

The Franklin Scandal

Bridget S. Howe

The Franklin Scandal Nick Bryant, 2012 Asserts that a nationwide child-trafficking and pedophilia ring involved businessmen, senators, major media corporations, the CIA and the Boys Town organization and was exposed during an investigation into the failed Franklin Credit Union.

Franklin Scandal Nick Bryant, 2009-08-01 A chilling exposé of corporate corruption and government cover-ups, this account of a nationwide child-trafficking and pedophilia ring in the United States tells a sordid tale of corruption in high places. The scandal originally surfaced during an investigation into Omaha, Nebraska's failed Franklin Federal Credit Union and took the author beyond the Midwest and ultimately to Washington, DC. Implicating businessmen, senators, major media corporations, the CIA, and even the venerable Boys Town organization, this extensively researched report includes firsthand interviews with key witnesses and explores a controversy that has received scant media attention.

The Franklin Cover-up John W. DeCamp, 1992 This book describes the scandal and public investigation of the Franklin Community Federal Credit Union, raided by federal agencies in 1988 with revelations of murder, drug trafficking, money-laundering, political cover-up and a nationwide child abuse ring.

Slaves of Satan Patrick Ryan Bell, 2024-05-02 Slaves of Satan is an extraordinary book that looks at the darkest corners of the human and diabolical mind and answers the question of why. Why do human beings commit some of the most horrific, appalling, and unspeakable acts known to man. What is it that drives these evil people; serial killers, cult leaders, occultists, and dictators to leave a trail of murder, violence, sexual depravity, and total unmitigated destruction in their wake. Author Patrick Bell through years of extensive research has done a deep dive into one of religions most controversial and terrifying subjects, diabolical possession, and the most serious and horrifying form of it known as Perfect Possession. When a human being has given themselves, their intellect, mind, will and body, their very souls over completely to the source of all evil, Lucifer. The author examines the theology and church teaching behind perfect possession, the three types of it, who it occurs to and why and then examines people from history (Slaves of Satan) who were perfectly possessed including serial killers, dictators, the international occult elite and the diabolical deeds and destruction they have perpetrated, led on by their master the devil, upon the human race.

The Bush Crime Family Roger Stone, Saint John Hunt, 2017-04-11 This book is very tough. - President Donald Trump The

Bush Crime Family smashes through the layers of lies and secrecy that have surrounded and protected our country's most successful political dynasty for nearly two centuries. New York Times bestselling author Roger Stone lashes out with a blistering indictment, exposing the true history and monumental hypocrisy of the Bushes. In Stone's usual "go for the jugular" style, this is a no-holds-barred history of the Bush family, comprised of smug, entitled autocrats who both use and hide behind their famous name. They got a long-overdue taste of defeat and public humiliation when Jeb's 2016 presidential bid went down in flames. Besides detailing the vast litany of Jeb's misdeeds — including receiving a \$4 million taxpayer bailout when his father was vice president as well as his startlingly-close alignment with supposed "enemy" Hillary Clinton — Stone travels back to Bush patriarchs Samuel and Prescott, right on through to presidents George H. W. and George W. Bush to weave an epic story of privilege, greed, corruption, drug profiteering, assassination, and lies. A new preface to this paperback edition features explosive information, including the family's Machiavellian plan to propel Jeb's son George Prescott Bush forward as the family's next political contender. The Bush Crime Family will have readers asking, "Why aren't these people in prison?"

One Nation Under Blackmail - Vol. 1 Whitney Alyse Webb, 2022-10-20 Exposes vastly under-explored topics compared to other media reports and books on Jeffrey Epstein How did Jeffrey Epstein manage to evade justice for decades? Who enabled him and why? Why were legal officials told that Epstein "belonged to intelligence" and to back off during his first arrest in the mid-2000s? Volume 1 of One Nation Under Blackmail traces the origin of the network behind Jeffrey Epstein and his associates to the merging of organized crime and intelligence networks during World War II and follows their most notable activities through the decades. Various scandals, acts of corruption and other crimes throughout the last several decades of American history, many involving sex blackmail, can be traced back to these same networks, which have subverted and taken control of many of America's most important institutions for their benefit, and to the detriment of the public.

