The Coach's Guide for Women Professors Rena Seltzer, 2023-07-03 If you find yourself thinking or saying any of the following, this is a book you need to pick up. I know or suspect that I am underpaid, but I hate negotiating. I do everything else first and then write in the time left over. I'm not sure exactly what the promotion requirements are in my department. Since earning tenure, my service load has increased and my research is suffering. I don't get enough time with my family. This is a practical guide for women in academe - whether adjuncts, professors or administrators - who often encounter barriers and hostility, especially women of color, and generally carry a heavier load of service, as well as household and care responsibilities, than their male colleagues. Rena Seltzer, a respected life coach and trainer who has worked with women professors and academic leaders for many years, offers succinct advice on how you can prioritize the multiplicity of demands on your life, negotiate better, create support networks, and move your career forward. Using telling but disguised vignettes of the experiences of women she has mentored, Rena Seltzer offers insights and strategies for managing the situations that all women face - such as challenges to their authority - while also paying attention to how they often play out differently for Latinas, Black and Asian women. She covers issues that arise from early career to senior administrator positions. This is a book you can read cover to cover or dip into as you encounter concerns about time management; your authority and influence; work/life balance; problems with teaching; leadership; negotiating better; finding time to write; developing your networks and social support; or navigating tenure and promotion and your career beyond.

Marriage Matters Janice Crouse, 2017-07-05 In *Marriage Matters*, Janice Shaw Crouse argues that marriage is a critical element in a free society and that society's most vulnerable communities, especially minorities and the poor, suffer the most from the nation's retreat from marriage. Crouse writes that marriage advances the public interest and we should create laws and policies that support rather than undermine it. She demonstrates both the public and private importance of marriage, and organizes her argument in a thoughtful and logical manner. Compared to other household arrangements, Crouse observes, marriage is by far the best for raising children and offers financial advantages as well. Writing about bullying, Crouse shows how the trend away from marriage has led to poor child-rearing and to some of the nation's worst contemporary problems. In household arrangements with an absence of traditional fathers, the government has in some ways overtaken this role by creating social programs such as food stamps, Social Security, and Medicare. Social programs are but a small part of an effective solution. The groundwork for strong marriages and lasting relationships is examined in detail. Crouse then discusses the role of sex in marriages and the harmful influence of casual sex. The second half of the work shows how marriage matters to individuals (specifically to women and children) and depicts same-sex marriage as a threat to the institution. Other public policy issues affecting marriage are also explored.

Quicklet on Elizabeth Gilbert's *Eat, Pray, Love* (CliffNotes-like Book Summary) Megan Yarnall, 2012-02-24 ABOUT THE BOOK It's rare that one can take a year or so away from family, friends, and work to travel the globe. It's even more rare that someone can write an eloquent book that documents every minute of that travel, the glamorous moments and the scary moments, and make you feel like you were along for the ride. In *Eat Pray Love*, Elizabeth Gilbert does just that, sharing herself with the world just as the world has shared itself with her. Elizabeth - or Liz, by which she goes - has taken millions of readers along on her journey across Italy, India and Indonesia. She delves first into Italian culture and shows readers what it's like to learn a language by yourself in a foreign country. She writes about the joy of making friends, the pain of staying abstinent, and the delicious decision to eat as much as possible with a comic humor that shows kindness to herself and readers struggling with similar issues: divorce, heartbreak, and loss. Across India and Indonesia, Liz continues showing her readers the possibilities of what can come when we forgive others and treat ourselves with love. MEET THE AUTHOR Megan Yarnall is a publicist and writer from Bucks County, Pennsylvania. She studied English, creative writing, and Italian at Dickinson College, and wrote her thesis on the connections between humans, their bodies, and language. She graduated in 2010 after spending four years organizing all of her college's concerts. Megan has lived abroad in Italy and loves studying foreign language, linguistics, and writing. She's also spent some time working for an environmental company and writing about all things green. In her spare time she horseback rides, rock climbs, and travels. Megan also likes hiking through Acadia National Park, warm weather, photography, and doing her own DIY projects. EXCERPT FROM THE BOOK *Eat, Pray, Love* has been touted as a guide for living well for women across the world. After the book quickly became an international

bestseller, Liz was named by Time as one of the most influential people in the world in 2008. Eat Pray Love is especially popular among women, since it follows Liz's experience as a woman exploring foreign countries and recovering from divorce and heartbreak. Many readers saw themselves in Liz and realized that the problems they were dealing were not singular. The book was published around the time when practices such as yoga and meditation were becoming household words, and Liz's experience also served to prove their worth and practicality for a calming, healing lifestyle. Readers also got a taste of pure pleasure as Liz traveled the globe. In Italy she was able to soak herself in delicious, rich food and a delicious, rich language. In India, Liz focused on healing herself, with no distractions to interrupt her thoughts. And in Indonesia, Liz enjoyed the beautiful weather, exercise, and a small house to herself. Mature Sexual Intimacy Maryann Karinch, 2019-07-08 Roughly 40 percent of the female population in the United States is in those middle years when perimenopausal symptoms have already taken hold, or they are in the throes of menopause. A normal human event such as maturing is talked about as a medical condition with warning signs of ill health. But it does come with some natural side effects, and those can cause problems with sexuality and intimacy surrounding it. Here, seasoned author Maryann Karinch tackles the subject head-on through real life stories, interviews with experts in the area, and common sense practices that will help readers enhance both the way their view themselves sexually and how they engage with romantic partners, both physically and emotionally.

