Acknowledging the Divine Benefactor Terrance Callan,2015-03-26 'Acknowledging the Divine Benefactor' is a socio-rhetorical interpretation of the Second Letter of Peter. Using multiple interpretive perspectives and emphasising the pictorial dimensions of 2 Peter, Terrance Callan shows that the letter makes the following argument: since Jesus Christ has given his followers benefits, including the promise of sharing in divine nature, they need to make a proper return for these benefits by living virtuously; and this in turn will enable them to receive the fulfilment of the promise. The occasion of the letter is that Peter's death is near. He writes so the addressees can remember his teaching after his death. The author expounds this teaching because some people do not await the future fulfilment of Christ's promises and so do not emphasise the need for virtuous living.

An Inquiry: Are the wicked immortal? In six sermons, etc George Storrs,1848

The Reckoning Alma Katsu,2013-03-26 Follows the experiences of immortal woman Lanny, whose obsessive desires compel her to risk everything and influence the destinies of Luke, Adair, and Jonathan.

A Resurrection to Immortality William West,2011 Life is the most important possession we have. Without it, there is nothing. Only by the resurrection at the second coming of Christ will anyone have life after death. After the resurrection, the fate of those who are in Christ: [1] Eternal life [Romans 6:23] [2] Shall inherit eternal life [Matthew 19:29] [3] After the judgment they shall go away into eternal life [Matthew 25:46] [4] Will have eternal life [John 3:5] [5] Christ will raise them up on the last day [John 6:40] [6] Will be immortal after the resurrection [1 Corinthians 15:51-56] [7] Will have incorruption [1 Corinthians 15:42] [8] Will have glory [1 Corinthians 15:43] [9] Will be like Christ We shall be like him; for we shall see him even as he is [1 John 3:2] [10] Are heirs according to the hope of eternal life [Titus 3:7] [11] Will have a spiritual body [1 Corinthians 15:44] [12] And as we have borne the image of the earthly (The earthly flesh and blood body of Adam was made to live on this earth but it cannot inherit the kingdom of God 1 Corinthians 15:50), we shall also bear the image of the heavenly (Shall be like the spiritual body of Christ for life in Heaven) [1 Corinthians 15:47-56] [13] Will never perish [John 10:28] [14] Forever with the Lord [1 Thessalonians 4:17] [15] Many mansions in my father's house: In my Father's house (Who is in Heaven, Matthew 5:16; 5:45; 5:48; 6:1; 6:9; 7:21; 10:32-33) are many mansions...I go to prepare a place for you.

The Fall of Lucifer Carole Cummings,2024-06-10 Before the earth existed, Lucifer was created by God as a perfect and

beautiful cherub. His four faces represent the image of the man, the lion, the eagle, and the ox. His two sets of wings and outer garment or covering of brightly shimmering gems and even gold was glorious. With these magnificent attributes and perfection, God the Father elevated Lucifer to a position of power. After becoming prideful and obsessed with himself, Lucifer sinned and attacked heaven with his army of angels. Jesus described the scene, saying, "I saw Satan fall like lightning from heaven" (Luke 10:18). Satan took his angels and cherubim with him (Revelation 12:4). How could sin change this favored cherub into what is described as an evil dragon or serpent? His sin, as in all sins, separated him from God! Without God, doing what is right is impossible. Satan's idea of "right" no longer coincided with God's point of view. For example, Satan was now able to lie. God will never lie (Numbers 23:19). There is much written about Satan, his fallen angels, the fallen angels' offspring, and the demonic forces he controls. With scripture as our anchor, we will explore Apocryphal books, legends across the globe, and archeological records to confirm what the Bible says about Satan. Even the unspoken record found in the names of stars. The zodiac and decan constellations, have much to reveal about this enemy of God and man. Find out what Satan does not want you to know!

Dirt, Greed and Sex William Countryman, 2013-01-25 Conducting a thorough examination of sexual ethics in the New Testament, this work argues that the New Testament writers did not construct a new sexual ethic from the ground up, but took over existing cultural patterns and refocused them, pushing some elements from the centre to the periphery. This suggests a pattern of ethics for contemporary life. Discussing biblical notions of purity and property, which dominate ethical ideas in the New Testament, the author characterizes sex as one of the rich blessings of creation, to be received with delight and thanksgiving. Countryman's generous and eirenic views on sexual matters, based as they are on solid biblical research, are a welcome intervention in an area which unfortunately, in Christian circles, tends still to be dominated by conservatism and misinformation, rather than by liberal principle.

