Until the night Monique encounters the little ghost sitting at the end of her bed. When she turns out to be--not a ghost at all--but a young girl named Sevrine, who has been hiding from the Nazis in Monique's own basement, how could Monique not be surprised! Playing upstairs after dark, the two become friends until, in a terrifying moment, they are discovered, sending both of their families into a nighttime flight. In the tradition of Pink and Say, Patricia Polacco once again dips into her own family's history to reveal her Aunt Monique's true story of friendship from the French Resistance.

Pink and Say Patricia Polacco, 1994-09-15 A powerful and heartwarming look at a moment in American history--from master storyteller Patricia Polacco, author of Thank You, Mr. Falker. This Kindness Edition features discussion questions at the back of the book to help guide readers through conversations about its story and message! Perfect for classrooms and more! When Sheldon Russell Curtis told this story to his daughter, Rosa, she kept every word in her heart and was to retell it many times. I will tell it in Sheldon's own words as nearly as I can. He was wounded in a fierce battle and left for dead in a pasture somewhere in Georgia when Pinkus found him. Pinkus' skin was the color of polished mahogany, and he was flying Union colors like the wounded boy, and he picked him up out of the field and brought him to where the black soldier's mother, Moe Moe Bay, lived. She had soft, gentle hands and cared for him and her Pink. But the two boys were putting her in danger, two Union soldiers in Confederate territory! They had to get back to their outfits. Scared and uncertain, the boys were faced with a hard decision, and then marauding Confederate troops rode in. In this Civil War story passed from great-grandfather to grandmother, to son, and finally to the author-artist herself, Patricia Polacco once again celebrates the shared humanity of the peoples of this world. Now with questions at the back of the book to help guide readers through discussions about the ideas featured in the story, this kindness edition of Pink and Say brings celebrated author-illustrator Patricia Polacco's work to a new audience of young readers who can be inspired by its message.

him in. Then one night, the majestic ship hit an iceberg. He and Mrs. Weeks were put on a lifeboat—and Mr. Hartley and his band bravely continued to play to calm the crew and passengers. In 1962 a stray dog was found under a pile of boxes in a Coast Guard warehouse in what used to be called Government Island, the Coast Guard Base in San Francisco Bay, when a seaman named Dave Bunch was mopping the floor. It was love at first sight. At first the men decided to hide the pup from the Commander, thinking she wouldn't be allowed. But soon enough all of the men in the barracks fell hard for the little dog. Then one day when high waves challenged another vessel at sea, it was Vera's fierce determination and natural swimming ability that brought the life preserver and safety line to the sinking boat. Vera became a hero and the beloved pet and mascot of the San Francisco Coast Guard.

Oh, Look! Patricia Polacco, 2004-03-30 The famous Polacco goats are back! In this playful interactive chant, three mischievous little goats find their way out of the gate (squeak, squeak, squeak!), over a bridge (click, click, click!) through some mud (squish, squish, squish!), onto a carousel (um pah pah pah, um pah pah!)...and right into the path of an angry ogre! Of course, they are happy to turn right around and run straight back over the path they traveled, until at last they are back home again, safe and sound. Writing Sense Juli Kendall, Outey Khuon, 2023-10-10 Writing is all about making meaning. The prospect of teaching writing to a classroom full of students—some who speak English and some who don't, can be overwhelming. When students learning English are at different levels, the task is even more challenging. *Writing Sense: Integrated Reading and Writing*

Lessons for English Language Learners outlines the classroom conditions necessary for successful writing instruction with English language learners, whether in writing workshop and/or small-group instruction. It includes 68 classroom-tested lessons for grades K 8 that show kids at all levels of language acquisition how to make connections, ask questions, visualize (make mental images), infer, determine importance, synthesize, monitor meaning and comprehension, and use fix-up strategies. The five main sections are geared to the stages of language proficiency, and lessons are divided into younger and older students, spanning kindergarten through to grade eight. There are extensive lists of suggested books for mentor texts as well as lists of mentor authors to facilitate teachers' planning and instruction.

The Junkyard Wonders Patricia Polacco, 2024-09-03 A heartwarming story of friendship and celebrating our differences--and the teachers who help us shine--from master storyteller Patricia Polacco, author of *Thank You, Mr. Falker*. In this story based on the author-illustrator's own childhood, Patricia Polacco once again celebrates the power teachers have to help us discover the potential we each hold. Young Trisha is devastated when she finds out that her class at her new school is known as the junkyard. It is a special class, and she had moved from where she used to live so she wouldn't be in a special class anymore! But then she meets her teacher, the amazing Mrs. Peterson, and her classmates, an oddly brilliant group of misfit kids, whom the other kids in school call the junkyard kids. Much to her own surprise, it is here in the junkyard that Trisha discovers the true meaning of genius, and that this group of misfits are, in fact, *Junkyard Wonders*, each and every one of them. Now with questions at the back of the book to help guide readers through discussions about the ideas featured in the story, this kindness edition of *The Junkyard Wonders* brings celebrated author-illustrator Patricia Polacco's work to a new audience of young readers who can be inspired by its message.

And they teach their children that different doesn't mean wrong. No matter how many moms or dads they have, they are everything a family is meant to be. Now with questions at the back of the book to help guide readers through discussions about the ideas featured in the story, this kindness edition of *In Our Mothers' House* brings celebrated author-illustrator Patricia Polacco's work to a new audience of young readers who can be inspired by its message of a wonderful family living by its own rules, held together by a very special love.

Making Sense Juli Kendall, Outey Khuon, 2005 Reading is all about understanding. Many English language learners simply do not understand what they are reading, whether it's a picture book, a literature selection, or a science textbook. Juli Kendall and Outey Khuon believe that small group comprehension lessons have a key role to play in advancing students'

understanding of texts. Making Sense provides answers to many common questions asked by teachers of English language learners: How do we organize small-group comprehension instruction? How do we select books to teach strategies? How do we know our kids are getting it--and what do we do when they don't get it? It is an easy-to-use, practical resource for ELD, ESL, and ESOL pull-out teachers, and for push-in teachers working in-class to support English language learners. The book's five main sections are geared to the stages of language proficiency, and lessons are divided into 'younger' and 'older' students, spanning kindergarten through grade 8. The authors outline fifty-two lessons that teach students how to make connections, ask questions, visualize (make mental images), infer, determine importance, and synthesize. Each lesson follows a four-part teaching framework: Start Up/Connection--helping students build background and use prior knowledge to connect to the lesson; Give Information--explicitly telling students what they are going to learn and why they are learning it, and then teaching them; Active Involvement--often occurs during the teaching as students practice what they are learning while the teacher checks for understanding and monitors and adjusts instruction; Off-You-Go --opportunities for students to practice what they learned with peers or independently. Making Sense also explores the stages of language proficiency through descriptions of ten English language learners of different ages. A chart of student characteristics for each stage shows how students demonstrate understanding and outlines the implications for planning instruction. This book will appeal to experienced teachers seeking to expand their repertoire of lessons, as well as new teachers just beginning the adventure of teaching comprehension to English language learners.
