Reeds Superyacht Manual James Clarke, 2007-09-03 This new manual is set to become the standard reference aboard all large yachts.

Sailing at the U.S. Naval Academy Robert W. McNitt, 1996 This heavily illustrated book chronicles sailing's unique heritage at the Naval Academy from 1845 onward. It begins in the days of fighting sail, when the reputation of a naval officer depended principally on his ability to handle a square-rigged ship and when sailing was the central activity of the school. Sailing offers vivid descriptions of training aboard the grand old practice ships - Constitution, Constellation, and Macedonian - under master mariners like Stephen B. Luce, then moves to the 1930s, when some energetic midshipmen revived the sailing program by entering intercollegiate competition and offshore racing. By 1995 the program was the most popular midshipman activity; academy sailors won the Dinghy National Championship four times in five years and the top prize in the Newport-to-Bermuda Race - after fifty-four years of trying! Written by a well-known sailor and longtime ocean-racing coach at the Academy, the book is filled with dramatic stories of great races and adventurous cruising. And it records the history of the famous Luders yawls Fearless, Dandy, and Flirt, and the donated boats Vamarie, Highland Light, and Royono, among others, plus sixty years of intercollegiate small-boat racing. It also documents the academy's development of the Quick Stop man-overboard rescue maneuver and its Safety at Sea seminar program, both of which have been adopted nationwide. Admiral McNitt credits the contributions and support of the Fales Committee, the Naval Academy Sailing Squadron, and other civilian groups who have provided invaluable support over many years. Appendixes list Dinghy National Championship winners, midshipman All-American sailors, the performance of academy boats in the Bermuda race, and members of the Fales Committee.

**The Voyager's Handbook : The Essential Guide to Blue Water Cruising** Beth Leonard, 2006-11-16 "Belongs in the bookshelf of every cruising vessel."—Blue Water Sailing "If you are serious about that extended voyage, read The Voyager's

Handbook.”—Sailing “Every now and then a new voice emerges in the world of sailing literature that stands out, a voice that is both clear and of lasting quality. The appearance of such a new voice is something of an event, and that’s what we’d call the publication of *The Voyager’s Handbook*.”—Blue Water Sailing This inspirational and comprehensive manual leads you step by step through every aspect of choosing, planning, and following the voyager’s life. Using three example boats representing three cruising lifestyles—Simplicity, Moderation, and Highlife—Beth Leonard helps make your bluewater dreams come true, whether you’re sailing on a shoestring or a CEO’s pension. Starting with the things you can’t do without—an enthusiastic crew, a seaworthy boat, and, of course, money—Leonard offers sage advice on how to select crewmembers who are truly committed to the voyage, how to choose the right boat for you, and how to find just the right approach to financing your voyage and making the most of every dollar spent. Managing life from a floating home and keeping that home livable, seaworthy, and safe requires you to become, among other things, the ship’s purser, engineer, doctor, cook, and cruise director. You’ll discover how to prepare for these new roles and put necessary equipment and arrangements in place before you untie your docklines. This exquisitely detailed guide also helps you master the skills you’ll need to handle a boat at sea with a small crew, including Weather forecasting Passage planning Watchkeeping Heavy-weather sailing Emergency management Midocean repairs Complete with dozens of easy-to-use graphs and tables for quick reference, along with the hard-won wisdom of experienced cruisers, *The Voyager’s Handbook* is the ultimate resource for anyone who is planning, preparing for, or just dreaming about a great adventure on the high seas.