Life in Christ William Robert West, 2015-09-29 What do you believe about souls? There are many very different doctrines taught in the world today concerning souls that are believed to be in all humans. By most a soul is believed to be something that is wholly apart from the person a soul is in; that a soul is something that is that is believed to be complete in its self without the person; it will live after the person it is in is dead; it is believed that a soul will exist forever without the person; it will never be dead; therefore, a soul cannot be resurrected from the dead. It is believed that a soul must live someplace forever, and it will live either in Heaven or Hell even if there is no resurrection. The doctrine of unconditional immortality of a deathless soul being in a person, and that soul leaving that person at the death of the person makes it impossible for Christ to have give His life to save that soul from death; if a soul had immortality it would already have life and could never not have life; all Christ could do is give it a reward or punish it.

Of All The Things I've Lost Ivan Pasztor, 2013-03-24 My name is Oid. I am an old and ailing Physicist, and Psychiatrist,

who finds himself 72 years in the future. In this new perfect world, in which everyone is young, perfect, and beautiful, I am befriended, at the Tesla Monument at Niagara Falls, by a beautiful young blonde woman who claims she is a Nun from 72 years still further in the future. Her name is Gabriella Vedette, but I call her Gabby. She likes to go to casinos and she likes to shop. She likes hockey and football. She likes to match wits with all of the Cyborgs, Replicants, Simulacra, and Artificial Intelligences that now manage the world. She lives simply in a deserted convent, and practices a form of self-flagellation with extremely high doses of electricity to prepare herself for what she calls the day of reckoning. She says she likes me because I am so wonderfully imperfect. And, I almost forgot, she likes to blow things up. She says she was sent from the future to make certain corrections.

The Angry Eye of God Rodney A Henderson, 2018-03-30 Could a Born-again Christian with the Bible, be a match for today's top secular Scientists, trained in General Relativity and Quantum Physics laws? Especially when it comes to answering the most far reaching and important question of all times: Does The Eternal God of the Bible exist? The answer is a resounding - Yes! Now the leading scientific authorities of today refer to Him, merely as an intelligent designer- most denying, either, His existence or His relevance. But God has His witnesses - mainly the Bible and those who believe in it and in Him (actually all of creation). At the core of this book is one of today's most incredible scientific discoveries: The Black Hole. There is nothing like it in this universe. Scientists are awed by its power and baffled by its mysteries. They've learned so much about it but we've discovered something even more revealing. This is that the Bible speaks of the Black Hole, long before it was even imagined by scientists. The Lake of Fire (also known as Outer Darkness) is what it is called in the Bible. I believe there is ample scientific evidence to back up the claim that these two entities are one and the same - although it's doubtful that the researchers intended such evidence to prove what is clearly an antithesis to them. The esteemed astrophysicist, Stephen Hawking, once said that black holes are not the eternal prisons as once thought. It is ironic that, as it turns out, the exact opposite is true. Some Black Holes are actually created by the Eternal God of the Bible as an Eternal Prison. This revelation should shock us awake in a manner that is, at once, horribly chilling and glorious divine. Imagine; what could be worse than entering a black hole and being destroyed? How about the actual certainty of being thrown onto one someday and not being destroyed but instead, being tormented alive inside - forever. Better to bow now before a loving Savior than to be under the fearsome gaze of The Angry Eye of GOD at His Great White Throne Judgement. Kiss the Son, lest he be angry and you perish from the way when his wrath is kindled but a little. Blessed are all they put their trust in Him.- Psalms 2:12

Crowned with Immortal Glory Matthew Hutton Hartline, 2024-03-13 The doctrine of glorification is a biblical teaching

that has been neglected within the Protestant church and, therefore, underdeveloped in our day. For whatever reason that may be, glorification is a doctrine that will affect every aspect of one's overarching theology, especially the doctrine of soteriology. What one ultimately believes about the future will significantly impact their present. This book shows that this neglect or lack of development has not always been the case within the church, especially within Reformed Protestantism. Looking at one of the most influential second-generation reformers and theologians of the English Reformation, William Perkins (1558–1602), it becomes evident that embedded within the Reformed Scholastic tradition lays a robust development and understanding of the doctrine of glorification. Perkins formulated and wrote a great deal on the final state of the believer in Christ, what his rewards are in Christ, and, ultimately, his complete and final transformation and conformity into his image. This book is a historical and systematic treatment of William Perkins's celebrated hope, eschatological glory.

The Descent of the Imagination Kevin Z. Moore,1990-06-01 The Descent of the Imagination places Thomas Hardy's writing within the context of nineteenth-century fiction writing as a genre. Moore therefore regards his examination of Hardy's work as a form of archaeology as well as a genealogy of the romantic figure in fiction, from Wordsworth through Hardy. The book provides a new interpretation of Hardy's method of composition and uses new source material that will interest Hardy scholars. It offers an original view of the novelist that argues that his work, especially his later writings, were a deliberate rewriting of romanticism.
