

Happy Birthday Big Band

Janie Harris,Bob Evancho

Big Bands and Great Ballrooms Jack Behrens,2006 Where did big bands and swing music go? They didn't leave. . . but many Americans actually believe they disappeared along with ballrooms, jukeboxes, bobby sox and zoot suits decades ago. Band leader Brooks Tegner, who has recreated the great music of World War II with his Army Air Corps Review Big Band, offers a good response. In order for something to come back, it needs to have gone away. Big bands have wrongly been put in that category. They never went away. And that's the essence of the chapters of my book about America's big bands, ballrooms and dancing's past and present. And there's a good look at the future through the eyes of a number of young bandleaders from the east to west coast who carry on in the tradition of Guy Lombardo, Glenn Miller, Harry James, Woody Herman, Duke Ellington and a host of other music legends in their own distinctive way. The struggle to survive in the music business hasn't been without losses and a need for life support. It did when Miller, Benny Goodman, James and Ellington were in their heyday. It's a financially precarious business regardless of your talent. Inevitably, music and dancing evolved and matured. The reasons are numerous and linked to our heritage. But like marching bands on the 4th of July, imagine a country club new year's eve without live dance music and a big band. Think about the many community social events and high school and college proms let alone wedding receptions that still insist on having live bands to play the foxtrots and swing numbers people enjoy. My research shows that while there were approximately 800 big bands on the road during the swing era of the 1940s, today there are nearly 1,300 big bands, according to a Google search and a review of hundreds of territory bands. Consequently, neither the bands nor the music vanished. . . they scattered throughout the American countryside.

Toshiko Akiyoshi-Lew Tabackin Big Band's Kogun E. Taylor Atkins,2024-10-17 A study of the 1974 album Kogun by the Toshiko Akiyoshi-Lew Tabackin Big Band, this book assesses not just its importance in jazz history but also its part in public remembrance of World War II in Japan. In 1974 a Japanese soldier emerged from the Philippine jungle where he had hidden for three decades, unconvinced that World War II had ended. Later that year, the Toshiko Akiyoshi-Lew Tabackin Big Band released its first album, Kogun ("solitary soldier"), the title track of which adopted music from medieval Japanese no theater for the first time in a jazz context as aural commemoration of his experience. At a time when big band jazz was mostly a vehicle for nostalgia and no longer regarded as a vital art, the album was heralded as a revelation. Kogun elevated

Akiyoshi's reputation as a brilliant composer/arranger and earned Tabackin acclaim as a compelling, versatile improviser on tenor saxophone and flute.

Jeru's Journey Sanford Josephson, 2015-09-01 (Book). In a career that spanned more than 50 years, Gerry Mulligan was revered and recognized as a groundbreaking composer, arranger, bandleader, and baritone saxophonist. His legacy comes to life in this biography, which chronicles his immense contributions to American music, far beyond the world of jazz. Mulligan's own observations are drawn from his oral autobiography, recorded in 1995. These are intermingled with comments and recollections from those who knew him, played with him, or were influenced by him, as well as from the author, who interviewed him in 1981. *Jeru's Journey The Life & Music of Gerry Mulligan* vividly recounts all the major milestones and complications in Mulligan's extraordinary life and career, ranging from his early days of arranging for big bands in the 1940s to his chance 1974 meeting with Countess Franca Rota, who would have a major impact on the last two decades of his life. In between were his battles with drugs; his significant contributions to the historic 1949 Birth of the Cool recording; the introduction of an enormously popular piano-less quartet in the early 1950s; the creation of his innovative concert jazz band in the early '60s; his collaboration personal and professional with actress Judy Holliday; his breakthrough into classical music; and his love of and respect for the American Songbook.

The Evolution of Chinese Popular Music Ya-Hui Cheng, 2023-04-14 Ya-Hui Cheng examines the emergence of popular music genres – jazz, rock, and hip-hop – in Chinese society, covering the social underpinnings that shaped the development of popular music in China and Taiwan, from imperialism to westernization and from modernization to globalization. The political sensitivities across the strait have long eclipsed the discussion of these shared sonic intimacies. It was not until the rise of the digital age, when entertainment programs from China and Taiwan reached social media on a global scale, that audiences realized the existence of this sonic reciprocation. Analyzing Chinese pentatonicism and popular songs published from 1927 to the present, this book discusses structural elements in Chinese popular music to show how they aligned closely with Chinese folk traditions. While the influences from Western genres are inevitable under the phenomenon of globalization, Chinese songwriters utilized these Western inspirations to modernize their musical traditions. It is a sensitivity for exhibiting cultural identities that enabled popular music to present a unique Chinese global image while transcending political discord and unifying mass cultures across the strait.

