Van Halen on track Morgan Brown, 2023-05-12 Van Halen are arguably America's greatest-ever rock n' roll band. From inauspicious roots as a backyard covers outfit, they went on to revolutionise and revitalise heavy rock, creating a world-conquering blend of heavy metal power, punk energy and pop hooks. Armed with staggering musical virtuosity and irresistible charisma, they sold millions of records and spawned legions of imitators. From their humble origins and meteoric rise, through some dark, troubled years, to their triumphant rebirth, the band produced a remarkable body of work. In this thorough and illuminating book, Morgan Brown guides us song by song through the band's classic albums, charting their development from Sunset Strip upstarts to multi-platinum stadium rockers and beyond. We'll examine the music's ingredients and inspirations and meet the characters behind the songs, including visionary guitar genius the late Edward Van Halen, motormouth master showman David Lee Roth, and his replacement, powerful vocalist Sammy Hagar, who ushered in a new era for the band. Equally suitable for inquisitive new listeners or long-time fans, this book is both an in-depth guide to and an enthusiastic celebration of the career of a truly legendary band. Feel like diving in? Well, as Roth said, go ahead and jump! Morgan Brown is the author of one previous title in the On Track series on The Damned and has been an active part of the UK music scene for over twenty years as a guitarist, drummer and songwriter. He is a self-confessed music nerd, enjoying a wild assortment of punk, pop, folk, jazz, heavy metal, country and whatever else takes his fancy. He is also an avid consumer of sci-fi and crime fiction and is a regular contributor to Hark! The 87th Precinct Podcast, which is dedicated to the

detective novels of Ed McBain. He lives in Liverpool, UK.

From the Everly Brothers, to the Ramones, to Public Enemy, the work covers a wide variety of styles and genres, clearly illustrating the connections between them. My Heart Is Sealed Carmen Richter,2017-12-09 When I was sixteen, I met the love of my life. When I was eighteen, he let me go so I could chase my dream in New York. When I was twenty-two, the dream I'd been chasing came true. When I was twenty-three, the man I'd never stopped loving came back into my life. And when I was twenty-five, I moved back to Florida to start a life with him. Everyone in St. Augustine was so happy to have me back. Except for one person. One person who seemed to want nothing more than to watch the life I was trying to build with my fiancé fall apart. When we first met, Elijah and I had to fight because we weren't supposed to be in love. But how were we supposed to fight this time, when we had no idea who we were fighting or why we were fighting them? See author's website for a full list of content and trigger warnings. Note: *My Heart Is Sealed* is the second book of the *Sealed With a Kiss* series, and the second book of Zoe's continuous trilogy, which started with *My Lips Are Sealed* and must be read in order.

Professor Lundy's Guide to Rock Music Connoisseurship Duane Emerson Lundy,2023-10-20 This empirical and theoretical book should be of interest to anyone who dares to consider the contentious topic of measuring and justifying aesthetic value in music, as well as the issue of how experts compare to nonexperts in terms of aesthetic fluency, aesthetic sensitivity and aesthetic judgment in appraising music. The book should be both practical and personal for anyone who has a music collection and loves to see it grow continuously but wisely. What makes someone an expert? The key issue tackled here is how one develops into such a connoisseur of music. Overall, the book should spark much healthy debate about rock music quality and aesthetics in general, both among scholars of aesthetics and the musically passionate general public. Many of the ideas for connoisseur development for music could also be applied to appraisal in other areas of aesthetics beyond music, such as films, visual art, or literature. Words of Praise Professor Lundy's Guide to Rock Music Connoisseurship is simply fantastic. It is written with elegance, eloquence, and passion. His vast knowledge of rock'n'roll will enlighten every reader, and his enthusiasm for this topic is infectious. The book is designed to be comprehensible to any reader, but also carefully cited to please the most demanding scholar. He successfully aims to teach the reader how to become expert in evaluating the aesthetic quality of music, using a precision system to guide us into deeper and defensible judgements on what pieces of

music are the best and which are the worst. This is a beautiful book that enriches the heart and brightens the mind. --Rhett Diessner, Professor Emeritus of Psychology, Lewis-Clark State College, author of *Understanding the Beauty Appreciation Trait: Empirical Research on Seeking Beauty in All Things* Aesthetic judgments of music are important, but poorly understood. To the everyday listener, they may seem arbitrary or otherwise inexplicable. In this book, Professor Lundy offers an unashamedly positive view on aesthetic judgments, emphasizing their rational nature and showing how various non-aesthetic biases that do exist can be minimized. The result is a joyful celebration of music, science, and connoisseurship, which is sure to spark further interest and debate on this fascinating topic. --Professor Patrik N. Juslin, Music Psychology Group, Uppsala University, Sweden