The Deep State Encyclopedia Grace Reallygraceful, 2023-03-07 Our country is being attacked from within. The past several years showed us that the shadow government seeks to assert absolute control over the human cattle, but what if we could stop them? What if we could take away the cabal's power by exposing their entire playbook? Uncover the hidden web of power and influence that shapes our world with The Deep State Encyclopedia. Delve into the secrets of the shadow government, from dark occult practices to the most notorious secret societies and their unexpected famous members. Explore the titans of industry and banking who have shaped America's early years, as well as the controversies and scandals that still haunt their legacy. From the forces behind Bill Gates and Rockefeller Medicine, to the formation of the Federal Reserve and the scandals of the families who created the institution at Jekyll Island over a century ago, to the tactics used by mainstream media in gaslighting, manipulating, and controlling the masses, to highly censored stories about Jeffrey Epstein

and his madam, Ghislaine Maxwell, as well as the real contents of the leaked Podesta emails, no topic is off-limits. With the principle that nothing and no one is above questioning, this book is a guide for those who seek to understand the masked machinations of power behind the cabal. As vital information becomes increasingly censored and hidden, this encyclopedia is your guide to peeling back the layers of secrecy and discovering the truth for yourself. Grace from the YouTube channel reallygraceful provides nearly 500 pages of irrefutable, highly sourced evidence of deep state doings, the motivations and mysterious religious beliefs behind their actions, and events and individuals they've attempted to bury. Mystery religions are no longer a mystery... Secret societies are no longer a secret... What was once hidden will be revealed...

The Devil's Playground: Guarding our Kids Against The Inexplicable Shawn Sellers, David Humphrey, 2024-07-25
Guarding Our Kids Against Monsters is a profound exploration by David Humphrey and Shawn Sellers, lifelong friends and Masonic brothers deeply concerned about child safety in today's digital world. Drawing on David's extensive background in law enforcement, business ownership, and anti-human trafficking efforts, alongside Shawn's expertise in Religious Studies, education, and coaching, the book uncovers the hidden threats facing children, particularly online. Driven by personal and professional experiences, including a disturbing betrayal by a friend involved in child exploitation, David and Shawn illuminate the stark realities of human trafficking and other dangers targeting children. Their work serves as a comprehensive resource, offering practical insights, strategies, and poignant real-life narratives to empower caregivers and young individuals to navigate the complexities of the digital landscape safely. This exploration challenges readers to confront uncomfortable truths about what the authors metaphorically term the Devil's Playground—where predators exploit the internet's anonymity and accessibility to groom and harm children. It underscores the critical need for heightened awareness, vigilance, and proactive measures to protect childhood innocence and ensure a safer online environment. Through expert analysis and passionate advocacy, David and Shawn aim to inspire collective action and foster a community dedicated to shielding children from the unseen dangers lurking in the digital shadows. This book is a call to action for parents, educators, policymakers, and technology companies to unite to defend our society's most vulnerable members. It offers practical guidance for creating a protective environment where children can thrive and grow without fear of exploitation or harm.

If the West Falls... Bridget S. Howe, 2011-10-27
If The West Falls is the result of four years of research that began when the author learned that she was a target of US Government sponsored Organized Vigilante Stalking. Her investigation into the crime that had been committed against her led her to an understanding of the crime that is being committed by the United States government against the people of this nation and the rest of the world. The authors investigation reveals The presence of a fascist underground controlling the life of this nation and the lives of American people The plans of secret societies such as the Bilderbergers, the Trilateral Commission and the Council of Foreign relations to

dissolve the national sovereignty of the United States of America The influence of the occult in public institutions and the American Christian Church Crimes being committed by US governing officials being covered up by the National Security Act including the exploitation of children Exploitation of American citizens and people around the world under the Patriot Act and the Military Commissions Act

The Beast at Work Gyeorgos Ceres Hatonn,1993-05

QAnon & the #Pizzagates of Hell Michael J. Cat,2022-07-01 Most of the rational world is currently asking, “What is wrong with these Qanon people?” My book, *#Pizzagates of Hell: Unreal Stories of Occult Child Abuse by the CIA*, asks, “What is right with them?” Sure, Qanon is an unhinged, mostly right-wing group of individuals that believe the world is run by a left-wing cabal of satanic pedophiles. But, by the time of the 2020 U.S. presidential election, their numbers were growing. And not just in the United States. There have been contingents in the U.K., Germany and Australia. 89 Qanon supporters in the U.S. ran for Congress, suggesting that Qanon has come to represent a minor political constituency. My book doesn't ask what sort of deranged media and cultural environment gave rise to Qanon. Instead, it asks what it is about their ideology that has caught fire. More specifically, it asks: is there something in the supposedly delusional ravings of this new political movement that might actually be accurate? •Pedo cabal? Check. Notorious pedophile and spook Jeffrey Epstein had ties to two U.S. presidents, the king of Saudi Arabia, two Israeli prime ministers, and the British Royal Family. •Occultism? Check. British intelligence relied on Aleister Crowley, the disputed grandfather of satanism, as a spy from World War One and beyond. U.S. intelligence agent Lt. Col. Michael Aquino was an open satanist accused of ritual sexual abuse of children at multiple daycare centers across the U.S. and possibly abroad. •The Illuminati? Check. The Illuminati may not exist, per se, but numerous secret societies do exert undue influence on global affairs, from the Freemasons and Skull and Bones to Bilderberg and Le Cercle. It's hard not to argue that we are ruled by a secret elite. •Turning Us All into Sex Slaves? Question mark. Though the long-rumored Monarch Program is feasible when one examines the history of the CIA's MK ULTRA, there is, so far, no proof of its existence. Once we've asked what Qanon has gotten right,

