Features include modern Wicca expressions, sayings, and terminology. Illustrations.

The Poison Path Grimoire Coby Michael,2024-11-05 • Shares a detailed formulary, including rituals, magical correspondences, and recipes for working with the baneful herbs of occult herbalism • Looks at the plants of fate and the divination practices they support, love magic with poison plants, shadow work and spell work, the devil's garden, and the use of nightshades as power plants for medicine and magic • Explores poison history, lore, occult toxicology, and the alchemical power of working with poison Examining the art and science of working with noxious and malefic plants and fungi, Coby Michael discusses the occult properties of poison and how poison plants can be used in spell work and other magical operations. He looks at the plants of Fate and the divination practices they support, love magic with poison plants, shadow work, the devil's garden, and the use of nightshades as power plants for medicine and magic. Presenting a detailed formulary, he shares rituals, magical correspondences, and recipes for working with specific poison plant allies and other baneful herbs of occult herbalism. Exploring the path of dark herbalism, the author explains how it encompasses not only veneficium—poisonous plants and fungi—but all plants that humanity has tried to forget, from “invasive” plants and those we can't domesticate to those that have been regulated arbitrarily or simply feared as “toxic” or “poison.” He shows how the dark herbalist seeks out plants that are adversarial or taboo because the qualities we consider “dark” are really the plant's spiritual medicine and can offer powerful wisdom and healing. Examining poison history, lore, and occult toxicology, he explains how the aim of using these plants is not to cause physical death, but rather death of the ego. He shows how “poison” in this sense is an alchemical force that allows the practitioner to become a vessel for the forbidden fruit of knowledge and how the transmutation of our personal poisons can lead to powerful self-transformation.

The Devil's Party Per Faxneld,Jesper Aagaard Petersen,2013 Twelve scholars present cutting-edge research from the emerging field of Satanism studies. The topics covered range from early literary Satanists like Blake and Shelley, to the Californian Church of Satan of the 1960s, to the radical developments within the Satanic milieu in recent decades. The book

will be an invaluable resource for everyone interested in Satanism as a philosophical or religious position of alterity rather than as an imagined other.

The Flame in the Cauldron Orion Foxwood, 2015-03-01 Few words entice and incite like the word witchery. Thousands of self-identified witches, pagans, and magical practitioners embrace the word, but seldom go beyond the practice of the well-accepted and learned forms of traditional witchcraft to explore the path of old-witchery. Orion Foxwood invites readers to walk on the path of old-style witchery, a nature-based practice that is as old as the swamps and as wild as the woods. For the first time, Foxwood reveals some of his own deeply personal rituals and spells directly from his own grimoire of witchery; he highlights the differences (and similarities) between Wicca, traditional witchcraft, and old style witchery. By weaving his own path to witchery throughout the book, he gives readers examples of how to identify the way toward this path. There is a revolution among the Pagan and Witchcraft communities, a movement away from prescribed ritual and neopagan practices and a reaching back toward what Foxwood says is in the heart of any true witch: a thundering call deep within their very blood to become a healer, a reckoner, a protector of magical arts, and a guardian of the wild woods.

The Cunning Craft Nicholaj de Mattos Frisvold, 2025-02-12 In *The Cunning Craft*, Frisvold strives to clarify in a hermeneutic manner the deeper levels of the wise arts, with a particular focus on their connections with the opposer, more commonly known as the devil, the mysteries of the night, and the crossroads where power, wisdom, and mysteries are found. In *The Cunning Craft*, Frisvold delves deep into the hidden realms of ancient wisdom, shining a light on the enigmatic connections between the craft and its opposing forces, such as the devil, the mysteries of the night, and the powerful crossroads where secrets converge. This book unveils the cunning arts in all their forms, from the revered to the feared. Here, the devil stands as pivotal as any saint, and wisdom flourishes where others dare not tread. The cunning ones, adept in magical arts and aided by denizens from beyond, serve as conduits between worlds, their rituals and rites steeped in both peril and power. From the arcane teachings of Picatrix to the bold insights of Giordano Bruno, this book celebrates the rich tapestry of esoteric knowledge. With rituals honoring both poison and healing, and nods to ancient figures like Master Cain, *The Cunning Craft* invites sorcerers, witches, historians, and the curious alike to explore the depths of mystery veiled by the celestial bodies and the shadowy figure of the devil.

Gods of Eden Andrew Collins, 2002-04-01 A groundbreaking historical documentation of the secret history of pre-Pharonic Egypt and the race of angels that built it. •By the author of *From the Ashes of Angels* and *Gateway to Atlantis* (more than 30,000 copies sold in the United Kingdom). •Unlocks the secrets of how the Great Pyramids and the Sphinx were built. •Explains the traces left by the race of Elder gods that founded ancient Egypt through ancient texts of the Hall of Records. •Proves the foundations of ancient astronomy 10,000 years ago. Hidden deep below Egypt's Giza plateau is perhaps the key to unlocking the mysteries of the Great Pyramid, one of the seven wonders of the world. Built using a technology unequalled

even today, the ancient Egyptians claimed they inherited their advanced culture from a race of Elder gods who lived during a previous age known as Zep Tepi, the First Time. In his earlier companion book *From the Ashes of Angels*, renowned historical writer Andrew Collins provided historical and scientific evidence showing how these Elder gods, who were the flesh and blood members of a race of fallen angels, founded ancient Egypt. Now, in *Gods of Eden*, he describes the remarkable achievements of their culture. Assembling clues from archaeology, mythology, and religion, Collins shows us how this great society mastered acoustic technology and employed the use of sound to raise heavy objects into the air and pierce holes through solid rock. It was with this technology that they were able to construct gigantic structures that have marveled adventurers and archaeologists worldwide. With findings based on more than 20 years of research and scholarship, Collins reveals the fascinating historical destiny of this culture of fallen angels and the imprints and legacies they left behind at the genesis of civilization.

