The Brooklyn Film John B. Manbeck,Robert Singer,2010-06-28 Brooklyn, New York, a borough of New York City, is known for its distinctive vernacular, its communal feel on the fringes of a booming city, and its famous bridge, a gateway to the unlimited opportunities in Manhattan. Of course, Coney Island deserves a mention as it garners its own fame independent of Brooklyn, its parent locale. New York City moviemaking got its start in Brooklyn when Charles E. Chinnock shot his silent film in 1894. Since then, many films have been made, studios opened and stars born in Brooklyn, contributing to its undeniable influence in the film industry. This work is a collection of essays on the topic of Brooklyn as portrayed in film. It includes a discussion of race relations in films dealing with Brooklyn, the story of Jackie Robinson as shown on film, the changing face of cinematic Brooklyn and some thoughts on a Brooklyn filmgoer's experience. The combination of Brooklyn and baseball in the films of Paul Auster is examined, as well as the typical portrayal of a Brooklyn native in film.

Far from Heaven Glyn Davis,2011-06-13 Nominated for four Oscars, Far from Heaven earned rave reviews and won widespread cultural and critical recognition. A knowing and emotionally involving homage to the films of Douglas Sirk, this film is a key text in the canon of American independent cinema. This book offers a detailed and perceptive study of Haynes' film, with each chapter centred on a topic crucial for understanding Far from Heaven's richness and seductive pleasures (authorship, melodrama, queerness). The film is also positioned in relation to the rest of Todd Haynes' work, the New Queer

Cinema movement, and the history of US independent cinema.

The Coen Brothers Encyclopedia Lynnea Chapman King, 2014-10-10 Joel and Ethan Coen have written and directed some of the most celebrated American films of the last thirty years. The output of their work has embraced a wide range of genres, including the neo-noirs *Blood Simple* and *The Man Who Wasn't There*, the absurdist comedy *Raising Arizona*, and the violent gangster film *Miller's Crossing*. Whether producing original works like *Fargo* and *Barton Fink* or drawing on inspiration from literature, such as Charles Portis' *True Grit* or Cormac McCarthy's *No Country for Old Men*, the brothers put their distinctive stamp on each film. In *The Coen Brothers Encyclopedia*, all aspects of these gifted siblings as writers, directors, producers, and even editors—in the guise of Roderick Jaynes—are discussed. Entries in this volume focus on creative personnel behind the camera, including costume designers, art directors, and frequent contributors like cinematographer Roger Deakins and composer Carter Burwell. Recurring actors are also represented, such as Jeff Bridges, Steve Buscemi, George Clooney, John Goodman, Holly Hunter, Frances McDormand, and John Turturro. Each entry is followed by a bibliography of published sources, both in print and online. From *Blood Simple* to *Inside Llewyn Davis*, *The Coen Brothers Encyclopedia* is a comprehensive reference on two of the most significant filmmakers of the last three decades. An engaging examination of their work, this volume will appeal to scholars, researchers, and fans interested in this creative duo.

The A to Z of African American Cinema S. Torriano Berry, Venise T. Berry, 2009-09-02 On 4 July, 1910, in 100-degree heat at an outdoor boxing ring near Reno, Nevada, film cameras recorded and thousands of fans witnessed former heavyweight champion Jim Jeffries' reluctant return from retirement to fight Jack Johnson, a black man. After 14 grueling rounds, Johnson knocked out Jeffries and for the first time in history, there was a black heavyweight champion of the world. At least 10 people lost their lives because of Johnson's victory and hundreds more were injured due to white retaliation and wild celebrations in the streets. Public screenings received instantaneous protests and hundreds of cities barred the film from being shown. Congress even passed a law making it a federal offense to transport moving pictures of prizefights across state lines, and thus the most powerful portrayal of a black man ever recorded on film was made virtually invisible. This is but one of the hundreds of films covered in *The A to Z of African American Cinema*, which includes everything from *The Birth of a Nation* to *Crash*. In addition to the films, brief biographies of African American actors and actresses such as Sidney Poitier, James Earl Jones, Halle Berry, Eddie Murphy, Whoopi Goldberg, Denzel Washington, and Jamie Foxx can be found in this reference. Through a chronology, a list of acronyms and abbreviations, an introductory essay, a bibliography, appendixes, black-&-white photos, and hundreds of cross-referenced dictionary entries on actors, actresses, movies, producers, organizations, awards, film credits, and terminology, this book provides a better understanding of the role African Americans played in film history.

