The Ra Material, the Law of One Ra (Spirit),1981

The Ra Material: Law of One Jim McCarty,Don Elkins,Carla L Rueckert,2020-10-28 Is our universe intelligently designed? What are the possibilities of healing, transformation, and service? What is the Law of One? After 19 years of research into the channeling phenomenon that involved communications with members of the Confederation of Planets in the Service of the One Infinite Creator, a group consciousness called Ra, who had evolved on the planet Venus, established contact with three dedicated seekers of truth to explore these and other questions. Ra said that all people and all of creation are One Being: the One Infinite Creator. They suggested that the process of learning to love (awakening to the Original Thought) is studied via humanity's movement through all of time. The Ra Material sessions conducted by these three individuals examine the meaning of our cosmic existence and contain 106 transcripts of every conversation, including events leading up to first contact, and, in Book V, commentary about the contact. This 40th-anniversary boxed set includes all five books in hard cover.

The Ra Contact: Teaching the Law of One: Carla L. Rueckert,Don Elkins,James Allen McCarty,2018-02-28 I am Ra. We came to your peoples to enunciate the Law of One. We wished to impress upon those who wished to learn of unity that in unity all paradoxes are resolved; all that is broken is healed; all that is forgotten is brought to light. For thousands of years those of Ra have sought to teach the Law of One to seekers of truth on Earth who wished to learn of the unity or oneness of all things. This basic law of all creation is buried deep within each of our hearts because we really are one in love and in light, the building blocks of the universe. We are all manifestations of the One Infinite Creator. We are the Creator. We are not learning this law for the first time but are remembering it yet again as all mystics have taught throughout Earth's history. Our journey of self-realization is the discovery or remembrance of this essential truth, our essential identity. A waking up, as some have called it, within an illusion of separation. Don Elkins and Carla L. Rueckert worked together for 12 years to perfect the channeling process and receive philosophical inspiration and guidance from extraterrestrial sources. When Jim McCarty joined them in 1980 they began to receive a new and unique type of channeling contact from those of Ra. Through this contact, Ra shared information to help seekers of truth deepen their awareness and acceptance of self and other, and to help Earth move into the emerging fourth density of love and understanding. This book is the transcript from the recording of that conversation between the Questioner and Ra. Through questions & answers, the metaphysical blueprint of spiritual

evolution is explored, from the microcosm to the macrocosm, from the particulars of life on this planet to the life of the cosmos, to the possibilities of healing, transformation, and self-realization for spiritual seekers and wanderers. * * * * *

The Ra Contact: Teaching the Law of One Volume 2 contains Ra contact sessions 57-106. As with all L/L Research material, this book can be read for free in PDF form on the archive website www.llresearch.org.

The Reincarnation of Edgar Cayce? Wynn Free, David Wilcock, 2010-06-15 Discover the legacy of the most famous psychic of the 20th-century in this stirring exploration of psychic abilities, reincarnation, and other paranormal phenomena. There are remarkable parallels between the work of David Wilcock and Edgar Cayce—the legendary clairvoyant, ‘sleeping prophet’, and ‘father of holistic medicine’. Here, author Wynn Free explores these parallels, building a convincing case that the two men shared the same source of prophetic information—and that Wilcock might indeed be Cayce’s reincarnation. Compiling some of Wilcock’s most inspirational and life-transforming prophetic guidance from his channeled Source, this book conveys profound insights into topics such as earth changes, secret cabals, soul evolution, death and reincarnation, ascension, crop circles, and the theory of evolution. Explaining how energetic increases occurring in the Sun and planets can have scientifically-measurable, far-reaching effects in a number of realms, The Reincarnation of Edgar Cayce presents new evidence that this energy can transform DNA, potentially making ESP, telekinesis, levitation, and other paranormal activities as common as breathing and usher in the Golden Age promised by every major spiritual tradition in human history. Readers will come away with a deeper understanding not only of the life and work of both Wilcock and Cayce, but with a broader sense of the many forces—seen and unseen—at work in the universe today.