Witch's Book of Mysteries Devin Hunter, 2019-05-08 Reclaim Control of Your Magic and Your Life Transcend Your Limitations and Enter the Pyramid of Light and the Labyrinth of Darkness Devin Hunter, author of groundbreaking works *The Witch's Book of Power* and *The Witch's Book of Spirits*, makes a powerful statement on how you can deepen your Witch Power and further develop your relationships with familiars, guides, spirits, and gods. *The Witch's Book of Mysteries* invites you to embark on a pivotal journey designed to help break you free of the illusory cultural energies that hold you back from true magical vitality. With spells and rituals drawn from the author's own book of shadows, this book explores energetic self-orientation, the Witch's Eye, and the Witch's Tree—techniques that will support and embolden you on your quest to achieve personal gnosis. Learn the extraordinary practices of the Witch's Dream and the Witch's Sabbat, and initiate into the mysteries of the Cosmic Grigori, primordial guardians of space, time, matter, energy, and quintessence. Ultimately, the path of the witch takes you to the six gates of the Labyrinth of Diana. Through these gates, the authentic nature of the soul is found and God Herself is revealed.

Celtic Tree Alphabets Nigel Pennick, 2024-07-23 • Provides a full explanation for each character of the Celtic tree alphabets and their historic variants, including each symbol's corresponding trees, colors, birds, cryptic codes, and esoteric inner meanings • Explores the use of Celtic tree alphabets in spiritual invocation, divination, and symbolic art as well as the practice of Ogham cryptography • Explains how, like Norse Runes, each Ogham character is a meditative symbol in its own right and offers the possibility of deep psychic transformation Emanating from the spiritual traditions of Celtic antiquity, Ogham is best known as a "tree alphabet." It is a symbolic system that encapsulates the archaic skills and wisdom of ancient Ireland and Britain and is important in contemporary Druidry. Studying the Oghams enables us to engage with ancient ways of thinking and gain access to the elemental powers that speak to the inner nature of our being, the wildwood in our hearts. Presenting a wide-ranging exploration of the Ogham tree alphabet, Nigel Pennick explores the traditional lore of the Celtic

trees and their relationship to ancient, mythic beings from whom their understanding was legendarily derived. Each Ogham character is a meditative symbol in its own right, embodying a creative power available to all. Pennick provides a full explanation for each of the Ogham letters along with correspondences from historic Irish sources and considers their use in ciphers, spiritual invocation, divination, and symbolic art. He also discusses ceremonies that assist in reconnecting us with nature and the wilderness, including “Maying” and greenwood marriages and the use of colors and magical binding-knots in the Celtic tradition. Also included is a chapter on the little-known Coelbren y Beirdd, a cryptic system devised for the use of Bards and Druids. This handbook for learning Ogham and Coelbren offers a comprehensive understanding of the ancient Celtic worldview, allowing you to apply their wisdom in modern life.

The Dictionary of Magic & Mystery Melusine Draco,2012-05-25 Every good reference book is both a product and a reflection of its time. The Dictionary of Magic & Mystery is not just another compendium or dictionary of occultism: it is a jumping-off point for further research. Here, the reader will find the ancient and modern interpretation for magical and mystical terms, together with explanations for the differences between the varied (and often conflicting) approaches to magic.

In Spirit and in Flesh Daniel Bran Griffith,2008-12-01 This work contains the collected rituals of an independent working group based in Derbyshire. It is an example of an evolving liturgy and the contents are presented in good faith as an inspiration to others. Two rituals representing each of the eight Sabbats are presented, each taken directly from our coven archive. Unlike many books currently on offer this work does not seek to present a sanitised version of Paganism or the Craft, this work presents our *modus operandi* how it is. The contents are not offered as a form of forced instruction which the reader is expected to follow slavishly and without question. These rituals are simply a guide to show how we have done things. There are no chapters in this book dealing with theory, how to cast or how to invoke. This book is aimed at the experienced practitioner and there are many other useful works that can be used as an adjunct to this work.

Besom, Stang and Sword Christopher Orapello,Tara-Love Maguire,2018 Regional Traditional Witchcraft is an animistic form of witchcraft that moves away from the religious harvest festivals and fertility-minded practices associated with the more common Wiccan form of witchcraft. This practice teaches people to find their craft in their own backyards, in the uncultivated land, the wild unknown, and in their ancestors rather than in ancient foreign deities or in a Neo-Pagan-styled religious form of witchcraft--

Magic and Witchery in the Modern West Shai Feraro,Ethan Doyle White,2019-06-26 This book marks twenty years since the publication of Professor Ronald Hutton's *The Triumph of the Moon*, a major contribution to the historical study of Wicca. Building on and celebrating Hutton's pioneering work, the chapters in this volume explore a range of modern magical, occult, and Pagan groups active in Western nations. Each contributor is a specialist in the study of modern Paganism and occultism, although differ in their embrace of historical, anthropological, and psychological perspectives. Chapters examine not only the history of Wicca, the largest and best-known form of modern Paganism, but also modern Pagan environmentalist and anti-nuclear activism, the Pagan interpretation of fairy folklore, and the contemporary 'Traditional Witchcraft' phenomenon.

The Shaken Path Paul Cudby,2017-06-30 Despite modern Paganism being one of the fastest growing new religious movements in Britain and the USA, there is no up-to-date straightforward and informed introduction to modern Paganism from a Christian perspective. The Shaken Path addresses that gap.
