Judith Lewis Herman

Understanding Domestic Violence Rafael Art. Javier, William G. Herron, 2018-08-10 Understanding Domestic Violence not only highlights and reexamines the different challenges that we continue to face in effectively addressing issues of domestic violence but provides innovated approaches to interventions that are more in keeping with the complex nature of domestic violence. This book provides a comprehensive and multifaceted examination of conditions and factors involved in domestic violence, including psychological, sociocultural, sociopolitical, and socioeconomic issues. The authors look at domestic violence through the trauma lens and intersectionality to develop intervention strategies within that context. Statistics and clinical examples from the field highlight unique culturally-based issues related to domestic violence among Latino, African American, and Arab Muslim communities, issues with woman perpetrators, and violence in the LGBTQ community, to name a few. In the end, Understanding Domestic Violence offers opportunities for the reader to engage in further discussion of the poignant issues discussed in the book, with the invitation to become part of the solution.

Truth and Repair Judith Lewis Herman, 2023-03-14 From one of America's most influential psychiatrists, an "extraordinary" and "profound" (New York Times) manifesto for reimagining justice for survivors of sexual trauma The #MeToo movement brought worldwide attention to sexual violence, but while the media focused on the fates of a few notorious predators who were put on trial, we heard far less about the outcomes of those trials for the survivors of their abuse. The conventional retributive process fails to serve most survivors; it was never designed for them. Renowned trauma expert Judith L. Herman argues that the first step toward a better form of justice is simply to ask survivors what would make things as right as possible for them. In Truth and Repair, she commits the radical act of listening to survivors. Recounting their stories, she offers an alternative vision of justice as healing for survivors and their communities. Deeply researched and compassionately told, Truth and Repair envisions a new path to justice for all.

Restorative Justice for Domestic Violence Victims Marilyn Fernandez, 2010-06-02 Restorative Justice for Domestic Violence Victims uses a rich and detailed set of interviews and complementary survey data to make a strong case for introducing restorative justice principles into the existing menu of services for victims of domestic violence. Guided primarily by concerns of victim safety, domestic violence theorists and practitioners have been wary of introducing restorative justice principled programs in the domestic violence arena. While remaining cognizant of safety concerns, Marilyn Fernandez weaves together the theories, concepts, and research in the restorative justice and domestic violence traditions and uses the voices of domestic violence victims to make a case for restorative justice programs. In the process, Fernandez helps readers, academicians, students, and practitioners, understand the complex nature of domestic violence and the lives of its victims.

The Language of Battered Women Carol L. Winkelmann, 2012-02-01 Winner of the 2005 Outstanding Book Award presented by the Organization for the Study of Communication, Language, and Gender (OSCLG) This study of battered women living in a shelter offers a rhetorical analysis of survivors' personal theologies. Author Carol L. Winkelmann holds that while it is virtually ignored in the domestic violence literature, the Christian heritage of many battered women plays a significant, if complicated, role in their language, thoughts, and lives. The women's religious faith serves not only to sustain them through periods of profound suffering, but also to develop solidarity with other culturally-different women in the shelter. Designed to assist women to greater independence, the shelter actually functions as a culture of surveillance where women turn to one another and to their faith to cope with the trauma of violence. To heal, the women engage in dialogue that is dense in religious imagery, talking about the relationship of God and the church to suffering and evil. At the same time, these women also acknowledge that organized religion is very much involved in the maintenance of patriarchal marriage and its attendant abuses in their own lives. Together, battered women are sometimes able to construct creative theological responses to the problem of suffering and evil. A mix of religious and secular languages compels them to devise new ways of thinking about their role in family, church, and society.

Building Financial Empowerment for Survivors of Domestic Violence Judy L. Postmus,Amanda M. Enhancing Resilience in Survivors of Family Violence Kim Anderson,2009-10-26 This bookÖwill help change the paradigm that has gripped the mental health professions for so long and will be a positive boost for those who know there must be a better and more affirmative way to do this important work. -Dennis Saleebey, DSW Professor Emeritus School of Social Welfare, University of Kansas In this book, Kim Anderson demonstrates the extent to which individuals with histories of family violence can have self-correcting tendencies that promote their positive adaptation in overcoming trauma. These strengths, which often go unrecognized or underappreciated, can be used for healing. This book assists mental health practitioners in identifying, supporting, and validating the resilient capacities of their clients. Anderson provides new

conceptual frameworks and clinical strategies for integrating resilience-oriented and strengths-based treatment with survivors of family violence. The book discusses resilience in survivors of childhood incest, children of battered women, and individuals formerly in violent domestic relationships. Key topics discussed: Dynamics and consequences of family oppression and violence The power of recovery and posttraumatic growth Assessments that capture client strengths, resilience, and acts of resistance Spirituality: making meaning of one's trauma and purpose in life This book challenges the premise that survivors who have suffered from family violence will remain wounded throughout life. Anderson underscores the resourcefulness of clients, and illuminates the many ways people prevail during and in the aftermath of family violence.