A Certain Arrogance George Michael Evica,2011-02-01 Providing the first global cultural context for the assassination of John F. Kennedy, this investigation into how United States intelligence agencies and other entities manipulated liberal religious groups and educational institutions for ideological, political, and economic gain during the Cold War exposes numerous previously misunderstood political operations. Including assassinations, these projects include those facilitated by Allen Dulles, John Foster Dulles, the U.S. State Department, the Office of Strategic Services and its successor, the CIA, and other individuals and groups. Focusing on the manipulations of key individuals in the American Unitarian Association, the Unitarian Service Committee, and the Unitarian-supported Albert Schweitzer College by covert American interests during the Cold War, this exposé asserts that an unwitting Lee Harvey Oswald—an asset and pawn of American intelligence—was

the ideal scapegoat in a tragically successful conspiracy to murder President Kennedy.

Epidemic Lori Handrahan, 2017-09-22 The problem of child sex abuse and its cover-up is real. A generation of American children are being destroyed. If you think this happens to someone else's children and your children are safe, you are mistaken. Your children might be enduring sexual abuse right now while you remain dangerously ignorant. America's appetite for child pornography puts all our children at risk. Your children and mine. Whether you acknowledge it or not. This book is a wake-up call about a subject too few people want to discuss. That is, while no one was watching, America has become a child pornography nation.

Cult and Ritual Abuse James Randall Noblitt, Pamela Perskin Noblitt, 2014-07-15 This personal yet scholarly journey into the confusing and clandestine world of ritual abuse survivors sheds light on their catastrophic experiences and their efforts to heal afterward. Revised, updated, and expanded, this third edition of a classic study is one of the most authoritative and evenhanded volumes to tackle its hotly debated subject matter. Incorporating the authors' firsthand observations, the book provides historical, anthropological, and psychological context for contemporary reports of both ritual abuse and ritual crime. In addition to sharing patient vignettes and a history of cult and ritual abuse in society, the authors explore fascinating topics related to these practices, among them what triggers personality shifts for victims even many years after the abuse has stopped. Importantly, the book shows how ritual abuse affects society as a whole, influencing civil and criminal law, politics, legislation, social movements, social welfare, and psychological theory. It provides unique insights into the scientific study, forensic investigation, and implementation of social services for survivors of cult and ritual abuse, discusses new research and treatment strategies, and establishes the foundation for a psychological diagnosis to be called Cult and Ritual Trauma Disorder.

White Spiritual Boy William de Berg, 2016-03-03 An early-morning call to Rachel Echon, an analyst at Pacific Group, turns out to be the beginning of a harrowing six months in which she ends up in the middle of a high-stakes international financial battle. The publisher who called her turns out to be a member of the White Dragon Family, a group of wealthy Asians who are trying to recover some of the wealth they believe was stolen from them by the West. The Dragons have one of the two sets of maps that can help recover the famous Yamashita gold, and they seek Rachel's help in bargaining for the other set, knowing that she is the widowed daughter-in-law of one of the most powerful bankers in America. She ends up traveling to the Philippines, where she meets the leading members of the Dragon Family, visits a recently opened Yamashita site, and reconnects with her father's family. After nearly being killed in the ensuing intrigue, Rachel eventually ends up being rescued into the arms of her publisher and lover, her White Spiritual Boy.