The Book of Thought Dr. Thomas Stark, 2018-02-06 Thoughts can create worlds. Every time you dream, you make worlds

out of your own thoughts. You do not make dreamworlds out of atoms, out of matter. How many people grasp the significance of this fact? A dream, in and of itself, proves that a mind can create what convincingly passes as a material world, even though the dreamworld emphatically isn't material, but is made of thoughts produced by the mind of the dreamer. Why don't we indulge in the boldest of thoughts? If one mind can build a dreamworld out of its own thoughts, what would happen if all minds dreamt together? What world might they create with their united effort, with their thoughts pulled together and operating as one? In fact, they would build the very world we are living in right now! This is a universe of thought, and nothing but mind matters.

The Blavatsky Effect Ulrich R. Rohmer, 2014-02-13 This book is a collection of many different texts approaching the phenomenon Blavatsky and her influence on how Western world is dealing with God and Jesus. There is of course a huge ocean of manifold perceptions throughout space and time, and humans had always a tendency to change the way of perception and thinking compared to their ancestors. A human has no other chance after having been thrown into this world than studying a great deal of texts and witnesses in order to find plausible reason (at least for himself or herself) to find answers on what is real and what is truth. Thousand nine hundred years ago Epictetus wrote his famous *ταράσσει τοὺς ἀνθρώπους οὐ τὰ πράγματα, ἀλλὰ τὰ περὶ τῶν πραγμάτων δόγματα*, meaning Men are disturbed not by things, but by the views which they take of things (Enchiridion 5). Dogma comes from *δόγμα*, and this means nothing else than view or opinion – a quite human and at least harmless business coming from language alone. But humans have transformed both, view and opinion into a sharp sword able to harm or even kill those being considered dissenters. That way dogmatism became a synonym for bad taste and constriction. Madame Blavatsky was against church dogmatism and finally got trapped in her own dogma based ideology called theosophy, and the whole complex has indeed changed the world. At that the story is not over yet. Those texts I provided consist of freely available material found at different pages, and they will challenge you to listen carefully to your own flow of thoughts and feelings. No one is supposed to either love or hate Madame Blavatsky and her work, but rather finding a kind of understanding giving you comfort to live according your mental, intellectual and soul perception of God and Jesus. Maybe you will discover the value of the New Testament text (27 books as usual) anew even without being really able to name such process correctly. Blavatsky has opened a door which is now wide open, and it can't get shut again by merciless apologetics. Some see Satan raging in this world blaming Madame, others perceive new spiritual possibilities as well as frontiers. See for yourself and have a little patience. Even Blavatsky is not bigger than God who will surely not leave those alone who wish to be grounded in love, truth and humble kindness as the New Testament Jesus reveals...

Channeling Joel Bjorling, 2019-06-19 Originally published in 1992, Channeling is a comprehensive bibliography on the subject of channeling. The book defines channeling as any message received or conveyed from transcendent entities and

covers material on the history of channeling, those that have claimed to transcend death, contact with UFOs and contemporary channeling groups. The book acts as a research guide and seeks to outline the historical roots of channeling, explaining its major teachings and considers its significance as a spiritual movement. It provides sources from books, booklets, articles, and ephemeral material and offers a comprehensive list of both primary and secondary materials related to channeling, the bibliography takes the most diverse and useful sources of the time. This volume although published almost 30 years ago, still provides a unique and insightful collection for academics of religion, in particular those researching spiritualism and the occult.

Deep Self-Healing Louise Armitage, 2018-08-07 In *Deep Self-Healing*, Louise Armitage—a professional natural therapist—describes her unexpected journey of mind/body/spirit healing and personal transformation through “mindfulness meditation”. Her story explores how she faced healing the many faces of hard-personal circumstances and bitter emotional pain common to many people—like relationship breakdowns, grief, worthlessness, powerlessness and anxiety. As well as providing an in depth-account of her own self-healing process, woven through her story are thoughtful discussions of important spiritual-healing concepts such as the role of karma, past-lives and soul evolution. *Deep Self-Healing* is therefore a unique blending of an intimate and honest personal story, with the important spiritual-healing principles underpinning it. “For both healers and all who seek personal growth, *Deep Self-Healing—a Personal Story and Spiritual Guide* offers a rare and highly useful resource... This is a book to be read, re-read, and well-studied”. –Scott Mandelker Ph.D. Teacher, counsellor and author of “From Elsewhere” and “Universal Vision”.

