Cultivating Humanity Martha C. Nussbaum, 1997 How can higher education today create a community of critical thinkers and searchers for truth that transcends the boundaries of class, gender, and nation? Philosopher and classicist Martha C. Nussbaum takes up the challenge of conservative critics of academe to argue persuasively that sustained reform in the aim and content of liberal education is the most vital and invigorating force in higher education.

Justice for Animals Martha C. Nussbaum, 2024-01-23 A revolutionary new theory and call to action on animal rights, ethics, and law from the renowned philosopher Martha C. Nussbaum. Animals are in trouble all over the world. Whether through the cruelties of the factory meat industry, poaching and game hunting, habitat destruction, or neglect of the companion animals that people purport to love, animals suffer injustice and horrors at our hands every day. The world needs an ethical awakening, a consciousness-raising movement of international proportions. In *Justice for Animals*, one of the world's most influential philosophers and humanists Martha C. Nussbaum provides a revolutionary approach to animal rights, ethics, and law. From dolphins to crows, elephants to octopuses, Nussbaum examines the entire animal kingdom, showcasing the lives of animals with wonder, awe, and compassion to understand how we can create a world in which human beings are truly friends of animals, not exploiters or users. All animals should have a shot at flourishing in their own way. Humans have a collective duty to face and solve animal harm. An urgent call to action and a manual for change, Nussbaum's groundbreaking theory directs politics and law to help us meet our ethical responsibilities as no book has done before--

Not for Profit Martha C. Nussbaum, 2016-11-08 A passionate defense of the humanities from one of today's foremost public intellectuals In this short and powerful book, celebrated philosopher Martha Nussbaum makes a passionate case for the importance of the liberal arts at all levels of education. Historically, the humanities have been central to education because they have been seen as essential for creating competent democratic citizens. But recently, Nussbaum argues, thinking about the aims of education has gone disturbingly awry in the United States and abroad. We increasingly treat education as though its primary goal were to teach students to be economically productive rather than to think critically and become knowledgeable, productive, and empathetic individuals. This shortsighted focus on profitable skills has eroded our ability to criticize authority, reduced our sympathy with the marginalized and different, and damaged our competence to deal with complex global problems. And the loss of these basic capacities jeopardizes the health of democracies and the hope of a

decent world. In response to this dire situation, Nussbaum argues that we must resist efforts to reduce education to a tool of the gross national product. Rather, we must work to reconnect education to the humanities in order to give students the capacity to be true democratic citizens of their countries and the world. In a new preface, Nussbaum explores the current state of humanistic education globally and shows why the crisis of the humanities has far from abated. Translated into over twenty languages, *Not for Profit* draws on the stories of troubling—and hopeful—global educational developments. Nussbaum offers a manifesto that should be a rallying cry for anyone who cares about the deepest purposes of education.

Martha C. Nussbaum Martha Craven Nussbaum, 2001 The philosophical writings of Martha C. Nussbaum, Professor of Law at the University of Chicago, are distinguished by their synthesis of different research areas and by their treatment of current, socially controversial issues. In her ethical and political philosophy, Nussbaum gives detailed readings of works from ancient Greece and Rome, interpreting classical texts with a view to their relevance for contemporary questions. Her capabilities-approach, developed through her work on Aristotle, has become an established part of political philosophy and of the ethics of the good life. Spurred by her involvement with international organizations, Nussbaum has also employed her philosophical program to confront and investigate ways of solving problems of social justice. In this volume, Nussbaum's work is examined in the context of current philosophical debates, with discussions other thinking on the relationship of literature and ethics, on feminism, on the politics of international development, and on the idea of cosmopolitanism.

Creating Capabilities Martha C. Nussbaum, 2011-07-31 This is a primer on the Capabilities Approach, Martha Nussbaum's innovative model for assessing human progress. She argues that much humanitarian policy today violates basic human values; instead, she offers a unique means of redirecting government and development policy toward helping each of us lead a full and creative life.

Political Emotions Martha C. Nussbaum, 2013-10-01 Martha Nussbaum asks: How can we sustain a decent society that aspires to justice and inspires sacrifice for the common good? Amid negative emotions endemic even to good societies, public emotions rooted in love—intense attachments outside our control—can foster commitment to shared goals and keep at bay the forces of disgust and envy.

Sex and Social Justice Martha C. Nussbaum, 1999 Growing out of Nussbaum's years of work with an international development agency connected with the United Nations, this collection charts a feminism that is deeply concerned with the urgent needs of women who live in hunger and illiteracy, or under unequal legal systems. Offering an internationalism informed by development economics and empirical detail, many essays take their start from the experiences of women in developing countries. Nussbaum argues for a universal account of human capacity and need, while emphasizing the essential role of knowledge of local circumstance. Further chapters take on the pursuit of social justice in the sexual sphere, exploring

the issue of equal rights for lesbians and gay men.

