Seanán McGuire

A Red-Rose Chain Seanán McGuire, 2015-09-01 New York Times-bestselling October Daye series • Hugo Award-winning author Seanán McGuire • Top of my urban-paranormal series list! —Felicia Day Things are looking up. For the first time in what feels like years, October Toby Daye has been able to pause long enough to take a breath and look at her life -- and she likes what she sees. She has friends. She has allies. She has a squire to train and a King of Cats to love, and maybe, just maybe, she can let her guard down for a change. Or not. When Queen Windermere's seneschal is elf-shot and thrown into an enchanted sleep by agents from the neighboring Kingdom of Silences, Toby finds herself in a role she never expected to play: that of a diplomat. She must travel to Portland, Oregon, to convince King Rhys of Silences not to go to war against the Mists. But nothing is that simple, and what October finds in Silences is worse than she would ever have imagined. How far will Toby go when lives are on the line, and when allies both old and new are threatened by a force she had never expected to face again? How much is October willing to give up, and how much is she willing to change? In Faerie, what's past is never really gone. It's just waiting for an opportunity to pounce.

Rosemary and Rue Seanán McGuire, 2009-09-01 Celebrating ten years of the Hugo-nominated and New York Times-bestselling October Daye urban fantasy series comes a new anniversary edition of the book that started it all, with a new bonus novella. The world of Faerie never disappeared; it merely went into hiding, continuing to exist parallel to our own. Secrecy is the key to Faerie's survival—but no secret can be kept forever, and when the fae and mortal worlds collide, changelings are born. Outsiders from birth, these half-human, half-fae children spend their lives fighting for the respect of their immortal relations. Or, in the case of October Toby Daye, rejecting it completely. After getting burned by both sides of her heritage, Toby has denied the fae world, retreating into a “normal” life. Unfortunately for her, Faerie has other ideas... The murder of Countess Evening Winterrose, one of the secret regents of the San Francisco Bay Area, pulls Toby back into the fae world. Unable to resist Evening's dying curse, Toby must resume her former position as knight errant to the Duke of Shadowed Hills and begin renewing old alliances that may prove her only hope of solving the mystery...before the curse catches up with her. This edition features an all-new October Daye novella, *Strangers in Court*. Toby knew what she was doing when she threw her lot in with Devin, but when the time comes to get out, she has a little less of a clue. In order to win her freedom, she must do something to impress the local nobility—and the collapse of the Queen's knowe would seem to be

exactly the opportunity she's been waiting for to prove herself! Set well before the events of *Rosemary and Rue*, this is a rare look at Toby's past as a changeling street rat, before she discovered her destiny as a Hero of the Realm.

Lily, Lady of the Tea Gardens, has been struck down by a mysterious, seemingly impossible illness, leaving her fiefdom undefended. Struggling to find a way to save Lily and her subjects, Toby must confront her own past as an enemy she thought was gone forever raises her head once more: Oleander de Merelands, one of the two people responsible for her

fourteen-year exile. Time is growing short and the stakes are getting higher, for the Queen of the Mists has her own agenda. With everything on the line, Toby will have to take the ultimate risk to save herself and the people she loves most—because if she can't find the missing pieces of the puzzle in time, Toby will be forced to make the one choice she never thought she'd have to face again...

The Winter Long Seanan McGuire, 2014-09-02 Toby thought she understood her own past; she thought she knew the score. She was wrong. It's time to learn the truth.

Imaginary Numbers Seanan McGuire, 2020-02-25 Includes an InCryptid novella: Follow the lady (pages 367-431).

