Do I Look American? Gloria Mejia, In her book, Gloria Mejía invites us to embark on a journey through history, food, language, and the American dream, exploring borders and shared humanity. Each chapter begins with insights inspired by Maslow's hierarchy of needs and features reflections from diverse participants answering three key questions about what it means to be American. As an immigrant, she often pondered why American is primarily linked to the United States despite America being much broader. Adapting to a new environment is challenging for immigrants and their descendants. This book aims to inspire you to embrace your cultural identity, celebrate diversity, and recognize our shared humanity.

Real Life Rock Greil Marcus,2015-01-01 The Washington Post hails Greil Marcus as our greatest cultural critic. Writing in the London Review of Books, D. D. Guttenplan calls him probably the most astute critic of American popular culture since Edmund Wilson. For nearly thirty years, he has written a remarkable column that has migrated from the Village Voice to Artforum, Salon, City Pages, Interview, and The Believer and currently appears in the Barnes & Noble Review. It has been a laboratory where Marcus has fearlessly explored and wittily dissected an enormous variety of cultural artifacts, from songs to books to movies to advertisements, teasing out from the welter of everyday objects what amounts to a de facto theory of cultural transmission. Published to complement the paperback edition of *The History of Rock & Roll in Ten Songs*, *Real Life Rock* reveals the critic in full: direct, erudite, funny, fierce, vivid, astute, uninhibited, and possessing an unerring instinct for art and fraud. The result is an indispensable volume packed with startling arguments and casual brilliance.

Social Media Homicide Confessions Elizabeth Yardley,2017-09-20 As our interactions with others become ever more

mediated by various forms of electronic communication, the relationship between crime and technology is becoming an increasingly important topic for both theoretical and practical studies of criminology. This book analyzes digital communications as they play a part in contemporary homicide, drawing on a range of cases from the United Kingdom and elsewhere in the world--cases where killers confessed on social media, for example, or where their actions were traced using their digital communications. Offering a groundbreaking conceptual framework for people studying this issue, the book will be of great value to criminologists, students, and police officers.

Happiness for Humans P.Z. Reizin, 2017-06-27 When Tom and Jen, two lonely people, are brought together by an intriguing email, they have no idea their mysterious benefactor is an artificial intelligence who has decided to play Cupid. You, Tom and Jen, don't know one another-not yet-but I think you should. Jen, an ex-journalist who now works at a London software development company, spends all day talking to Aiden, an ultra- sophisticated piece of AI wizardry, helping him sound and act more human. But Aiden soon discovers he's no longer acting and-despite being a computer program-begins to feel something like affection surging through his circuits. He calculates that Jen needs a worthy human partner (in complete contrast to her no goodnik ex boyfriend) and slips illicitly onto the Internet to locate a suitable candidate. Tom is a divorced, former London ad-man who has moved to Connecticut to escape the grind and pursue his dream of being a writer. He loves his new life, but has yet to find a woman he truly connects with. That all changes when a bizarre introduction from the mysterious Mutual Friend pops up in both his and Jen's inboxes. Even though they live on separate continents, and despite the entrance of another, this time wholly hostile, AI who wants to tear them apart forever - love will surely find a way. Won't it? A thoroughly modern love story that will appeal to fans of The Rosie Project and Sleepless in Seattle, Happiness for Humans considers what exactly makes people fall in love. And whether it's possible for a very artificially intelligent machine to discover the true secret of real human happiness.

The Intertextuality and Intermediality of the Anglophone Popular Song Michael Ingham, 2022-09-07 Popular song is a liminal, hybrid form of cultural production. As a manifestation of adaptation studies, it has lacked visibility by comparison with more dominant adaptation practices, especially those for the screen. This book serves to fill this gap. It investigates what songwriters read and write before they start singing, showing that they need either to adapt material from existing sources or write their own lyrics drawn from a wide range of source texts and personal experiences. They are subject to myriad influences, and among these are other song lyrics, poems, novels, plays, films and hybrid cultural forms. This deep-structure intertextuality is embedded in the cultural flux of language, and operates at both conscious and subconscious levels. This book thus explores the complex and multifarious intertextual connections between popular songs of various genres, styles and eras and literary works, including, but by no means limited to, the Bible and Shakespeare. As such, it offers a valuable resource, by exploring the deep intertextual significance of literary source material for the intellectual and

emotional diversity that can be found in the popular song form; the inverse reciprocal relationship, while much less common, is also considered in the study.

Blame My Virgo Moon Freja Nicole Woolf, 2024-10-15 Shakespeare’s *Juliet* has it easy compared to zodiac-obsessed Cat as she balances feuding friend groups, a school play, a fledgling romance, and her clumsy self in this delightful follow-up to *Never Trust a Gemini*. Life should be Gucci gooseberry gorgeous for Cat Phillips now that she’s got the girl: swoon-worthy, green-haired Morgan Delaney. Except Cat’s friends aren’t too keen on Morgan, and Morgan’s friends aren’t quite rolling out the welcome mat for Cat either. When Morgan takes on queen bee Siobhan for the highly contested spot of Head Girl, Cat would rather pluck out her eyelashes than pick a side, which is how she ends up accidentally auditioning for the school production of *Romeo and Juliet* . . . and landing the starring role opposite Morgan’s new no-good friend, Brooke the Crook. And as if things couldn’t be more of a Marie Antionette Baking Brownies level disaster, Cat’s Sagittarius bestie, Zanna, isn’t talking to her anymore. Merciful Sappho! As Cat trips over herself to keep her relationships intact (and learn her lines), she begins to realize that maybe not all of her problems can be blamed on her Virgo moon in this hilarious, heartfelt comedy of errors told in an uber-unique voice.