Philosophical Interventions Martha C. Nussbaum, 2012-01-24 This volume collects the notable published book reviews of Martha C. Nussbaum, an acclaimed philosopher who is also a professor of law and a public intellectual. Her academic work focuses on questions of moral and political philosophy and on the nature of the emotions. But over the past 25 years she has also written many book reviews for a general public, in periodicals such as *The New Republic* and *The New York Review of Books*. Dating from 1986 to the present, these essays engage, constructively and also critically, with authors like Roger Scruton, Allan Bloom, Charles Taylor, Judith Butler, Richard Posner, Catharine MacKinnon, Susan Moller Okin, and other prominent intellectuals of our time. Throughout, her views defy ideological predictability, heralding valuable work from little-known sources, deftly criticizing where criticism is due, and generally providing a compelling picture of how philosophy in the Socratic tradition can engage with broad social concerns. For this volume, Nussbaum provides an intriguing introduction that explains her selection and provides her view of the role of the public philosopher.

Hiding from Humanity Martha C. Nussbaum, 2009-01-10 Should laws about sex and pornography be based on social conventions about what is disgusting? Should felons be required to display bumper stickers or wear T-shirts that announce their crimes? This powerful and elegantly written book, by one of America's most influential philosophers, presents a critique of the role that shame and disgust play in our individual and social lives and, in particular, in the law. Martha Nussbaum argues that we should be wary of these emotions because they are associated in troubling ways with a desire to hide from our humanity, embodying an unrealistic and sometimes pathological wish to be invulnerable. Nussbaum argues that the thought-content of disgust embodies magical ideas of contamination, and impossible aspirations to purity that are just not in line with human life as we know it. She argues that disgust should never be the basis for criminalizing an act, or play either the aggravating or the mitigating role in criminal law it currently does. She writes that we should be similarly suspicious of what she calls primitive shame, a shame at the very fact of human imperfection, and she is harshly critical of the role that such shame plays in certain punishments. Drawing on an extraordinarily rich variety of philosophical, psychological, and historical references—from Aristotle and Freud to Nazi ideas about purity—and on legal examples as diverse as the trials of Oscar Wilde and the Martha Stewart insider trading case, this is a major work of legal and moral philosophy.

The Cosmopolitan Tradition Martha C. Nussbaum, 2019-08-13 “Profound, beautifully written, and inspiring. It proves that Nussbaum deserves her reputation as one of the greatest modern philosophers.” —Globe and Mail “At a time of growing national chauvinism, Martha Nussbaum’s excellent restatement of the cosmopolitan tradition is a welcome and much-needed contribution...Illuminating and thought-provoking.” —Times Higher Education The cosmopolitan political tradition in Western thought begins with the Greek Cynic Diogenes, who, when asked where he came from, said he was a citizen of the world. Rather than declare his lineage, social class, or gender, he defined himself as a human being, implicitly asserting the equal

worth of all human beings. Martha Nussbaum pursues this “noble but flawed” vision and confronts its inherent tensions. The insight that politics ought to treat human beings both as equal and as having a worth beyond price is responsible for much that is fine in the modern Western political imagination. Yet given the global prevalence of material want, the conflicting beliefs of a pluralistic society, and the challenge of mass migration and asylum seekers, what political principles should we endorse? The Cosmopolitan Tradition urges us to focus on the humanity we share rather than on what divides us. “Lucid and accessible...In an age of resurgent nationalism, a study of the idea and ideals of cosmopolitanism is remarkably timely.”

—Ryan Patrick Hanley, *Journal of the History of Philosophy*

Cultivating Humanity Martha C. Nussbaum, 1998-10-01 How can higher education today create a community of critical thinkers that transcends the boundaries of class, gender, and nation? Martha Nussbaum, philosopher and classicist, argues that contemporary curricular reform is already producing such “citizens of the world” in its advocacy of diverse forms of cross-cultural studies.

Poetic Justice Martha Nussbaum, 1997-04-30 In *Poetic Justice*, one of our most prominent philosophers explores how the literary imagination is an essential ingredient of just public discourse and a democratic society.

Nussbaum and Law Robin West, 2017-07-05 The essays collected in this volume reflect the profound impact of Martha Nussbaum’s philosophical writings on law and legal scholarship. The capabilities approach that she has largely authored has influenced the approach scholars take to the law of disabilities, both in the United States and in Canada, as well as to international human rights and to domestic private law’s protections of vulnerable populations. Her analyses of the relationship between our emotions and our thought and action has triggered a re-assessment of the legal regulation and recognition of emotion in a range of fields, most particularly in the field of criminal law; and her writing on the nature of dignity has informed an understanding of the emerging civil rights of gay and lesbian citizens worldwide. Our appreciation of the role of narrative in legal thought and discourse and the contributions of literature to law and legal culture, have also been broadened and deepened by her contributions. Taken together, and including the introduction by the editor, the essays collected in this volume demonstrate the far-reaching impact of Nussbaum’s philosophical oeuvre.

