The Spirit of Jesus in Scripture and Prayer James W. Kinn,2004 James Kinn offers a remarkable and new appreciation of the importance of the Holy Spirit in Christian theology and personal spirituality today. By concentrating on the Holy Spirit in Scripture, prayer, and the Christian tradition, Kinn is able to show how the Spirit becomes our personal contact with Christ and the one who continues the work of Christ in us. Explicitly grasping the role of the Spirit can only lead to an enriched experience of the divine in our lives.

The Legacy of Pope John Paul II Alan Schreck,2012 Popes are the Church's chief shepherds. While some focused on governing the Church and addressing challenges from the world, others recognized their primary responsibility to proclaim and teach the Gospel. Author Alan Schreck calls these the teaching popes and John Paul II was such a pope, leading the Church and impacting the world with his witness and his teaching. The encyclical letter has been, in modern times, the instrument for popes to express their most important teaching teachings that have lasting value for the Church, and often for the whole world. Dr. Schreck invites the reader to become familiar with the encyclical letters of Pope John Paul II. In *The Legacy of Pope John Paul II*, Dr. Schreck breaks down more scholarly writing into accessible language. The reflection questions and suggestions for further reading at the end of each chapter help facilitate a systematic study of the central teachings of this brilliant but pastoral pope, who conveyed the truth in love.

Person and Value Grzegorz Ignatik, 2021-04-30 Person and Value: Karol Wojtyla's Personalistic and Normative Theory of Man, Morality, and Love discusses the central themes of Karol Wojtyla's personalistic teaching in a concise yet comprehensive manner. Grzegorz Ignatik presents a philosophical understanding of the human person and human action that conforms with the phenomenological and metaphysical methodologies used by Wojtyla himself. This book pays special attention to Wojtyla's phenomenological insights concerning the significance of value for human life. Ignatik's reflections are based on his extensive research of original texts—published and yet unpublished—written by Karol Wojtyla in his original tongue, Polish. By returning to and rediscovering the original sources, Person and Value provides a fresh and profound engagement with the anthropological and ethical thought of the future Pope John Paul II. Written for all who wish to encounter one of the most illustrious minds of the twentieth century, this book will be an indispensable key to reading his works.

In My Own Words Pope John Paul II, 1998

From Truth and truth Francis Etheredge, 2016-01-14 We begin philosophising (cf. Fides et Ratio, 3, 30) without realising that we are philosophers; but, in time, we discover our own identity as philosophers and, at the same time, come to critically examine it. What, therefore, is the interrelationship between reason and sense; indeed, is not “sense”, subtly sensitive through reason? Questions, then, arise out of our life, our observations and from what we learn. But it is not only about being ready, well-trained or perfect in our reasoning; rather, it is about taking up the impulse and the task of seeking the truth. On the one hand, then, we can question everything and end up with nothing; but, on the other hand, there are many points of departure: experience; maxims; and the wisdom which comes through “many advisers” (Prov 15: 22). Ideas abound about what might be the case; but a philosophical investigation is also about coming into the presence of “being”. Many people have gone before and go with us, and will come after us; and, therefore, this book marks a contribution to understanding both the “activity” of philosophising and the conversation about what “is” (cf. Fides et Ratio, 44). We discover that to exist is to search through the apparent contradictions in our experience and to find, eventually, that there are both good foundations and buildings begun, and also great unanswered or unsatisfactorily answered questions. There is an ongoing work, too, to

establish the mystery of the person “implicated” in human action. Therefore, there is both the inveterate call of the subject to be investigated, and, at the same time, the ever-present need of the grace of perseverance to pursue it. This book is also about the slow discovery of the beautiful but inadequate nature of natural truth. The wonder of natural truth is that it exists like the literal sense: a kind of foundational reasoning; however, just as Revelation perfects natural truth, so the human person is a living expression of the “whole” literal and spiritual sense of created being. Hence the title of this volume, *Faithful Reason*, makes explicit a “witness” to what is beyond itself.

Crossing the Threshold of Love Mary Shivanandan, 1999 The papal encyclical *Humanae Vitae* predicted the disintegration of marriage and family life, partly as a result of the widespread use of contraception. Pope John Paul II has since addressed the problem by articulating a fresh understanding of marriage, love, and sexuality which takes account of the dignity of the human person, and especially of women. In this most exhaustive and scholarly assessment of John Paul II's Christian anthropology ever written, Mary Shivanandan examines the scientific data and the theological analysis that underlie his teachings on marriage and sexuality. Her book will be an essential text for the study of the development, meaning, and implications of Catholic doctrine in this controversial area. It is both lucid and multi-disciplinary. Its appearance marks a new stage in the debate over sexuality in the modern world. ABOUT THE AUTHOR: Mary Shivanandan, STD, is a professor at the John Paul II Institute for Studies on Marriage and the Family. PRAISE FOR THE BOOK: Mary

Shivanandan has successfully accomplished a daunting task: the distillation of John Paul's profound and complicated vision of the essence of man and the meaning of marital love. . . . [A] very valuable presentation of the thought of John Paul on human sexuality, marriage, and the family. Anyone who wants to understand the Pope on these matters must have Shivanandan's book as part of his personal or formal curriculum.--New Oxford Review An exceptionally brilliant study, Shivanandan very accurately and clearly sets forth the major ideas developed at length by Pope John Paul II in many of his writings. . . . She has entered into serious dialogue with contemporary thinking regarding the nature of the human person, the meaning of the human body, and the meaning of human sexuality, relating and contrasting this thinking with that of John Paul II.--Prof. William E. May, John Paul II Institute for Studies on Marriage and Family Shivanandan has made a significant contribution to the enrichment of our understanding of marriage. In a concise way, she reveals the subtle insights of John Paul II, which resonate in so many people's lives once they are explained in such a clear way.--Rev. Msgr. Peter J. Elliott, Casa Internazionale del Clero, Rome The monumental text book the prolife movement has been waiting for. This is the definitive study of the Pope's innovative theology of the body and its implications for human life and marriage. . . .--Faith & Culture Bulletin This is an exceptional study. Shivanandan not only offers a tour de force of the evolution of John Paul's thought, but also demonstrates its far-reaching implications for the lives of couples, families, and whole societies. She unmasks the deception of our 'safe-sex' society by demonstrating that only when we come to see the body and sexual intercourse as the expression of transcendence of the person will we be able to 'cross the threshold of love.' . . . Mary Shivanandan's new book *Crossing the Threshold of Love* should establish her as a recognized scholar, theologian, and expert on Pope John Paul II's anthropology. . . .--National Catholic Register Pope John Paul II's thought and teaching on human sexuality evolved over a couple of decades, and Professor Mary Shivanandan unpackages this thought carefully and extensively. . . . In presenting John Paul II's thought, Mary Shivanandan brings a thorough grounding in philosophy and a theological education. She also has twenty years of experiential learning in the matter of Natural Family Planning and what this can bring to communion in one flesh. A full index of subjects as well as a generous bibliography enrich this work.--Liguorian Shivanandan is largely successful in bringing out the main elements of the pope's personalism. She has
