The Secret of Secrets Osho,2017-06-06 Taoist teachings on life and existence—presented by one of the best-known and provocative spiritual teachers of our time In this unique series of discourses, Osho unravels The Secret of the Golden Flowers, an ancient text that he describes as the essence of Taoism. It is the core of all religions and spiritual paths, belonging to no one and belonging to all. More than 2,500 years old, this remarkable text continues to be as relevant today as it was to its contemporaries. Osho demystifies the important terms used by the Chinese mystic Lu Tsu, or Lao Tzu, and shares his meditation exercises. He also outlines the qualities of animus and anima—our male and female energies—as delineated by Lu Tsu, explaining the importance of their relationships inside each of us. He also provides many valuable techniques and gives specific instructions on the Taoist Golden Light Meditation, which involves harmonizing the male and female elements and transmuting sexual energy. A timeless collection of Osho's talks on The Secret of the Golden Flower, this book will show you how to not remain a seed but to become what the Chinese called 'a golden flower.' Called the 'one thousand-petaled lotus' in India, the golden flower is a symbol that represents perfection, totality. It represents the actualization of potential—the beauty, the grandeur, and the splendor of being.

The Secret of the Golden Flower Dongbin Leu,2010-11 The word secret appears in many book titles in an effort to create sales, but the reader often finds few secrets inside. This book is a rare exception. There is a powerful secret to be found within these pages. It claims to contain the hidden jewel that both Eastern and Western religions have been seeking for centuries. Religions have lost their focus, having turned their attention away from this mystical process and toward their dogmatic theologies. The Golden Flower, in terms of this book, is the hidden light within the human body that is the key to

spiritual enlightenment. This book reveals how the reader can tap into it using meditative and Taoist Yoga practices. This can result in higher wisdom, spiritual bliss and a complete transformation of consciousness. It includes a Commentary by the legendary psychologist C.G. Jung concerning the differences in consciousness between the East and West, as well as his closing Appendix honoring the memory and accomplishments of the original Translator of this work, Richard Wilhelm.
