Tragic Spirits Manduhai Buyandelger,2013-11 The collapse of socialism at the end of the twentieth century brought devastating changes to Mongolia. Economic shock therapy—an immediate liberalization of trade and privatization of publicly owned assets—quickly led to impoverishment, especially in rural parts of the country, where Tragic Spirits takes place. Following the travels of the nomadic Buryats, Manduhai Buyandelger tells a story not only of economic devastation but also a remarkable Buryat response to it—the revival of shamanic practices after decades of socialist suppression. Attributing their current misfortunes to returning ancestral spirits who are vengeful over being abandoned under socialism, the Buryats are now at once trying to appease their ancestors and recover the history of their people through shamanic practice. Thoroughly documenting this process, Buyandelger situates it as part of a global phenomenon, comparing the rise of shamanism in liberalized Mongolia to its similar rise in Africa and Indonesia. In doing so, she offers a sophisticated analysis of the way economics, politics, gender, and other factors influence the spirit world and the crucial workings of cultural memory.

Hegel's Philosophy and Feminist Thought K. Hutchings,Tuija Pulkkinen,2010-08-16 Although Hegel and feminism seem an unlikely couple, Hegelian philosophy played a prominent part in the thinking of groundbreaking feminist philosophers from Simone de Beauvoir to Luce Irigaray. This book offers a new generation of feminist readings of Hegel from leading scholars in the both fields. Through close readings and innovative arguments, this book makes a significant contribution to the debate on gender and provides insight into philosophical method.

Translating "Clergie" Claire M. Waters,2016 In Translating Clergie, Claire M. Waters explores medieval texts in French verse and prose from England and the Continent that perform and represent the process of teaching as a shared lay and clerical endeavor.

Selling Paris Alexia M. Yates,2015-10-06 Besieged during the Franco-Prussian War, its buildings damaged, its finances mired in debt, Paris was a city in crisis. Alexia Yates chronicles the private actors and networks, practices and politics, that spurred the largest building boom of the nineteenth century, turning city-making into big business in the French capital.

The Care of the Brain in Early Christianity Jessica Wright,2022-12-14 The care of the brain in early Christianity is a history of the brain during late antiquity. Through close attention to ancient medical material and its transformation in Christian texts, Jessica Wright traces the roots of cerebral subjectivity--the identification of the individual self with the brain, a belief very much still with us today--to tensions within early Christianity over the brain's role in self-governance and its inherent vulnerability. Examining how early Christians appropriated medical ideas, Wright tracks how they used the vulnerability of the brain as a trope for teaching ascetic practices, therapeutics of the soul, and the path to salvation. Bringing a medical lens to the religious discourse, this text demonstrates that rather than rejecting medical traditions, early Christianity developed through creatively integrating them--Publisher's website.

Lourdes Ruth Harris,2008-09-04 Lourdes was at the very centre of nineteenth century debates on religion, science and medicine. Both the Church and secularists championed the 'miracle' town as crucial in shaping how society should think about the mind, body and spirit. Since the 'visions' of Bernadette Soubirous in 1858 transformed the quiet Pyrenean town into an international tourist and pilgrimage destination, it has been a site for controversy. In her well-crafted and carefully researched book, Harris deftly places Lourdes and its attendant spiritual movement firmly at the centre of French history and shows its significance in the country's development.

Anna of Saxony Ingrun Mann,2016-08-02 A scandalous woman of the Renaissance who made history In the early 1570s, a scandal worthy of the court of Henry VIII set Europe's noble courts ablaze with one of century's most shocking marital

debacles. Anna of Saxony (1544-1577), wife of the Dutch prince and rebel leader William of Orange, had embarked on a torrid love affair with the father of one of the age's greatest painters and was pregnant with her lover's child. The princess' pregnancy and subsequent descent into madness signaled the end of a troubled royal marriage that had begun full of promise and with one of the most spectacular wedding celebrations of the age. Since her early youth at the glittering court of Dresden, Anna had been known as a difficult child and troublemaker. Servants complained about her violent outbursts, while courtiers bemoaned her general disregard for aristocratic female etiquette. Upon reaching her teenage years, the princess' guardians decided that Saxony's enfant terrible should leave home as quickly as possible by marrying a foreign suitor in a preferably far-away land. Enter William of Orange: handsome, charming, and heir to one of the Netherlands' largest estates. The fact that he was also a profligate partier and lover of women was conveniently overlooked. Anna immediately fell for the Dutch bon vivant despite warnings from a few well-meaning relatives. For one, William was a Catholic, while Anna adhered to the Protestant teachings of Martin Luther, critical voices cautioned, correctly predicting future trouble for the princess in the Catholic Netherlands. Furthermore, the prince's liege lord, the fanatical Philip II of Spain, very much disapproved of a match between his premier vassal and a "Lutheran heretic." There was also the issue of plain Anna's growing obsession with the roguish William; an obsession that was not reciprocated. In the end, the impetuous princess threw caution to the wind. No other than William would do for a husband, she insisted, while publicly announcing that "every vein in my body heartily loves him." In addition to a great story there are over forty illustrations and appendices