Taboo or to Do? Ross Clifford, Philip Johnson, 2020-04-28 Today, some Christians--as part of their own personal growth--and some churches--as part of their desire to reach the 'spiritual but not religious'--are adapting spiritual practices that have their roots in East Asian religions or in disciplines that emerge from New Age and New Spirituality. Other voices within the Church are wary of, and in some cases condemn, involvement with such practices. This book sifts through some of the most popular practices and asks whether or not they should really be considered off-limits for Christians or incompatible with the way of Jesus. Each chapter provides a brief history of the alternative practice in focus, followed by an assessment of its strengths and weaknesses within a Christian framework, and a case study of a church interacting with the practice. *Taboo or To Do?* includes a Foreword by John Drane.

Yogalands Paul Bramadat, 2025-04-08 Millions of people practise yoga, attracted to the mat by its promise of physical and mental benefits, social connection, and spiritual nourishment. Promoted as a way of healing the body and mind from wounds inflicted by the world, modern yoga may be a critique of the social order - an "anti-world" to which practitioners escape. Yet yoga can never free itself entirely from the compromises and contradictions of reality. In *Yogalands* Paul Bramadat wrestles with his position as a skeptical scholar who is also a devoted yoga practitioner. Drawing from his own experience, and from conversations with hundreds of yoga teachers and students in the United States and Canada, he seeks to understand what yoga means for people in the modern West. In doing so, he addresses issues that often sit beneath the surface in yogaland: why yoga's religious dimensions are rarely mentioned in classes; how the relationship between yoga and trauma might be reconsidered; and how yoga seems to have survived debates around nationalism, cultural appropriation, and sexual misconduct. *Yogalands* encourages practitioners and critics to be more curious about yoga. For insiders, this can deepen their practice, and for observers, this approach is an inspiring and unsettling model for engaging with other passionate commitments.

Understanding the High-Functioning Alcoholic Sarah A. Benton, 2009-02-27 Who is the typical alcoholic among the 12.5

million living in the United States now? Many, if not most of us when asked that question, would envision a skid row bum or someone at least out of work or with little education locked into a low-skill, low-paying job. But that is not accurate, according to the results of a national study released in June, 2007 by the National Institutes of Alcohol Abuse and Alcoholism. The NIAAA determined that alcoholics in the United States really fall into five subtypes, including nearly 20 percent who are highly functional alcoholics, well-educated with good incomes. They include corporate presidents, powerful politicians, police, lawyers, doctors, scientists, and other highly-skilled, highly-educated people who are middle- to high-income and by most accounts successful. In this unprecedented book, mental health counselor Sarah Benton takes us into the worlds and minds of so-called high-functioning alcoholics, to understand how people so intelligent and achievement-oriented get drawn into states in which they secretly cannot control their liquor consumption but still manage to excel in their careers. The book includes a look at celebrity alcoholics like singer Eric Clapton and actor/comedian Robin Williams, as well as alcoholics in high positions including Chris Albrecht, former Chairman and CEO of HBO. Other high-profile people included in this book are Miss USA 2007 Tara Conner and football legend Joe Namath. With her own story of alcoholism and her recovery woven into the text, Benton takes us into the lives and challenges of these well-educated and successful people, seeking to understand how, when, and why they became addicted, as well as the reasons their alcoholism is, for most, so hard to admit, cope with, and recover from.

Making Our Own Destiny Lynne Y. Nakano, 2022-03-31 In East Asia's largest cities, hundreds of thousands of women remain single into middle age and beyond, giving rise to a demographic transformation with profound implications for their societies. Labeled in the media as "loser dogs" and "parasites" in Japan and "leftover women" in mainland China and Hong Kong, single women in East Asia are criticized for being choosy, selfish, and overly independent. Based on ethnographic research and interviews with more than a hundred single women in Shanghai, Hong Kong, and Tokyo, Making Our Own Destiny is the first study to comprehensively compare the views and experiences of single women living in these three great cities—cities that stand at the forefront of the region's movement toward later marriage and rising singlehood. This well-researched book explores how single women attempt to take advantage of unprecedented opportunities for success in education and work while navigating marriage and family expectations. Unlike their counterparts in Europe and North America, many do not have romantic partners and most do not have children. What do these women want? How do they see themselves and their place in society? What are their values, goals, and dreams? As they work to balance opportunities with expectations, single women in urban East Asia find themselves deeply embedded in the caregiving systems of their societies. In Shanghai, author Lynne Nakano finds single women rushing to marry to enter intergenerational relationships of care. In Hong Kong, they consider the risks of marriage as they tend to the needs of natal and extended families. In Tokyo, many single women hope to marry to have children while others find a place for themselves in their families as elder caregivers.

