

Paises Baratos Para Vivir En Latinoamerica

M Walker

Retomemos la economía Cameron, Jenny,Healy, Stephen,2017-04-04 Al despertar de la crisis económica global, más y más gente está reconsiderando su papel en la economía y preguntándose qué puede hacer para que funcione mejor para la humanidad y el planeta. J. K. Gibson-Graham, Jenny Cameron y Stephen Healy contribuyen en términos prácticos a la compleja comprensión de la economía y responden a la pregunta: ¿qué podemos hacer ahora mismo en nuestras comunidades para hacer la diferencia? Con ejercicios atractivos, herramientas para pensar y ejemplos inspiradores de distintos lugares del mundo, este innovador libro muestra de qué manera la gente puede generar cambios a pequeña escala en sus propias vidas para crear economías éticas, pues desmantela la idea según la cual la economía es una cuestión ajena a la gente común y demuestra que es el resultado de las decisiones y los esfuerzos que hacemos en el día a día.

America Latina, hoy Robert Jackson Alexander,1968

Historia económica de Chile desde la Independencia Manuel Llorca-Jaña,Rory Miller,2021-01-01 Este es el primer manual de historia económica de Chile que abarca más de dos siglos de los principales acontecimientos económicos del país. Está dirigido a estudiantes de pregrado y posgrado, así como a un público general. Todos los capítulos fueron escritos por especialistas en sus períodos o temáticas. La primera parte entrega una rica síntesis de la historia económica chilena desde la Independencia hasta el siglo xxi, para siete períodos claves de nuestra historia económica. En la segunda parte se ahondan varias de las problemáticas enunciadas en la primera pero para sectores específicos. Una tercera parte trata sobre otros aspectos clave del desarrollo económico, tales como la evolución de precios y salarios, grupos económicos, demografía, desigualdad, economía mapuche y rutas comerciales coloniales.

PUB-LICIDAD Cristián F. Núñez Sacaluga,2013-11-20 En un contexto sociocultural caracterizado por la contingencia entre lo posible y lo probable; entre la belleza y la fealdad; entre la utilidad y la inutilidad, a juicio del que escribe, los análisis meramente morfológicos de las manifestaciones publicitarias de hoy, se tornan en meras descripciones de lo

representado, sin contemplar en su totalidad la fluctuante esencia identitaria de los consumidores como modificadora de la cultura, en tanto, flexible y temporalmente cambiante en términos de deseos y/o necesidades. El presente libro, analiza los aconteceres publicitarios de los últimos años, para luego realizar un exhaustivo examen semiológico de los símbolos como inagotables modificadores de los imaginarios sociales y/o colectivos de la vida social de las comunidades y su cultura. En definitiva, define la publicidad y otras comunicaciones integradas de marketing, como creadoras sistémicas de símbolos que constantemente modifican y homogeneizan los actos de consumo y por tanto las características que especifican los actos de los diversos grupos sociales.

Razonamiento clínico Rodrigo Henríquez, 2023-08-01 Más allá de los contenidos técnicos, bien definidos y desarrollados, considero que este texto puede y, quizás, debe ser leído y utilizado, a la vez, como una invitación y un compromiso para reproducir, tanto la historia profesional como la historia de vida de Juan Martín Moreira, el primero de sus autores que, lamentablemente, falleció con el deseo inconcluso de realizar este libro. Juan tuvo, durante su vida profesional, algunas preguntas fundamentales y complejas, que coinciden profundamente con los conceptos, metodologías y herramientas que se presentan aquí, con el objetivo de responder esas interrogantes. ¿Cómo garantizar decisiones informadas y compartidas, que sean expresión de una responsabilidad transparente? ¿Cómo lograr lo anterior cuando en la práctica nos encontramos con varias condiciones inciertas y barreras de conocimiento y de recursos?
