Numbered Sheet Music with Worship Songs for 8-Note Tongue Drum: Gospel Songbook Helen Winter, You have never played music before or you cannot read sheet music, but you want to play famous and inspiring hymns and spirituals. Don't worry! You will begin to play right away. We made our pictured sheet music as simple as possible. You'll play by number-coded circles. No musical staff or notes. The easy-to-play songs and melodies were adapted especially for beginners. The melodies have been transposed to one octave and simplified. Also, the number-coded notations have been added and complex notes and symbols have been reduced. Such simplification makes it possible for people to play melodies, especially those who can't read music or who have never played music before. The steel tongue drum and the handpan are percussion musical instruments designed to help you focus on your feelings, sensations, and body. You don't need classical music training or knowledge of music theory to play them. The primary purpose is relaxation, meditation, and traveling through your inner world. No previous training or skills are necessary to enjoy these fascinating instruments. For tongue drums that have numbered musical notation, numbers 1 to 7 represent the keys of the diatonic major scale. For example, a C Major scale would be: 1 = C (do), 2 = D (re), 3 = E (mi), 4 = F (fa), 5 = G (sol), 6 = A (la), 7 = B (ti / si), 8 (i) = C (do) Your drum can be numbered from 1 to 8, where 8 is note C of the next octave. We use the number 1 with a dot above the digit for this note because the most popular models of tongue drums use this enumeration. All songs in this book have been written with numbers because most modern tongue drums have numbers engraved or painted on their keys. This book is aimed at those new to music and musical instruments, whether child or adult. It allows for simple and easy learning that requires no

previous knowledge of reading music. Because most tongue drums include and are tuned to involve the notes of the main octave, all songs from this book are possible to play in one octave. You may need to skip some songs if you have less than one octave of keys on your drum. Each tongue drum is very different and it is impossible to accommodate songs for all kinds of tongue drums in one book. There are the following hymns and spirituals in this book: Amazing Grace Babylon's Falling Be Still My Soul Christ Was Born on Christmas Day Deck the Halls with Boughs of Holly Elijah Rock Every Time I Feel the Spirit God Is So Good Great Big Stars Great Day He's Got the Whole World in His Hands Holy, Holy, Holy I've Got Peace Like a River Jesus Loves Me Jingle Bells Jolly Old Saint Nicholas Joy to the World! The Lord is Come! Just As I Am Kumbaya, My Lord Michael Row the Boat Ashore O Sanctissima! Praise Him, All You Little Children Shall We Gather at the River Silent Night, Holy Night Sinner Man Soldier of the Cross Song of Praise The First Noel Twinkle, Twinkle Little Star We Are Climbing Jacob's Ladder We Are Marching (Siyahamba) We Wish You a Merry Christmas When the Saints Go Marching In Who Built the Ark?

Easy-to-Play Gospel Songbook for Kalimba: Play by Number. Sheet Music for Beginners Helen Winter, You have never played music before or cannot read sheet music, and yet you want to play inspiring hymns, famous religious folk songs, and spirituals? Don't worry! You will begin to play right away. Many spiritual sorrow songs are slow and melancholic and are ideally suitable for kalimba. We made our pictured sheet music as simple as possible. You'll play by number-coded circles. No musical staff or notes. The easy-to-play songs and melodies were adapted especially for beginners. You will be able to begin to play right away if the keys of your instrument have number notations. Most kalimbas already have them. Our sheet music is universal and suitable for 10-17 note kalimbas. Each of the modern kalimbas usually has engraved numbers and letters representing the name of the notes. The low notes are in the center of the kalimba. The notes become higher as you move away from the center. The order of the notes alternates from right to left, going outward as you move up the scale. Taking "C D E F G A B C", "C" is on the right side, and then you will find "D" on the left. The standard 17-note kalimba contains 3 octaves: 1) a full 2nd small octave, 2) a 3rd small octave, and 3) 3 notes from the 4th small octave. The 2nd small octave goes from C4 to C5 and is depicted in our sheet music as simple numbers. The notes from the 3rd small octave have numbers with one dot above each number. The 3 notes in the 4th minor octave - C6, D6, and E6 - are depicted by numbers with two dots above them. We also put one or two dots above the numbers in the sheet music if they use an octave other than the main kalimba octave. The dots will help you to begin to play immediately. Note: songs have been transposed for a diatonic range. Some melodies might be changed and simplified. Updates: We appreciate your feedback, which helped us identify and correct all of the typos. Thank you for bringing them to our attention. This book includes 46 hymns and gospel songs: Amazing Grace Babylon's Falling Christ Was Born on Christmas Day Elijah Rock Every Time I Feel the Spirit Go, Tell It on the Mountain God Is So Good Great Big Stars Great Day Holy, Holy, Holy I've Got Joy Joy I've Got Peace Like a River Jesus

