## Stephen Levine

**Who Dies?** Stephen Levine, 1988 This work demonstrates how to open to the immensity of living with death. It shows readers how to participate fully in life as the perfect preparation for whatever may come next, be it sorrow or joy, loss or gain, death or a new wonderment at life.

**Who Dies?** Stephen Levine, Ondrea Levine, 1989-01-18 The first book that explains how to open to the immensity of living with death—and how participating fully in life is the perfect preparation for whatever may come next. In *Who Dies?*, the Levines provide calm compassion rather than the frightening melodrama of death.

Healing Into Life and Death Stephen Levine, 1987 Discusses the philosophy and techniques of mental healing as a way of preparing for and accepting death, and includes meditations for this purpose.

Healing Into Life and Death Stephen Levine, 1987 A compassionate and invaluable vision of healing at every level - physical, psychological, emotional and spiritual.

Meetings at the Edge Stephen Levine, 1989-02-01 Based on his extensive counseling work with the terminally ill, a bestselling author offers unique support to anyone facing the dying process. This book integrates death into the context of life with compassion, skill, and hope. Capturing the range of emotions and challenges that accompany the dying process, Stephen Levine shares his wisdom to readers dealing with this difficult experience.

**A Year to Live** Stephen Levine, 1998-04-14 In his new book, Stephen Levine, author of the perennial best-seller *Who Dies?*, teaches us how to live each moment, each hour, each day mindfully--as if it were all that was left. On his deathbed, Socrates exhorted his followers to practice dying as the highest form of wisdom. Levine decided to live this way himself for a whole year, and now he shares with us how such immediacy radically changes our view of the world and forces us to examine our priorities. Most of us go to extraordinary lengths to ignore, laugh off, or deny the fact that we are going to die, but preparing for death is one of the most rational and rewarding acts of a lifetime. It is an exercise that gives us the opportunity to deal with unfinished business and enter into a new and vibrant relationship with life. Levine provides us with a year-long program of intensely practical strategies and powerful guided meditations to help with this work, so that whenever the ultimate moment does arrive for each of us, we will not feel that it has come too soon.

**Grist for the Mill** Ram Dass, Stephen Levine, 2014-02-11 From the bestselling author of *Be Here Now*. “A challenging

and enlightening collection of speeches and lectures by Ram Dass on his spiritual journey.” —Spirituality & Practice From Ram Dass, one of America’s most beloved spiritual figures and bestselling author of *Be Here Now* and *Be Love Now*, comes this timeless classic about the experience of being and the risks and rewards of our spiritual path. Originally published in 1976, *Grist for the Mill* offers a deep spiritual journey of self-discovery, and a universal understanding of what it means to “be” and to grow as human beings. The book is fully revised with a new introduction. As Ram Dass puts it, “When the faith is strong enough it is sufficient just to be. It’s a journey towards simplicity, towards quietness, towards a kind of joy that is not in time. It’s a journey that has taken us from primary identification with our body and our psyche, on to an identification with God, and ultimately beyond identification.” Praise for Ram Dass “One of our greatest teachers.” —Deepak Chopra “There’s no way to overestimate the role of Ram Dass.” —Marianne Williamson “May Ram Dass inspire others to find their own path of true love, compassion, and joyful service.” —Thich Nhat Hanh

**The Last Adventure of Life** Maria Dancing Heart, 2008 A tool for healing and prayer, this book aims to assist anyone who is grieving, preparing to die, caring for loved ones who are ill, or interested in exploring different ways to view spirituality and death. It offers an introduction to hospice and includes inspirational stories, poetry, scripture, prayers, and guided meditations.

**Unattended Sorrow** Stephen Levine, 2006-02-07 Unattended sorrow is unresolved grief that has never been given a chance to heal. This lovely, spiritual book from one of the nation's most trusted grief counselors offers a series of techniques to help heal this pain so readers can lead full and joyful lives. The book not only guides those who have experienced a fresh loss to face the hurt before it settles in, but it also addresses the devastating impact of tragedies past, when people become stuck years after childhood abuse, teen rape, early divorce, or loss of a loved one.

**The Healing I Took Birth For** Ondrea Levine, 2015-05-01 For more than 32 years, Stephen and Ondrea Levine have provided emotional and spiritual support to those who face life-threatening illness and their caregivers; deeply affecting hundreds of thousands of people in the process. *The Healing I Took Birth For*, which was begun after Ondrea’s own medical prognosis that foretold the end of a lifetime of spiritual exploration, is the culmination of her work. Their collaboration, in the service of the dying, especially during the height of the AIDS epidemic, set them both more deeply on the path of compassion—compassion for self, for others, for all. *The Healing I Took Birth For* is the heartfelt sharing of Ondrea’s life of service and a deeply inspiring example of how one faces illness and great personal difficulties, with a deep spiritual practice and grace. It is the most “intimate collaboration” she and Stephen have worked on and it will inspire readers to find their own way toward living a life of compassion.

Death Row: an Affirmation of Life Stephen Levine, 1972

Guided Meditations, Explorations and Healings Stephen Levine, 1991-10-01 From a revered meditation teacher comes an

invaluable volume of guided meditations for the deeper healing of spirit, mind, and body. The culmination of decades of personal and professional explorations into the process of human consciousness, *Guided Meditations, Explorations and Healings* is an indispensable source book, filled with resources for healing and the deepening of awareness. Essential reading for anyone facing pain, severe illness, addiction, or other forms of suffering, in these pages Levine presents practical processes for the deep exploration of the mind and body, which are used widely in meditation centers, hospices, and hospitals around the world. Now, in this remarkable work, they are offered for the benefit of all who are drawn to looking inward—and all who seek the healing power of a merciful awareness.

