People do not want to just read Meyer's books; they want to climb inside them and live there. -- Time A literary phenomenon. -- The New York Times

*Stephenie Meyer (Author of the Twilight, New Moon, and Eclipse)* Sara McEwen, 2012-02-29 ABOUT THE BOOK In 2003, a young stay-at-home mother living in Arizona woke up at four in the morning, still reeling from a dream that she could not shake out of her mind. Stephenie Meyer had never really wanted to be a writer and had never written so much as a single short story before, but she felt compelled to turn this dream into a novel. Although she tried to focus on her usual daily routine of caring for her three young sons and doing chores around the house and around her town of Cave Creek, the dream still lingered, filling her head with visions of a good-hearted but tortured vampire and the ordinary teenage girl who fell in love with him. Meyer eventually found a moment of free time and wrote down parts of her dream, fleshing out the ideas to give them a narrative and a voice. That story was at the root of Meyer's bestselling series that would take the world by storm. Meyer's inspiration led her to create a compelling and addictive young adult novel. She wrote the first draft of her novel in only three months, working whenever her schedule as a stay-at-home mother would allow, snatching moments of free time while her children were asleep or her husband, Pancho, took care of the chores. Instead of setting the story in sunny Arizona, the state where she grew up, Meyer chose the rainy forests of Forks, Washington. EXCERPT FROM THE BOOK After Stephenie and Pancho were married, they settled in Arizona again. When Meyer's oldest son was born, she decided that her

dreams of law school were not really as important as her desire to stay home and focus on motherhood. After Gabe was born, Meyer's two other sons, Eli and Seth, soon followed. In 2003, Meyer was a happy, content and busy stay-at-home who worked hard to tend to her three sons, all of them under the age of five. Her husband's work as an auditor kept the family well provided for. All the same, in what seemed like a magical moment of unexpected inspiration, Meyer's contented and simple life changed. When she had a dream about a vampire and a human girl, Meyer began to wonder if maybe she could be a writer, just like her many literary idols. She began to write down the story, at first just for fun and personal enjoyment... Buy a copy to keep reading!

Fanpire Tanya Erzen, 2012-10-30 An author immerses herself in the frenzied fandom of Twilight, the young-adult vampire romance series that has captivated women of all ages Twilight, Stephenie Meyer's young-adult vampire romance series, has captivated women of all ages, from teenagers who swoon over the film adaptations to college-educated women who devour the novels as a guilty pleasure. All told, over 110 million copies of the books have been sold worldwide, with translations into 37 languages, and the movies are some of the highest-grossing of all time. Twilight is a bona fide cultural phenomenon that has inspired a vast and unimaginably fertile fan subculture—the "fanpire," as the members describe it. Just what is it about Twilight that has enchanted so many women? Tanya Erzen—herself no stranger to the allure of the series—sets out to

explore the irresistible pull of Twilight by immersing herself in the vibrant and diverse world of “Twi-hards,” from Edward-addition groups and “Twi-rock” music to Cullenism, a religion based on the values of Edward’s family of vegetarian vampires. Erzen interviews hundreds of fans online and in person, attends thousand-strong conventions, and watches the film premiere of New Moon with Twilight moms in Utah. Along the way, she joins a tour bus on a pilgrimage to Twilight-inspired sites, struggles through a Bella self-defense class, and surveys the sub-universe of Twilight fan-fiction (including E. L. James’s enormously popular “Master of the Universe” story, the basis for her erotic novel Fifty Shades of Grey). Erzen also takes a deeper look at the appeal of traditional gender roles in a postfeminist era saturated with narratives of girl power. If Twilight’s fantasies of romance and power reflect the fears, insecurities, and longings of the women who love it, the fanpire itself, Erzen shows, offers a space for meaningful bonding, mutual understanding, and friendship. Part journalistic investigation and part cultural analysis, Fanpire will appeal to obsessed fans, Twilight haters, and bemused onlookers alike.

**Man Writes Dog** William Farina, 2014-04-02 Over the millennia, many great writers, from Pliny and Plutarch to C.S. Lewis and John Steinbeck, have addressed diverse canine themes in their work, usually in a broader, human context. Late in

Viewed through the dynamic lens of this new model, the constantly evolving relationship between humankind and canines, both wild and domesticated, appears more complex and intertwined than ever before. This survey reviews what 20 selected authors from the Western tradition have had to say on the same subject matter leading up to our present times.