Learning with Children'S Melodies/Aprende Con Melodías Infantiles Yvette T. Barrett, 2015-04-07 The focus of

Learning with Childrens Melodies/Aprende con Melodías Infantiles is to recognize the need to transition children of Hispanic heritage into an English-speaking school system by building a classroom culture that not only recognizes the bilingual reality of its students but uses the language difference of the students as a vehicle to create linguistic empowerment. Each of the lessons is based on childrens songs from various ethnic cultures that make up the United States of America, including Latin American traditional songs. Literacy is accomplished more rapidly if reading materials have cultural relevance. If the protagonists of a story are Hispanic, the Hispanic students will be more attentive to the lesson. In the first lesson song, Los Pollitos (the little chicks), there are personifications of children with attributes of all children. The embodiment of childlike personality traits into the little chicks catches the interest of students that are English-speaking and Spanish-speaking. Repetition of vocabulary learned in the morning circle and in the other learning centers throughout the day will increase retention. Happy learning to you and your class!

The standard 17-note kalimba contains 3 octaves: 1) a full 2nd small octave, 2) a 3rd small octave, and 3) 3 notes from the 4th small octave. The 2nd small octave goes from C4 to C5 and is depicted in our sheet music as simple numbers. The notes from the 3rd small octave have numbers with one dot above each number. The three notes C6, D6, and E6 in the 4th octave are indicated by numbers with two dots above them. The numbers and dots will help you to begin to play immediately. Follow the numbers and enjoy the music! Note: Some melodies have been changed and simplified for a diatonic range. Christmas songs are a unique music genre traditionally associated with the celebration of Christmas. They can be divided into several categories, including carols, hymns, and secular songs. Carols are songs that are typically religious in nature and tell the story of the birth of Jesus Christ. Hymns are sacred songs that are sung in churches during Christmas services are often more contemplative in nature. Secular Christmas songs are those that are not specifically religious in nature but are still associated with the holiday season. Regardless of the specific type, Christmas songs are an important part of the holiday season for many people and are often enjoyed by families and friends as they come together to celebrate the occasion. This book includes 43 Christmas and gospel songs: Away in a Manger Christ Was Born on Christmas Day Deck the Halls Go, Tell It on the Mountain Jingle Bells Jolly Old Saint Nicholas Joy to the World! Keyboard for Adult Beginners. Traditional Native American Songs Helen Winter, The most difficult thing about playing Native American songs is their irregular rhythms. It might change several times during a song because rhythm is generally more important than melody. Songs for American tribes are traditionally a method of communicating with their ancestors and supernatural powers. Music is used to help grow a harvest, bring rain, bring victory in battle or cure the sick. Music is seldom performed for its own sake and as a rule, the tribes tried to repeat sounds that were heard in nature (whispering winds, rain sounds, etc). That is why the rhythm prevailed and words were not so important. Some songs such as ceremonial or medicinal ones often were inspired by dreams. Here you can find traditional songs, handed down from generation to generation These traditional American folk songs are possible to play on the piano, Melodica, glockenspiel, xylophone, or synthesizer keyboard, but remember that traditional American music never involved or included a piano or other keyboard instrument. We added a QR code to each song. Follow the link and listen to the rhythm before beginning to