Calculated Risks Seanan McGuire, 2021-02-23 The tenth book in the fast-paced InCryptid urban fantasy series returns to the mishaps of the Price family, eccentric cryptozoologists who safeguard the world of magical creatures living in secret among humans. Just when Sarah Zellaby, adopted Price cousin and telepathic ambush predator, thought that things couldn't get worse, she's had to go and prove herself wrong. After being kidnapped and manipulated by her birth family, she has undergone a transformation called an instar, reaching back to her Apocritic origins to metamorphize. While externally the same, she is internally much more powerful, and much more difficult to control. Even by herself. After years of denial, the fact that she will always be a cuckoo has become impossible to deny. Now stranded in another dimension with a handful of allies who seem to have no idea who she is—including her cousin Annie and her maybe-boyfriend Artie, both of whom have forgotten their relationship—and a bunch of cuckoos with good reason to want her dead, Sarah must figure out not only how to contend with her situation, but with the new realities of her future. What is she now? Who is she now? Is that person someone she can live with? And when all is said and done, will she be able to get the people she loves, whether or not they've forgotten her, safely home?

That Ain't Witchcraft Seanan McGuire, 2019-03-05 Now a Hugo-nominated series! The eighth book in the funny and fast-paced InCryptid urban fantasy series returns to the mishaps of the Price family, eccentric cryptozoologists who safeguard the world of magical creatures living in secret among humans. Crossroads, noun: 1. A place where two roads cross. 2. A place where bargains can be made. 3. See also “places to avoid.” Antimony Price has never done well without a support system. As the youngest of her generation, she has always been able to depend on her parents, siblings, and cousins to help her out when she's in a pinch—until now. After fleeing from the Covenant of St. George, she's found herself in debt to the crossroads and running for her life. No family. No mice. No way out. Lucky for her, she's always been resourceful, and she's been gathering allies as she travels: Sam, fūri trapeze artist turned boyfriend; Cylia, jink roller derby captain and designated driver; Fern, sylph friend, confidant, and maker of breakfasts; even Mary, ghost babysitter to the Price family. Annie's actually starting to feel like they might be able to figure things out—which is probably why things start going wrong again. New Gravesend, Maine is a nice place to raise a family...or make a binding contract with the crossroads. For James Smith,

whose best friend disappeared when she tried to do precisely that, it's also an excellent place to plot revenge. Now the crossroads want him dead and they want Annie to do the dirty deed. She owes them, after all. And that's before Leonard Cunningham, aka, "the next leader of the Covenant," shows up... It's going to take everything Annie has and a little bit more to get out of this one. If she succeeds, she gets to go home. If she fails, she becomes one more cautionary tale about the dangers of bargaining with the crossroads. But no pressure.

Magic For Nothing Seanan McGuire, 2017-03-07 The sixth book in New York Times-bestselling Seanan McGuire's witty urban fantasy InCryptid series about a family of cryptozoologists who act as a buffer between humans and the magical creatures living in secret around us. The only thing more fun than an October Daye book is an InCryptid book. —Charlaine Harris, #1 New York Times-bestselling author of Sookie Stackhouse series Improbable, adjective: 1. Not very likely to happen; not probable. 2. Probably not a very good idea anyway. 3. See also "bad plan." As the youngest of the three Price children, Antimony is used to people not expecting much from her. She's been happy playing roller derby and hanging out with her cousins, leaving the globe-trotting to her older siblings while she stays at home and tries to decide what she wants to do with her life. She always knew that one day, things would have to change. She didn't think they'd change so fast. Annie's expectations keep getting shattered. She didn't expect Verity to declare war on the Covenant of St. George on live television. She didn't expect the Covenant to take her sister's threat seriously. And she definitely didn't expect to be packed off to London to infiltrate the Covenant from the inside...but as the only Price in her generation without a strong resemblance to the rest of the family, she's the perfect choice to play spy. They need to know what's coming. Their lives may depend on it. But Annie has some secrets of her own, like the fact that she's started setting things on fire when she touches them, and has no idea how to control it. Now she's headed halfway around the world, into the den of the enemy, where blowing her cover could get her killed. She's pretty sure things can't get much worse. Antimony Price is about to learn just how wrong it's possible for one cryptozoologist to be.

Tricks for Free Seanan McGuire, 2018-03-06 InCryptid urban fantasy series returns to the mishaps of the Price family, eccentric cryptozoologists who safeguard the world of magical creatures living in secret among humans.