I Thought You'd Never Ask Steve Spracklen, "Ragtime Bob" Darch, 2020-04-05 These are the recollections of Ragtime Bob Darch (1920-2002) told in his own words and transcribed by his longtime friend Steve Spracklen. Bob begins by recalling his life from childhood in Detroit through his college years and then service in World War II as an army paratrooper and in the Korean conflict as an Alaskan post engineer. Then he recounts his nearly six decades as an itinerant ragtime piano player sharing stories as only Bob could tell them of the many celebrities with whom he worked and the countless tales of his experiences on the Ragtime Trail. Bob entertained his audiences with music and stories of ragtime, past and present. He was not encumbered by facts...he had a story to tell. Bob died in 2002 at the age of 82 and he is buried in Sedalia, Missouri where he often said his style of classic ragtime music began. March 31, 2020 marked the centennial of his birth and like he said of ragtime, Bob's legacy isn't dead, it isn't even sick.

This is the story. This is not the cure.

From Birdland to Broadway Bill Crow, 1993 In the 1950s, New York City's Birdland was the center of the world of modern jazz--and a revelation to Bill Crow, a wet-behind-the-ears twenty-two-year-old from Washington State. Located on Broadway between 52nd and 53rd streets, the club named for the incomparable Charlie Bird Parker boasted lifesize photo murals of modern jazzmen like Dizzy Gillespie, Lennie Tristano, and, of course, Bird himself, looming large against jet black

walls. Exotic live birds perched in cages behind the bar. The midget master of ceremonies, 3'9" Pee Wee Marquette, dressed in a zoot suit and loud tie, smoked huge cigars and screeched mispronounced introductions into the microphone. And the jazz-struck young Crow would park in the bleachers till 4 am, blissfully enveloped by the heady music of Bird, Bud Powell, Max Roach, and a host of other jazz giants. From Birdland to Broadway is an enthralling insider's account of four decades of a life in jazz. Bill Crow, journeyman bass player, superb storyteller, and author of the successful *Jazz Anecdotes*, here narrates many moving and delightful tales of the pioneers of modern jazz he played with and was befriended by. We find Dizzy Gillespie, with whom Crow, because of prior commitments, regretfully declined steady work, dancing at the Royal Roost, Stan Getz sadly teetering on the brink of losing himself to drugs, and Harry Belafonte (known then as the Cinderella Gentleman) running a lunch counter in New York's Sheridan Square between music dates. And we also witness many of the highlights of Crow's career, such as in 1955 when the Marian McPartland Trio (with Crow on bass) was named Small Group of the Year by *Metronome*; Crow playing with the Gerry Mulligan Quartet at venues like Storyville in Boston and Harlem's Apollo Theater (where they appeared with Dinah Washington); and the tour of the Soviet Union with Benny Goodman, a journey that might have been a high point of Crow's travels abroad but was marred by Goodman's legendary mistreatment of his band. Moving beyond jazz clubs to the Broadway concert pit and a variety of studio gigs in the '60s, Crow encounters actors such as Yul Brynner and pop-rock acts like Simon and Garfunkel. From the great to the near-great, from Billie Holiday to Judy Holliday, Bill Crow's wealth of personal anecdotes takes the reader from Birdland, to the Half Note, to the Playboy Club, to the footlights of Broadway. This revealing book is a marvelous portrait of the jazz world, told by someone who's been there.

Public Art in Chicago Chicago Tribune Staff, 2013-02-19 Public Art in Chicago collects writings published in the Chicago Tribune about more than 40 of Chicago's most famous and memorable installations of public art: sculptures, statues, fountains, mosaics, murals, and more. Journeys to the Bandstand Chris Wong,2024-01-19 What I didn't know [when starting to research and write this book]: I would become full-on, hopelessly obsessed with finding out every arcane detail about the artists gathered in these pages, whether they are living or long gone. Those myriad facts are puzzle pieces that—even though some pieces are missing—form portraits of extraordinary people with a hunger for jazz and other creative artforms, a determination to overcome struggles, and a deep joy for creating profound expression. —Chris Wong, from the Preface and Introduction to Journeys to the Bandstand. Journeys to the Bandstand: Thirty Jazz Lives in Vancouver chronicles the creative lives and musical journeys of thirty extraordinary artists who have helped shape the jazz scene in the west coast Canadian city, and further afield. Each chapter focuses on one remarkable artist, or a small group of impactful musicians, mostly based in Vancouver (Al Neil, Dave

Quarin, Brad Turner, Cory Weeds, Jodi Proznick, Natasha D'Agostino, and others). The book also highlights some American musicians (Ornette Coleman, Charles Mingus, Dr. Lonnie Smith, George Coleman, and others) who have made an indelible impression on the city's jazz community. Weaving a first-person perspective—through the author's experiences hearing the musicians perform and documenting oral history from in-depth interviews—with extensive written and audio-visual history gathered from articles, letters, recordings, films, and more, *Journeys to the Bandstand* is a compelling collection of long-form portraits. The unique life stories of each subject include challenges—addictions, anxiety and self-doubt, racism, abuse, and other hard realities—and triumphs when they succeeded in making expressive and memorable music. Each individual path forms a complex and fascinating passage—the journey to the bandstand.
