El reencuentro Clemen Orejuela,2022-03-01 La lucha por la subsistencia, las desigualdades sociales, guerras, pero a la vez el amor, la fraternidad y la felicidad describen los sucesos, reales y ficticios, vividos por las generaciones de varias familias a través del paso del tiempo, desde que algunas de ellas llegan como colonos a Sierra Morena a finales del siglo xviii hasta la actualidad. Esta historia alberga el relato de acontecimientos históricos y políticos contados, a su vez, desde la perspectiva de las personas que los vivieron. La novela se inicia con el nacimiento de la protagonista y autora de la obra y finaliza con el anhelado reencuentro con sus raíces.

Heroínas de los cuarenta Soledad Galán J.,2025-04-08 Alejandra terminaba de estudiar el tercer grado de educación primaria cuando estalló la guerra civil española. Contaba con catorce años y no pudo hacer el curso preparatorio para la universidad porque la contienda truncó su vida, como la de tantas personas. Su familia lo perdió todo por sus ideas políticas, pero siguió trabajando y persiguiendo sus sueños. A través de su trabajo conoció a muchas mujeres que luchaban por sacar adelante a sus familias en una época cruel de hambruna y miseria, la posguerra. El relato de Alejandra nos muestra los desastres de una guerra fratricida y sus consecuencias, la sociedad destrozada, los abusos padecidos y, sobre todo, el papel de las mujeres luchando por salir adelante en soledad, sin medios y apenas sin esperanza. Mujeres anónimas y olvidadas de la historia que tuvieron que hacer de la supervivencia su bandera, del riesgo su vida y del alimento de su familia su única preocupación.

Nuevas cartas de la última prisión de Quevedo Francisco de Quevedo,James O. Crosby,2005 De las 110 cartas

correspondientes a los últimos siete años de la vida de Francisco de Quevedo, (1639-1645), 42 fueron redactadas en los cuatro años que permaneció prisionero en la cárcel de San Marcos de León. Son cartas extensas e íntimas, dirigidas a dos distinguidos jesuitas con quienes Quevedo compartió con franqueza (pero bajo seudónimos) las noticias que recibía en la cárcel, incluyendo aquellas relacionadas con la actividad literaria, las campañas militares, la política y hasta sus propias parodias de las intrigas de los próceres de la corte. Estas cartas fueron copiadas con sumo cuidado por dos eruditos de principios del siglo dieciocho en un manuscrito inédito de gran interés y exactitud. La presente edición documenta los textos auténticos de las cartas, corrige atribuciones erróneas, identifica a los correspondentes del satírico y establece la cronología y la diagnosis de su larga y mortal enfermedad.

Oficio de muerte Carlos Moncada, 2012-10-01 NO SE MATA LA VERDAD MATANDO PERIODISTAS A fuerza de recordarlos y denunciar los atentados, impidamos que mueran. En la actualidad, México es uno de los países más peligrosos para ejercer el periodismo. Las muertes y las desapariciones de comunicadores constituyen un escenario de terror para informar. En tal circunstancia, este magistral reportaje entraña el ferviente deseo de terminar con ese absurdo sacrificio de periodistas y también representa un homenaje a los que han caído. Con gran dominio del oficio, Carlos Moncada combina en esta obra la investigación historiográfica con la periodística: estudia el pasado como una lección para el presente y el futuro. Para trazar el lúgubre recorrido, que comienza en 1860 y llega hasta nuestros días, el autor se nutrió con documentos históricos, visitó los lugares donde se registraron varios de los asesinatos y las desapariciones y privilegió la información hemerográfica y testimonial. Más allá de lo anterior, Moncada denuncia la ineeficacia de la legislación con que se ha intentado parar la incessante acumulación de cadáveres. La única solución del problema es precisamente lo que no han podido hacer las autoridades: atrapar a los homicidas. En esta narración, el horror no se logra con recursos literarios, sino con los hechos escuetos que muestran cómo los criminales asesinan a los periodistas sin cuidarse de sexos, hora, lugar o autoridades. En el camino, un juicio permanece: No se mata la verdad matando periodistas.

Los procesos célebres seguidos ante el Tribunal Supremo en sus doscientos años de historia (siglo XX) Varios autores, 2014-05-01 Esta obra colectiva, resultado de la integración de los trabajos de Magistrados y Letrados del Gabinete Técnico del Tribunal Supremo bajo la dirección de Jacobo López Barja de Quiroga, es fruto de un minucioso proceso de selección, estudio y análisis de diversos procedimientos tramitados a lo largo de la historia de nuestro país, en los que tuvo intervención este Alto Tribunal. Todos los procesos recogidos generaron en la historia social de España una evidente repercusión mediática. El lector podrá echar en falta algunos de innegable impacto en su época, pero ha de tenerse en cuenta el método de trabajo seguido: la selección de los procesos se ha realizado según el grado de relevancia social y

periodística, pero teniendo en cuenta la existencia de un fallo del Tribunal Supremo, que dio respuesta, en la mayoría de los casos, a un recurso de casación planteado ante él. En los dos tomos que integran esta obra, para los siglos XIX y XX, y en cada uno de los treinta y nueve capítulos, el esquema es similar. Se inicia con una somera explicación del motivo o razón por la que se aborda el suceso. A continuación se reflejan, en síntesis, los hechos ocurridos, así como el devenir del procedimiento en las instancias previas al Tribunal Supremo. En tercer lugar, se centra la atención en la intervención en cada uno de ellos del Tribunal Supremo y se añade, transcrita literalmente, la resolución dictada por este órgano. A ello se adicionan continuas referencias a la prensa de la época, y se enriquecen los capítulos con material gráfico proveniente de ella en la mayoría de los casos. Por tanto, el lector tiene en sus manos algo más que una crónica negra: se trata de una obra de estudio y análisis llevada a efecto por personas altamente cualificadas desde el punto de vista técnico, que incorpora como un valor añadido la recopilación de las resoluciones dictadas por el Tribunal Supremo, tal y como fueron dictadas.