Aftermarket Afterlife Seanan McGuire, 2024-03-05 Two-time finalist for the Hugo Award for Best Series Kind of like taking a tour through a very deadly theme park made up of alternating parts awesome and terrifying. —Reactor Seanan McGuire's New York Times-bestselling and Hugo Award-nominated urban fantasy InCryptid series continues with the thirteenth book following the Price family, cryptozoologists who study and protect the creatures living in secret all around us Mary Dunlavy didn't intend to become a professional babysitter. Of course, she didn't intend to die, either, or to become a crossroads ghost. As a babysitting ghost, she's been caring for the Price family for four generations, and she's planning to keep doing the job for the better part of forever. With her first charge finally back from her decades-long cross-dimensional

field trip, with a long-lost husband and adopted daughter in tow, it's time for Mary to oversee the world's most chaotic family reunion. And that's before the Covenant of St. George launches a full scale strike against the cryptids of Manhattan, followed quickly by an attack on the Campbell Family Carnival. It's going to take every advantage and every ally they have for the Prices to survive what's coming—and for Mary, to avoid finding out the answer to a question she's never wanted to know: what happens to a babysitting ghost if she loses the people she's promised to protect?

Backpacking through Bedlam Seanan McGuire, 2023-03-07 Seanan McGuire's New York Times-bestselling and Hugo Award-nominated urban fantasy InCryptid series continues with the twelfth book following the Price family, cryptozoologists who study and protect the creatures living in secret all around us. Reunion, noun: 1. The state of being united again. Reconciliation, noun: 1. An act of reconciling, as when former enemies agree to an amiable truce. 2. The process of making consistent or compatible. 3. See also “impossible.” Alice Price-Healy gave up her life for fifty years to focus completely on the search for her missing husband. The danger of focus like that is that it leaves little room for thinking about what happens after...and now that she's finally managed to find Thomas, she has no idea what she's supposed to do next. The fact that he comes with a surrogate daughter who may or may not have some connection to Alice's recently adopted grandson is just icing on the complicated cake. So the three of them are heading for the most complicated place in the universe: they're going home. But things on Earth have changed while Alice, Thomas, and Sally have been away. The Covenant of St. George, antagonized by Verity's declaration of war and Sarah's temporary relocation of an entire college campus, is trying to retake North America from the cryptids and cryptozoologists who've been keeping the peace for the past hundred years. And they're starting in New York. Alice and company have barely been back for an hour before the Ocean Lady and the Queen of the Routewitches are sending them to New York to help, and they find themselves embroiled in the politics of dragons, kidnappings, and of course, the most dangerous people of all: family. Getting “back to normal” may be the hardest task Alice has undertaken yet.

Rosemary and Rue Seanan McGuire, 2019 Half-fae Toby retreats to the human world after being rejected by her Faerie family, but finds her anonymity compromised by the murder of an important countess who binds her to investigate, forcing Toby to resume her fae position.

Sleep No More Seanan McGuire, 2023-09-05 The 17th novel of the Hugo-nominated, New York Times bestselling October Daye urban fantasy series. October is very happy with her life as the second daughter of her pureblood parents, Amandine and Simon Torquill. Born to be the changeling handmaid to her beloved sister August, she spends her days working in her family's tower, serving as August's companion, and waiting for the day when her sister sets up a household of her own. Everything is right in October's Faerie. Everything is perfect. Everything is a lie. October has been pulled from her own reality and thrown into a twisted reinterpretation of Faerie where nothing is as it should be and everything has been distorted to support Titania's ideals. Bound by the Summer Queen's magic and thrust into a world turned upside down, October has no way of knowing who she can trust, where she can turn, or even who she really is. As strangers who claim to know her begin to appear and the edges of Titania's paradise begin to unravel, Toby will have to decide whether she can risk everything she knows based on only their stories of another world. But first she'll have to survive this one, as Titania demonstrates why she needed to be banished in the first place—and this time, much more than Toby's own life is at stake.

Now Toby must find Chelsea before time runs out, racing against an unknown deadline and through unknown worlds as she and her allies try to avert disaster. Toby thought the last year was bad.