The Message on My Arm HERMANELI TORREVILLAS, 2014-09-26 This new book sheds light on the existence of Extraterrestrial Beings. Author H. Torrevillas, M.D., invites readers to embark on a fascinating journey to unlock some of life's greatest mysteries. The author shares his many encounters that made him lean towards the study of intuitive feelings as well as psychic phenomena that relate to the mystifying world of the unknown. From the cradle to the grave, our parents, peers, institutions and society form our values and behavior, but this process has been hijacked. This book opens our minds to the fact that, unknown to us, for generations, we have allowed dictators, power brokers and corporate puppeteers to profit from our ignorance and enslavement. From the anvil of compulsory schooling to media and entertainment, we are being kept in bondage to ideas that shape our actions. But the author is optimistic that we can overcome negative forces that control our minds and those of our leaders. He had been in a quandary in his early years regarding paranormal happenings in his life. Rather than ignore them as skeptics are inclined to do, Dr/ Torrevillas regarded them as significant in his life.

Genesis: Your Journey Home, 2Nd Edition Terry L. Newbegin,2011-04-21 Genesis: Your Journey Home is a groundbreaking book that goes far beyond the usual levels of biblical interpretations, and the ideas taught by religion that are difficult to understand. It bypasses word definition, root studies, historical explanations, and the ideas taught by religion that are difficult to understand but are important. This book examines the first twenty-five chapters, verse by verse, exploring and revealing the deeper metaphysical (beyond the literal) meaning of the text. Most people know that there are multiple

levels of truth contained within the Bible, but until now none have brought forth the ultimate Truth hidden within the mundane, semi-historical writings. Rather than creating new doctrines, this book gently peels back ALL levels of dogmatic views to reveal the true core essence of God, humanity, and the nature of reality. Deep within the ancient biblical text is found the true story (record) of creation, the reason for our very existence, and the history of All That IS. This book is for those that are searching for authenticity, purpose, and a sense that truth lies somewhere beyond religious teachings but who are reluctant to discard the inherent value of scripture. This book brings comfort, personal empowerment, a new understanding of God, and fosters a renewed sense of responsibility for life. It is a book whose time has come at last, as it brings humanity to a deeper understanding of God and a realization of their ultimate purpose.

The Ra Material Rueckert Elkins, & McCarty, Don Elkins, James Allen McCarty, Carla Rueckert, 2021-01-29 Book Three of the Law of One builds on the information presented in Books One and Two, continuing the exploration of the nature and balancing of the energy centers or chakras, sexual energy transfers, healing, reincarnation, meditation, and Wanderers. The nature of psychic prophecy is explored in Book Three, as are the nature and ramifications of what are usually called psychic attacks. A good deal of information is given on the principles of ritual magic in general and white magic in particular, and a beginning is made in the study of the archetypical mind, which is the mind of the Logos and serves as a kind of blueprint for our evolutionary process and which serves as the foundation concept for each of our individual minds.

Religion for Scientists Frank Henry, 2024-02-02 Following Fritjof Capra's arguments in The Tao of Physics, this book seeks to draw a connection between Western mysticism and theoretical physics, specifically between string theory and the Hebrew esoteric tradition of Qabala, arguing that the structure of space-time is defined by the Qabalistic Tree of Life. Modern theories developed to combine the incompatible theories of relativity and quantum mechanics nearly always postulate that the Universe is defined in more dimensions than we are aware of - 10 in the super-symmetrical string theories, and 11 in M-theory and 11D supergravity. This implies that, in addition to the four dimensions from special relativity, there exist six more compactified onto a 6D complex geometry.
