The Bedtrick Wendy Doniger,2022-08-22 Somehow I woke up one day and found myself in bed with a stranger. Meant literally or figuratively, this statement describes one of the best-known plots in world mythology and popular storytelling. In a tour that runs from Shakespeare to Hollywood and from Abraham Lincoln to Casanova, the erudite and irrepressible Wendy Doniger shows us the variety, danger, and allure of the bedtrick, or what it means to wake up with a stranger. The Bedtrick brings together hundreds of stories from all over the world, from the earliest recorded Hindu and Hebrew texts to the latest item in the Weekly World News, to show the hilariously convoluted sexual scrapes that people manage to get themselves into and out of. Here you will find wives who accidentally commit adultery with their own husbands. You will read Lincoln's truly terrible poem about a bedtrick. You will learn that in Hong Kong the film The Crying Game was retitled Oh No! My Girlfriend Has a Penis. And that President Clinton was not the first man to be identified by an idiosyncratic organ. At the bottom of these wonderful stories, ancient myths, and historical anecdotes lie the dynamics of sex and gender, power and identity. Why can't people tell the difference in the dark? Can love always tell the difference between one lover and another? And what kind of truth does sex tell? Funny, sexy, and engaging, The Bedtrick is a masterful work of energetic storytelling and dazzling scholarship. Give it to your spouse and your lover.

I'll Have What She's Having Erin Carlson,2017-08-29 A backstage look at the making of Nora Ephron's revered trilogy--When Harry Met Sally, You've Got Mail, and Sleepless in Seattle--which brought romantic comedies back to the fore, and an intimate portrait of the beloved writer/director who inspired a generation of Hollywood women, from Mindy Kaling to Lena Dunham. In I'll Have What She's Having entertainment journalist Erin Carlson tells the story of the real Nora Ephron and

how she reinvented the romcom through her trio of instant classics. With a cast of famous faces including Rob Reiner, Tom Hanks, Meg Ryan, and Billy Crystal, Carlson takes readers on a rollicking, revelatory trip to Ephron's New York City, where reality took a backseat to romance and Ephron--who always knew what she wanted and how she wanted it--ruled the set with an attention to detail that made her actors feel safe but sometimes exasperated crew members. Along the way, Carlson examines how Ephron explored in the cinema answers to the questions that plagued her own romantic life and how she regained faith in love after one broken engagement and two failed marriages. Carlson also explores countless other questions Ephron's fans have wondered about: What sparked Reiner to snap out of his bachelor blues during the making of *When Harry Met Sally*? Why was Ryan, a gifted comedian trapped in the body of a fairytale princess, not the first choice for the role? After she and Hanks each separately balked at playing Mail's Kathleen Kelly and *Sleepless*' Sam Baldwin, what changed their minds? And perhaps most importantly: What was Dave Chappelle doing . . . in a turtleneck? An intimate portrait of one of America's most iconic filmmakers and a look behind the scenes of her crowning achievements, *I'll Have What She's Having* is a vivid account of the days and nights when Ephron, along with assorted cynical collaborators, learned to show her heart on the screen.

Men & Masculinities Michael S. Kimmel, Amy B. Aronson, 2003-12-11 The first encyclopedia to analyze, summarize, and explain the complexities of men's lives and the idea of modern manhood. The process of making masculinity visible has been going on for over two decades and has produced a prodigious and interesting body of work. But until now the subject has had no authoritative reference source. *Men & Masculinities*, a pioneering two-volume work, corrects the oversight by summarizing the latest historical, biological, cross-cultural, psychological, and sociological research on the subject. It also looks at literature, art, and music from a gender perspective. The contributors are experts in their specialties and their work is directed, organized, and coedited by one of the premier scholars in the field, Michael Kimmel. The coverage brings together for the first time considerable knowledge of men and manhood, focusing on such areas as sexual violence, intimacy, pornography, homophobia, sports, profeminist men, rituals, sexism, and many other important subjects. Clearly, this unique reference is a valuable guide to students, teachers, writers, policymakers, journalists, and others who seek a fuller understanding of gender in the United States.