Nakano's intimate portrayals not only expose meticulously planned family strategies gone awry, engagements broken, and careers abandoned, but also highlight the experiences of women embracing the joys of remaining single. Hers is a fascinating study of modern women finding meaning in their lives while offering an insightful glimpse into the future of urban families in an age of low fertility and long transitions into adulthood.

Staying Alive: A Love Story Laura B. Hayden, 2011-06-20 Staying Alive: A Love Story is a story of hope and renewal that centers on a woman's search for meaning after the untimely death of her 49-year-old husband. Coupled with other experiences of loss in her life she is determined to, with her children, persevere. Like Annie Dillard, Hayden draws on the rhythms and rituals of the natural world to explore her Brooklyn roots and New England adulthood. Wild creatures and domesticated critters, seashores and hillsides proffer comfort and understanding as she comes to realize that "no more than a hairline and no less than an eternity" separate her from the man she loved. Even with the wear and tear her faith endures, it rarely diminishes. Her purpose - to usher her two grieving children through a difficult adolescence to a well-adjusted adulthood - resonates through her own struggles. With the precise objectivity reminiscent of Joan Didion's *The Year of Magical Thinking* and Joyce Carol Oates' *A Widow's Story*, Hayden recounts the day her husband died and the rituals and obsessions of the bereaved. Forced to look at death straight in the eye, the author stares back, wide-eyed, without blinking

through her tears. Hayden also manages to be seriously droll – in an Anne Lamott way. Never is her humor more honed than in the portrayal of her deceased spouse, whose devotion, antics, and wisdom remain ever-present to those who are staying alive without him. His death becomes not only the family's heartbreak, but the loss of a well-executed life for all who knew him or will get to know him through these essays. Whether Laura Hayden's writing deals with herself, her children, or her cadre of loved ones, it is clear that she, her daughter, and her son emerge from their tragic loss survivors, not victims of Larry's death, an outcome of which he would be very pleased. In a culture of intentionally exposed and celebrated self-victimization, the story of this family may be considered a quiet triumph.

American Idle Annette Nierobisz, Dana Sawchuk, Dana Sawchuck, Annette Marie Nierobisz, 2025-05-13 In *American Idle*, sociologists Annette Nierobisz and Dana Sawchuk report their findings from interviews with sixty-two mostly white-collar workers who experienced late-career job loss in the wake of the Great Recession. Without the benefits of planned retirement or time horizons favorable to recouping their losses, these employees experience an array of outcomes, from hard falls to soft landings. Notably, the authors find that when reflecting on the effects of job loss, fruitless job searches, and the overall experience of unemployment, participants regularly called on the frameworks instilled by neoliberalism. Invoking neoliberal rhetoric, these older Americans deferred to businesses' need to prioritize bottom lines, accepted the shift toward precarious employment, or highlighted the importance of taking initiative and maintaining a positive mindset in the face of structural obstacles. Even so, participants also recognized the incompatibility between neoliberalism's "one-size-fits-all" solutions and their own situations; this disconnect led them to consider their experiences through competing frameworks and to voice resistance to aspects of neoliberal capitalism. Employing a life course sociology perspective to explore older workers' precarity in an age of rising economic insecurity, Nierobisz and Sawchuk shed light on a new wrinkle in American aging.

America, We Need to Talk Joel Berg, 2017-02-28 The newest book by Joel Berg—an internationally recognized leader and media spokesman in the fields of hunger, poverty, food systems, and U.S. politics, and the director of Hunger Free America--*America We Need to Talk: A Self-Help Book for the Nation* is both a parody of relationship and self-help books and a serious analysis of the nation's political and economic dysfunction. Explaining that the most serious--and most broken--relationship is the one between us, as Americans, and our nation, the book explains how, no matter who becomes our next president, average Joes can channel their anger at our hobbled system into concrete actions that will fix our democracy, rebuild our middle class, and restore our stature in the world as a beacon of freedom and hope. Starting with the belief that it's irresponsible for Americans to blame the nation's problems solely on the politicians or the system, Joel makes a case for how it's the personal responsibility of every resident of this country to fix it. The American people are in a relationship with their government and their society, and, as in all relationships, it's the responsibility of both sides to recognize and repair

their problems.