Global Perspectives on Dissociative Disorders Vedat Sar, Warwick Middleton, Martin Dorahy, 2016-04-08 Dissociative disorders are one of the psychiatric consequences of childhood psychological trauma. While oppression is an aspect of

traumatic conditions, dissociation undermines resistance to oppression throughout a person's lifespan. Neither oppression nor dissociation are restricted to particular cultures, and both can affect the individual as well as societies. This collection engages with the universality of dissociative disorders and their close relationship to oppression. The chapters cover extreme examples such as ongoing incest in adulthood, children and adults forced to kill others, and abusive states in interrogation. Further subjects examined include the utilization of dissociation in postmodern societies to maintain oppression, the oppressive conditions of asylum seekers and the consequences of oppression as they are dealt with in psychotherapy. The final chapter considers how a paedophile pandering network employed multi-layered oppression to prevent the public becoming aware of the widespread and organised abuse of children. This book will engender interactions between trauma investigators – those whose approach is close clinical observation, those who use instruments to survey groups of individuals, those whose research takes the form of investigative journalism, and those who examine the truth embedded or hidden in documents created for multiple, and at times, disturbing political purposes. Portions of this book were originally published as a special issue of the Journal of Trauma & Dissociation. It also includes material from other sources.

The Political Ethics of Public Service Vera Vogelsang-Coombs, 2016-05-05 This book provides a defense of democratic politics in American public service and offers the political ethics of public service as a realistic and optimistic alternative to the cynical American view toward politics and public service. The author's alternative helps career public servants regain public trust by exercising constitutionally centered moral and political leadership that balances the regime values of liberty and equality in governing American society while contributing to the ethical progress of the nation. She identifies three distinct leadership styles of political ethics, enabling career public servants to reconcile their personal loyalties, morality, and consciences with the public and private morality of American society and their constitutional obligations to secure the democratic freedoms of Americans. Recognizing career public servants' moral and institutional struggles, the book proposes a rigorous leadership development program to acclimate individuals to workplace psychological, moral, and political challenges. The view offered here is that career public servants must be a part of, rather than isolated from, American politics to be effective on the job.

Slingshot to the Juggernaut Sander Hicks, 2012-04-10 In the ten years since 9/11, a grassroots truth movement has sprung up that unites the best elements of the right and left. The call to resist the secrecy, imperialism, and the manipulation of the elite has been heard by a wide spectrum of people, across religious and political lines. This is a revolutionary moment that has lacked a clarifying manifesto. Until now. Pulling from his personal confrontations with the FBI, Rudolph Giuliani, Eliot Spitzer, and Dick Cheney, activist, maverick, and investigative reporter Sander Hicks reaches for a broader understanding of who was behind the 9/11 attacks. He reports the mysterious murder of Dr. David M. Graham, a Shreveport dentist who met two of the 9/11 hijackers but was then harassed by the FBI and poisoned. Scientific evidence leads him to

take a hard, critical stance against Bush, Cheney, and the 9/11 "Official Story." Weaving evidence with anecdote, *Slingshot to the Juggernaut* is an inspiring ride into the 9/11 cover-up and the revolutionary possibilities it inadvertently created. Provocative and unyielding, Hicks examines the evidence, draws conclusions, and offers a vision for the future of the United States.

The Routledge Handbook of Victorian Scandals in Literature and Culture Brenda Ayres, Sarah E. Maier, 2022-12-01 The Routledge Handbook of Victorian Scandals in Literature and Culture exposes, explores, and examines what Victorians once considered flagrant breaches of decorum. Infringements that were fantasized through artforms or were actually committed exceeded entertaining parlor gossip; once in print they were condemned as socially contaminative but were also consumed as delightfully sensational. Written by scholars in diverse disciplines, this volume: Demonstrates that spreading scandals seemed to have been one of the most entertaining sources of activities but were also normative efforts made by the Victorians to ensure conformity of decorum. Provides a broad spectrum of infractions that were considered scandalous to the Victorians. Identifies Victorian transgressions that made the news and that may still shock modern readers. Covers a gamut of moral infractions and transgressions either practiced, rumored, or fantasized in art forms. This handbook is an invaluable resource about Victorian literature, art, and culture which challenges its readers to ponder perplexing questions about how and why some scandals were perpetrated and propagated in the nineteenth century while others were not, and what the controversies reveal about the human condition that persists beyond Victoria's reign of propriety.

America's Nazi Secret John Loftus, 2010-11-01 Fully revised and expanded, this stirring account reveals how the U.S. government permitted the illegal entry of Nazis into North America in the years following World War II. This extraordinary investigation exposes the secret section of the State Department that began, starting in 1948 and unbeknownst to Congress and the public until recently, to hire members of the puppet wartime government of Byelorussia—a region of the Soviet Union occupied by Nazi Germany. A former Justice Department investigator uncovered this stunning story in the files of several government agencies, and it is now available with a chapter previously banned from release by authorities and a foreword and afterword with recently declassified materials.