The Basics of S-PLUS Andreas Krause, Melvin Olson, 2007-11-24 In a clear style the most important ideas of S-PLUS are introduced through the use of many examples. Each chapter includes a collection of exercises, fully worked-out solutions and detailed comments.

Tom Hanks Jill C. Wheeler, 2001 Provides a brief introduction to the life and career of actor Tom Hanks.

The Basics of S and S-PLUS Andreas Krause, Melvin Olson, 2008-01-08 A lucid explanation of the basics of S-PLUS at a level suitable for users with little computing or statistical knowledge. Unlike the S-PLUS manuals, the book does not strive to

be comprehensive, but instead introduces the most important ideas of S-PLUS through the use of many examples. Each chapter includes a collection of exercises that are accompanied by fully worked-out solutions and detailed comments, and the whole is rounded off with practical hints on how to work efficiently in S-PLUS, making it well-suited for both self-study and as a textbook. This second edition has been updated to incorporate the completely revised S Language and its implementation in S-PLUS, while new chapters have been added to explain the Windows GUI, how to explore relationships in data using the powerful Trellis graphics system, and how to understand and use object-oriented programming. In addition, the programming chapter has been extended to cover some of the more technical but important aspects of S-PLUS.

No Crying in Baseball Erin Carlson, 2023-09-05 National Bestseller The inside story of how *A League of Their Own*—one of the most beloved baseball movies of all time—developed from an unheralded piece of American history into a perennial cinematic favorite. Featuring exclusive interviews and behind the scenes memories from the original cast and creators, . *No Crying in Baseball* is a rollicking, revelatory deep dive into a one-of-a-kind film. Before *A League of Their Own*, few American girls could imagine themselves playing professional ball (and doing it better than the boys). But Penny Marshall's genre

outlier became an instant classic and significant aha moment for countless young women who saw that throwing like a girl was far from an insult. Part fly-on-the-wall narrative, part immersive pop nostalgia, *No Crying in Baseball* is for readers who love stories about subverting gender roles as well as fans of the film who remain passionate thirty years after its release. With key anecdotes from the cast, crew, and diehard fanatics, Carlson presents the definitive, first-ever history of the making of the treasured film that inspired generations of Dottie Hinsons to dream bigger and aim for the sky.

Hollywood Economics Arthur S. De Vany, 2004 Movies expected to perform well can flop, whilst independent movies with low budgets can be wildly successful. In this text, De Vany casts his eye over all aspects of the business to present some intriguing conclusions.

Movies in American History Philip C. DiMare, 2011-06-17 This provocative three-volume encyclopedia is a valuable resource for readers seeking an understanding of how movies have both reflected and helped engender America's political, economic, and social history. *Movies in American History: An Encyclopedia* is a reference text focused on the relationship between American society and movies and filmmaking in the United States from the late 19th century through the present. Beyond discussing many important American films ranging from *Birth of a Nation* to *Star Wars* to the *Harry Potter* film series, the essays included in the volumes explore sensitive issues in cinema related to race, class, and gender, authored by international scholars who provide unique perspectives on American cinema and history. Written by a diverse group of distinguished scholars with backgrounds in history, film studies, culture studies, science, religion, and politics, this reference guide will appeal to readers new to cinema studies as well as film experts. Each encyclopedic entry provides data about the film, an explanation of the film's cultural significance and influence, information about significant individuals involved with that work, and resources for further study.