Healing the Ravaged Soul Sue Magrath, 2017-01-26 Why does God hate me? How can I believe in a God who has allowed my suffering? These are just two of the difficult spiritual questions that survivors of child sexual abuse struggle with. In addition, survivors often have mixed feelings about the church because of perceived judgment and indifference, their own shame, or their discomfort with certain aspects of worship. Of the many after-effects of sexual abuse, spiritual wounds are

the least talked about, yet they are central to adult survivors who seek to heal and find faith and meaning in their lives. With grace and gentleness, this book seeks to answer survivors' spiritual questions and address some of the common misconceptions that often develop when young victims attempt to understand what has happened to them. Healing the Ravaged Soul explores the origins of their spiritual issues with clear psychological insights and guides survivors on a spiritual journey toward healing, wholeness, and a deeper relationship with God.

Imperfect Victims Leigh Goodmark, 2023-01-17 A profound, compelling argument for abolition feminism—to protect criminalized survivors of gender-based violence, we must dismantle the carceral system. Since the 1970s, anti-violence advocates have worked to make the legal system more responsive to gender-based violence. But greater state intervention in cases of intimate partner violence, rape, sexual assault, and trafficking has led to the arrest, prosecution, conviction, and incarceration of victims, particularly women of color and trans and gender-nonconforming people. *Imperfect Victims* argues that only dismantling the system will bring that punishment to an end. Amplifying the voices of survivors, including her own clients, abolitionist law professor Leigh Goodmark deftly guides readers on a step-by-step journey through the criminalization of survival. Abolition feminism reveals the possibility of a just world beyond the carceral state, which is fundamentally unable to respond to, let alone remedy, harm. As *Imperfect Victims* shows, abolition feminism is the only politics and practice that can undo the indescribable damage inflicted on survivors by the very system purporting to protect them.

Helping Victims of Sexual Abuse Lynn Heitritter, Jeanette Vought, 2006-06 This solidly biblical and sensitive guide from two medical and counseling professionals is full of helpful information for Christian communities ministering to children and families recovering from sexual abuse.

The Intersections of Family Violence and Sexual Offending Gemma Hamilton, Patrick Tidmarsh, 2022-09-02 Often examined separately, this timely volume provides a detailed exploration of the nexus between family violence and sexual offending. Recognising family and sexual violence as highly interrelated issues, it uncovers the challenges and paradoxes of addressing them as separate versus coinciding problems. What is lost and gained when we treat family violence and sexual offending according to the same framework? Light is shed on the nature and dynamics of offending; various terminology (e.g., domestic abuse, intimate partner violence, grooming, coercive control); political and policy contexts; myths and misconceptions; policing and investigative responses; children as overlooked victim-survivors; and the punishment and treatment of offenders. Drawing on international literature, case studies, and stakeholder interviews, the book encourages critical consideration to inform future policy, practise, and research, ultimately prompting stronger approaches to reflect victim-survivors' realities and needs. The book is relevant to the work of professionals in the social service and criminal justice sectors (e.g., police, policymakers, social workers, advocates, and counsellors), and will be of key interest to researchers and students in diverse academic fields such as criminology, forensic psychology, social work, and socio-legal

studies.

The Meanings of Violence Elizabeth Anne Stanko, 2003 This volume aims to break open our way of speaking about violence and demonstrate the value in exploring the multiple, contradictory and complex meanings of violence in society.

And yet, healing and recovering from past abuse is possible, and the journey to get there can be an empowering opportunity for growth. *Triumph Over Abuse* provides a road map for doing more than simply moving on from the past. Filled with accessible case studies and exercises, the book offers extensive practical guidance on a range of topics, such as building coping skills, surrounding yourself with the right kinds of support, working through traumatic memories, and channeling your experience into helping others and making a difference in the world. Criticism and Compassion: The Ethics and Politics of Claudia Card Robin S. Dillon, Armen T. Marsoobian, 2018-02-26 *Criticism and Compassion: The Ethics and Politics of Claudia Card* offers a unique perspective on the range of issues explored by Card during her distinguished career in philosophy. Investigates her work as an early leader in the development of feminist philosophy, challenging many preconceptions about the society's norms regarding gender, marriage, and motherhood.
