L. Owen, 2011-03-17 This book is the first ever collection of scholarly essays in English devoted specifically to the theme of the expression 'son of man'. It describes the major competing theories which have addressed questions such as: What is the original Aramaic expression which lies behind the Greek phrase, and what was its original connotation? How do the gospel writers use the expression 'son of man'? Is it a Christological title, pregnant with meaning, much like the titles son of God, Christ/Messiah, and son of David? Is it used as a way of designating Jesus as a human being of unique redemptive significance? Or does it rather originate in a nuanced use (observed in Greek translation) of an Aramaic expression used in place of the first person pronoun, as an indefinite pronoun, or for generic statements about human beings? Larry Hurtado and Paul Owen have brought together contributing scholars on the basis of their expertise in Aramaic, historical Jesus research, the son of man debate itself, and related fields of research.

Seeking the Imperishable Treasure Steven R. Johnson, 2008-07-01 In *Seeking the Imperishable Treasure*, Johnson tracks the use of a single saying of Jesus over time and among theologically divergent authors and communities. He identifies six different versions of the saying in the canonical gospels and epistles (Mark, Matthew, Luke, John, James, and Colossians), as well as the Gospel of Thomas and Q. After tracing the tradition and redaction history of this wisdom admonition, he observes at least two distinctly different wisdom themes that are applied to the saying: the proper disposition of wealth and the search for knowledge, wisdom, or God. What he discovers is a saying of Jesus--with roots in Jewish wisdom and pietistic traditions, as well as popular Greek philosophy--that proved amazingly adaptable in its application to differing social and rhetorical contexts of the first century.

The Expression Son of Man and the Development of Christology Mogens Mueller, 2014-10-20 'Son of Man' is practically the only self-designation employed by Jesus himself in the gospels, but is used in such a way that no hint is left of any particular theological significance. Still, during the first many centuries of the church, the expression as it was reused was given content, first literally as signifying Christ's human nature. Later 'Son of Man' was thought to be a christological title in its own right. Today, many scholars are inclined to think that, in an original Aramaic of an historical Jesus, it was little more than a rhetorical circumlocution, referring to the one speaking. Mogens Müller's 'The Expression 'Son of Man' and the Development of Christology: A History of Interpretation' is the first study of the 'Son of Man' trope, which traces the history of interpretation from the Apostolic Fathers to the present, concluding that the various interpretations of this phrase reflect little more than the various doctrinal assumptions held by its interpreters over centuries.

Exegetical Dictionary of the New Testament, Vol. 3 horst Balz, Gerhard M. Schneider, 2004-01-14 The English translation of the three-volume Exegetisches Wörterbuch zum Neuen Testament, this monumental work by an ecumenical group of scholars is first of all a complete English dictionary of New Testament Greek. Going beyond that, however EDNT also serves as a guide to the usage of every New Testament word in its various contexts, and it makes a significant contribution to New Testament exegesis and theology. EDNT's thorough, lengthy discussions of more significant words and its grouping of words related by root and meaning (with alphabetical cross-references) distinguish it from simpler Greek-English lexicons. Advancing the discussion of the Theological Dictionary of the Old Testament, EDNT summarizes more recent treatments of numerous questions in New Testament study and takes into consideration newer viewpoints of linguistics.

Jesus and His Own Daniel B. Stevick, 2011-04-29 In his section-by-section commentary Stevick gives careful attention to the literary, structural, and theological features of the text, pointing also to how and where the Revised Common Lectionary incorporates passages from John 13-17. The distillation of a senior seminary professor's lifelong study and reflection, *Jesus and His Own* will be especially valuable for pastors preparing to teach or preach from John's Gospel. --Book Jacket.

Scottish Notes and Queries John Bulloch, 1890

Reflections on Biblical Themes by an Octogenarian Reuben J. Swanson, 2007-01-01 *Reflections on Biblical Themes* by an Octogenarian represents the journey into faith by the author of the essays over the span of sixty years in the pastoral ministry and as a professor on college, university, and theological school levels. There has been a continuing growth in understanding from the beginnings of a rather conservative religious background and training to a more mature appreciation and understanding of life. This growth came about through the interchange in the classroom as a student in preparation for ministry, then as a pastor in the everyday work experience and interchange with parishioners and especially in the interchange with students in the classroom. This more mature understanding and growth is reflected in the essays presented in this volume on various themes as listed in the Table of Contents. It is hoped that they will be of value to lay persons and to professionals in the life of the church and in the academic world, and that they will stimulate thought and discussion in parishes and in institutions of higher learning. Some of the viewpoints may seem to be controversial, but how are we to grow intellectually and spiritually unless we wrestle seriously with the deep and profound questions of our faith and life? These reflections are offered with the hope and prayer that they will stimulate discussion and growth in the life of the church in both parish and academic settings.

John 1-6 Martinus C. de Boer, 2024-12-12 In this ICC Martin de Boer provides an introduction and commentary on chapters 1-6 of John's Gospel. de Boer sets out to interpret the Gospel in the historical context in which it was written and first read, and to explain it both historically and theologically. Taking his primary bearings from the seminal work of Raymond E. Brown and J.L. Martyn, de Boer applies and advances their approach through each section of his commentary, whilst also engaging with the latest scholarship, alternative viewpoints, and critiques of the Brown/Martyn approach. As such de Boer takes very seriously the view that John's Gospel was written for a particular community, and that the composition of the text as we know it took place over an extended period of time. Examination of the historical realities of this community is a hallmark of this commentary including the notion that, as members of the community, women may have played a role in the Gospel's composition.

Old and New Morna D. Hooker, 2024-04-17 This collection of essays by Morna D. Hooker deals with the theme of continuity and discontinuity - primarily between first-century Judaism and early Christianity - and explores the ways in which New Testament writers drew on their own cultures and previous beliefs in interpreting their experience of Jesus.
