The 2011 Guide to Free Or Nearly-Free E-Books ,2011 One of the problems which face all librarians adding e-books to their collections is that of bibliographic control: there is no legal deposit for e-books and consequently there is no single place from which new titles can be found. If this is true of commercially published e-books, it is most certainly also true of free e-books... and there are many thousands of free e-books available over the Internet, many of which are of a quality such that librarians might wish to have them in their collections. The 2011 Guide to Free or Nearly-Free e-Books is offered as a tool for librarians and others involved in book selection (e.g. teachers in schools) in all sectors - school, further and higher education, public and special libraries - to facilitate easy access to free e-books and e-book collections which can enhance their digital library.

They wouldn't be given the chance to do so again. Tura doesn't want to be here, even though she knows it's a well-controlled, relatively safely run small city. And she most definitely doesn't want to be paired off with some giant who thinks he has a claim on her - no matter what her lady parts want her to do. She almost succeeded in taking him out like she had the others, but instead, he will just wear the scar

she's given him for the rest of his life. A life he absolutely intends to spend taming her to the very hand she's bitten.