An Unprecedented Election Benjamin R. Warner, Dianne G. Bystrom, Mitchell S. McKinney, Mary C. Banwart, 2018-02-21 Written by leading scholars of political communication, this book provides a comprehensive accounting of the campaign communication that characterized the unprecedented 2016 presidential campaign. The political events leading up to election day on November 8, 2016, involved unprecedented events in U.S. history: Hillary Clinton was the first woman to be nominated by a major party, and she was favored to win the highest seat in the nation. Donald Trump, arguably one of the most unconventional and most-unlikely-to-succeed candidates in U.S. history, became the leading candidate against Clinton. Then, an even more surprising thing happened: Trump won, an outcome unexpected by all experts and statistical models. *An Unprecedented Election: Media, Communication, and the Electorate in the 2016 Campaign* presents proprietary research conducted by a national election team and leading scholars in political communication and documents the most significant—and in some cases, the most shocking—features of the 2016 U.S. presidential election. The information presented in this book is derived from national surveys, experiments, and textual analysis and helps readers grasp the truly unique characteristics

of this campaign that make it unlike any other in U.S. history. The chapters explain the underlying dynamics of this astonishing election by assessing the important role of both traditional and social media, the evolving (and potentially diminishing) influence of televised campaign advertisements, the various implications of three historic presidential debates, and the contextual significance of convention addresses. Readers will come away with an appreciation of the content and effects of the campaign communication and media coverage as well as the unique attributes of the electorate that ultimately selected Donald Trump as the 45th president of the United States.

The Psychotronic Video Guide To Film Michael Weldon, 1996 The bible of B-movies is back--and better than ever! From Abby to Zontar, this book covers more than 9,000 amazing movies--from the turn of the century right up to today's Golden Age of Video--all described with Michael Weldon's dry wit. More than 450 rare and wonderful illustrations round out this treasure trove of cinematic lore--an essential reference for every bad film fan.

Steven Spielberg Joseph McBride, 2011-01-04 Until the first edition of *Steven Spielberg: A Biography* was published in 1997, much about Spielberg's personality and the forces that shaped it had remained enigmatic, in large part because of his tendency to obscure and mythologize his own past. But in this first full-scale, in-depth biography of Spielberg, Joseph McBride reveals hidden dimensions of the filmmaker's personality and shows how deeply personal even his most commercial work has been. This new edition adds four chapters to Spielberg's life story, chronicling his extraordinarily active and creative period from 1997 to the present, a period in which he has balanced his executive duties as one of the partners in the film studio DreamWorks SKG with a remarkable string of films as a director. Spielberg's ambitious recent work--including *Amistad*, *Saving Private Ryan*, *A. I. Artificial Intelligence*, *Minority Report*, *The Terminal* and *Munich*--has continually expanded his range both stylistically and in terms of adventurous, often controversial, subject matter. *Steven Spielberg: A Biography* brought about a reevaluation of the great filmmaker's life and work by those who viewed him as merely a facile entertainer. This new edition guides readers through the mature artistry of Spielberg's later period in which he manages, against considerable odds, to run a successful studio while maintaining and enlarging his high artistic standards as one of America's most thoughtful, sophisticated, and popular filmmakers.

Talent Is Never Enough John C. Maxwell, 2007-04-01 New York Times best-selling author Dr. John C. Maxwell has a message for you, and for today's corporate culture fixated on talent above all else: TALENT IS NEVER ENOUGH. People everywhere are proving him right. Read the headlines, watch the highlights, or just step out your front door: Some talented people reach their full potential, while others self-destruct or remain trapped in mediocrity. What makes the difference? Maxwell, the go-to guru for business professionals across the globe, insists that the choices people make--not merely the skills

they inherit-propel them onto greatness. Among other truths, successful people know that: Belief lifts your talent. Initiative activates your talent. Focus directs your talent. Preparation positions your talent. Practice sharpens your talent. Perseverance sustains your talent. Character protects your talent. . . . and more!! It's what you add to your talent that makes the greatest difference. With authentic examples and time-tested wisdom, Maxwell shares thirteen attributes you need to maximize your potential and live the life of your dreams. You can have talent alone and fall short of your potential. Or you can have talent plus, and really stand out.

S By Tom Hanks Introduction

In today's digital age, the availability of S By Tom Hanks books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of S By Tom Hanks books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of S By Tom Hanks books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing S By Tom Hanks versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, S By Tom Hanks books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking

industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing S By Tom Hanks books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for S By Tom Hanks books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and

technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, S By Tom Hanks books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of S By Tom Hanks books and manuals for download and embark on your journey of knowledge?