**The Facts of Death** Tony McCarthy,2006

**Living, Dying, Death, and Bereavement (Volume One)** David E. Balk,2020-10-21 This two-volume book offers extensive interviews with persons who have made significant contributions to thanatology, the study of dying, death, loss, and grief. The book's in-depth conversations provide compelling life stories of interest to clinicians, researchers, and educated lay persons, and to specialists interested in oral history as a means of gaining rich understandings of persons' lives. Several disciplines that contribute to thanatology are represented in this book, such as psychology, religious studies, art, literature, history, social work, nursing, theology, education, psychiatry, sociology, philosophy, and anthropology. The book is unique; no other text offers such a comprehensive, insightful, and personal review of work in the thanatology field. The salience of thanatology is obvious when we consider several topics, including the aging demographics of most countries, the leading causes of death, the devastation of COVID-19, the realities of how most persons die, the growth both of hospice and of efforts within medicine to ensure that a good death becomes the norm of medical practice, and increases in the number of countries and states permitting physician-assisted suicide Volume One includes conversations with 21 thanatologists and an introductory chapter in which the author provides an overview of the project and offers reflections on what these thanatologists have told him. The experts interviewed here include Robert Fulton, Sandra Bertman, Bill Worden, Charles Corr, Sister Frances Dominica, Myra Bluebond Langner, Nancy Hogan, Robert Neimeyer, Ken Doka, and Donna Schuurman.

*Death and Spirituality* Kenneth Doka,John Morgan,2016-12-05 An elderly Chinese immigrant, hospitalized with terminal disease, requests to burn incense. A 30-year-old Roman Catholic gay male, dying of AIDS, is consumed by deepening moral guilt, troubled by beliefs he thought he abandoned years ago. A mother whose teenage son died of an aneurism is angry at God over his death yet fearful of expressing that anger lest He 'punish her again.' A young widower seemingly has difficulty expressing grief believing it to be a sign of weak faith. All of these examples illustrate the kinds of issues that clinicians and

counselors constantly encounter. For although North American society has long been characterized as secular, this does not deny the potency of spiritual concerns and religious values on the individual level. Polls affirm that vast majorities of North Americans both believe in God and consider religion important in their lives. This is clearly evident when one faces the crisis of dying or bereavement. For, one of the strengths of belief is that it provides support and succor at a time when secular explanations are largely silent. For these reasons, educators and clinicians have long recognized the significance that religious and spiritual themes have in counseling with the dying and bereaved. Yet, in cultures as religiously diverse as the U.S. and Canada, caregivers and educators may feel inadequate to the task. *Death and Spirituality* addresses this need. Specifically it seeks to reach two, perhaps overlapping, audiences. First, it considers the needs death-related counselors and educators, seeking to provide them with both a sense of the norm of religious tradition and the religious and spiritual issues that might arise in illness and bereavement, as well as suitable interventions, approaches, and resources that might be useful in assisting clients in examining and resolving such issues. The book also speaks to the complementary needs of clergy who also may wish to assist parishioners and others as they face the spiritual and psychological crisis of dying and grief.

**The Good Death** Marilyn Webb, 2011-07-27 *The Good Death* is the first full-scale examination of one of today's most complex issues: the profound change in the way Americans think about and confront death. Drawing on more than six years of firsthand research and reporting, noted journalist Marilyn Webb builds her account around intimate portraits of the dying themselves. She explains why some deaths become shockingly difficult--and needlessly painful--and how the struggles over end-of-life decisions can pit patient and family against hospitals, doctors, insurance companies, religious groups, and the law. But there is good news as well. Webb describes many extraordinary programs and individuals who are changing the face of dying. An abundant source of comfort and hope, *The Good Death* shows how the essential elements of humane--even uplifted--death are available to all of us, if we know what is possible, where to go for help, and how to prepare.

**The Infinite Thread** Alexandra Kennedy, 2011-03-15 The loss we feel when a loved one dies is profound, often accompanied by regret for all that we didn't say or do. Such regret can hinder emotional growth and create wounds that affect all other aspects of our lives. But loss doesn't necessarily mean the end of a connection with a loved one. In fact, it can open the doors to a unique relationship that offers intimacy, healing, and renewal. In *The Infinite Thread*, author Alexandra Kennedy helps us deal with loss in a powerful new way: by using active imagination, letters, and inner dialogue to re-create and heal past relationships. In doing so, we also amend the often-strained ties with those still living. *The Infinite Thread* strips away the veils of mystery surrounding death and transcends preconceptions about death and dying. Rich with opportunities for reflection, it brings enormous comfort to anyone who has ever lost a loved one or been faced with their own mortality.

Death, Dying, and Mysticism T. Cattoi, C. Moreman, G. C. Harcourt, 2015-04-01 This volume offers a sample of reflections

from scholars and practitioners on the theme of death and dying from scholars and practitioners, ranging from the Christian tradition to Hinduism, Lacanian psychoanalysis, while also touching on the themes of the afterlife and near-death experiences.

**In the Presence of Grief** Dorothy Stroh Becvar, 2003-08-08 Illuminating the impact of loss and grief on our psychological and emotional lives, this book provides vital guidance to ease painful transitions and facilitate healing. The author emphasizes that dealing with the death of a loved one involves more than picking up the pieces and moving on: rather, healing is an ongoing journey on which grief is a constant companion. For those in a supportive role, the focus is on helping the bereaved to navigate the grieving process and, ultimately, to reclaim joy as well as sadness as an integral part of life. Filled with personal narratives and examples, the book demonstrates effective ways to help survivors cope with commonly experienced issues, problems, and concerns. Clinical psychologists, family therapists, psychiatrists, social workers, and counselors working with families; physicians and nurses in palliative care settings; hospice professionals. While written for professionals, the book's sensitive coverage of universal themes also makes it suitable for general readers.