Upheavals of Thought Martha C. Nussbaum, 2003-04-14 In this compelling new book, Martha C. Nussbaum presents a powerful argument for treating emotions not as alien forces but as highly discriminating responses to what is of value and importance. She explores and illuminates the structure of a wide range of emotions, in particular compassion and love, showing that there can be no adequate ethical theory without an adequate theory of the emotions. This involves understanding their cultural sources, their history in infancy and childhood, and their sometimes unpredictable and disorderly operations in our daily lives.

The Therapy of Desire Martha C. Nussbaum, 2009-07-26 Martha Nussbaum examines texts of philosophers committed

to a therapeutic paradigm - including Epicurus, Lucretius, Sextus Empiricus, Chrysippus and Seneca - and recovers a valuable source for our moral and political thought to day.

The Clash Within Martha NUSSBAUM, 2009-06-30 While America is focused on religious militancy and terrorism in the Middle East, democracy has been under siege from religious extremism in another critical part of the world. As Nussbaum reveals in this penetrating look at India today, the forces of the Hindu right pose a disturbing threat to its democratic traditions and secular state. Nussbaum's long-standing professional relationship with India makes her an excellent guide to its recent history.

Sex and Social Justice Martha C. Nussbaum, 2000-08-24 What does it mean to respect the dignity of a human being? What sort of support do human capacities demand from the world, and how should we think about this support when we encounter differences of gender or sexuality? How should we think about each other across divisions that a legacy of injustice has created? In *Sex and Social Justice*, Martha Nussbaum delves into these questions and emerges with a distinctive conception of feminism that links feminist inquiry closely to the important progress that has been made during the past few decades in articulating theories of both national and global justice. Growing out of Nussbaum's years of work with an international development agency connected with the United Nations, this collection charts a feminism that is deeply concerned with the urgent needs of women who live in hunger and illiteracy, or under unequal legal systems. Offering an internationalism informed by development economics and empirical detail, many essays take their start from the experiences of women in developing countries. Nussbaum argues for a universal account of human capacity and need, while emphasizing the essential role of knowledge of local circumstance. Further chapters take on the pursuit of social justice in the sexual sphere, exploring the issue of equal rights for lesbians and gay men. Nussbaum's arguments are shaped by her work on Aristotle and the Stoics and by the modern liberal thinkers Kant and Mill. She contends that the liberal tradition of political thought holds rich resources for addressing violations of human dignity on the grounds of sex or sexuality, provided the tradition transforms itself by responsiveness to arguments concerning the social shaping of preferences and desires. She challenges liberalism to extend its tradition of equal concern to women, always keeping both agency and choice as goals. With great perception, she combines her radical feminist critique of sex relations with an interest in the possibilities of trust, sympathy, and understanding. *Sex and Social Justice* will interest a wide readership because of the public importance of the topics Nussbaum addresses and the generous insight she shows in dealing with these issues. Brought together for this timely collection, these essays, extensively revised where previously published, offer incisive political reflections by one of our most important living philosophers.

The Fragility of Goodness Martha C. Nussbaum, 2001-01-15 This book, first published in 2001, is a study of ancient views about 'moral luck'.

The Monarchy of Fear Martha C. Nussbaum, 2018-07-19 From one of the world's most celebrated moral philosophers comes a thorough examination of the current political crisis and recommendations for how to mend a divided country. For decades Martha C. Nussbaum has been an acclaimed scholar and humanist, earning dozens of honours for her books and essays. In *The Monarchy of Fear* she turns her attention to the current political crisis that has polarized America since the 2016 election. Although today's atmosphere is marked by partisanship, divisive rhetoric, and the inability of two halves of the country to communicate with one another, Nussbaum focuses on what so many pollsters and pundits have overlooked. She sees a simple truth at the heart of the problem: the political is always emotional. Globalization has produced feelings of powerlessness in millions of people in the West. That sense of powerlessness bubbles into resentment and blame. Blame of immigrants. Blame of Muslims. Blame of other races. Blame of cultural elites. While this politics of blame is exemplified by the election of Donald Trump and the vote for Brexit, Nussbaum argues it can be found on all sides of the political spectrum, left or right. Drawing on a mix of historical and contemporary examples, from classical Athens to the musical *Hamilton*, *The Monarchy of Fear* untangles this web of feelings and provides a roadmap of where to go next.