Hollywood Stardom Paul McDonald, 2012-11-26 By integrating star studies and film industry studies, *Hollywood Stardom* reveals the inextricable bonds between culture and commerce in contemporary notions of film stardom. Integrates the traditions of star studies and industry studies to establish an original and innovative mode of analysis whereby the 'star image' is replaced with the 'star brand' Offers the first extensive analysis of stardom in the 'post-studio' era Combines genre, narrative, acting, and discourse analysis with aspects of marketing theory and the economic analysis of the film market Draws on an extensive body of research data not previously deployed in film scholarship A wide range of star examples are explored including George Clooney, Mel Gibson, Tom Cruise, Daniel Day-Lewis, Tom Hanks, Will Smith, and Julia Roberts

Historical Dictionary of African American Cinema S. Torriano Berry, Venise T. Berry, 2015-05-07 As early as 1909, African Americans were utilizing the new medium of cinema to catalogue the world around them, using the film camera as a device to capture their lives and their history. The daunting subject of race and ethnicity permeated life in America at the turn of the twentieth century and due to the effect of certain early films, specific television images, and an often-biased news media, it still plagues us today. As new technologies bring the power of the moving image to the masses, African Americans will shoot and edit on laptop computers and share their stories with a global audience via the World Wide Web. These independently produced visions will add to the diverse cache of African American images being displayed on an ever-expanding silver screen. This wide range of stories, topics, views, and genres will finally give the world a glimpse of African American life that has long been ignored and has yet to be seen. This second edition of *Historical Dictionary of African American Cinema* covers its history through a chronology, an introductory essay, appendixes, and an extensive bibliography. The dictionary section has over 1400 cross-referenced entries on actors, actresses, movies, producers, organizations, awards, and terminology, this book provides a better understanding of the role African Americans played in film history. This book is an excellent access point for students, researchers, and anyone wanting to know more about African American cinema.

It includes entries on well-known and nearly forgotten actresses, running the gamut from Academy Award and NAACP Image Award winners to B-film and blaxploitation era stars. The work also features more than 170 photographs, some of them rare images from the Schomburg Center for Research in Black Culture.

American Son Richard Blow, Richard Bradley, 2002 The last, defining years of the life of John F. Kennedy, Jr., as seen by an editor who worked for him at *George* magazine. At thirty-four, better known for his social life than his work as an assistant district attorney, John F. Kennedy, Jr., was still a man in search of his destiny. All that changed in 1995, when Kennedy launched a bold new magazine about American politics, puckishly called *George*. Over the next four years, Kennedy's passionate commitment to the magazine -- and to the ideals it stood for -- transformed him. One witness to this transformation was Richard Blow, an editor and writer who joined *George* several months before the release of its first issue. During their four years together, Blow observed his boss rise to enormous challenges -- starting a risky new business, managing the pressures that attend a high public profile, and beginning life as a married man. With Blow as our surrogate, we see the many sides of Kennedy's personality: the rebel who fearlessly takes on politicians and pundits; the gentleman who sends gracious thank-you notes to his colleagues for their wedding gifts; the vulnerable son occasionally at odds with a mythic family legacy; the leader who stays true to his vision, no matter how difficult the circumstances. Simply and sympathetically, Blow offers an affecting portrait of a complicated man at last coming into his own -- sometimes gracefully, sometimes under siege, but never without the burden of great expectations.

Start Small FINISH BIG Fred De Luca, John P. Hayes, 2012-11-20 At age seventeen Fred DeLuca borrowed \$1,000 from

a a friend-and started SUBWAY(R). Today, with more than 38,000 stores in one hundred countries and annual sales exceeding \$16.6 billion, Fred DeLuca's SUBWAY is a success story with a message... START SMALL FINISH BIG Publishers Weekly Review: DeLuca was only 17 when he started what is now the Subway restaurant chain in 1965; he needed money to attend college and a friend offered to back him with \$1,000 to start a sandwich shop in Bridgeport, Conn. That beginning led DeLuca to an enormously successful career: in addition to being president of the chain, he runs MILE, a nonprofit organization that offers loans to entrepreneurs. According to DeLuca, there are 15 essential principles for anyone starting a small business, some of which, DeLuca confesses, he learned the hard way (he had never made a submarine sandwich before opening day of his first shop). Among these pillars: Believe in Your People; Never Run Out of Money; Keep the Faith; and Profit or Perish. DeLuca uses his own business experience as well as that of other successful entrepreneursAe.g., the founders of Kinko's and Little Caesar'sAin addition to those of less well-known business people. Written in a conversational style, the advice isn't especially original or creative. However, would-be millionaires who are sitting at their kitchen table wondering if they should take that big step and start a business will find the book both instructive and inspirational. Agent, Bob Diforio. Library Journal DeLuca, co-founder in 1965 of SUBWAY Restaurants and founder in 1996 of the Micro Investment Lending Enterprise (MILE), a nonprofit organization making microloans to entrepreneurs/microentrepreneurs, has written this humorous, down-to-earth guide to success as a small business owner. Coauthor Hayes is a writer (Computer Architecture and Organization, 1998), public speaker, and business trainer. Each chapter describes one of DeLuca's 15 key lessons and is illustrated with a real-life case study. None of the people in these cases is a household name, but businesses such as Kinkos, Little Caesars, and SUBWAY are. DeLuca doesn't claim that his guides form a master plan for success, but he optimistically believes that anyone can become Bill Gates, Lillian Vernon, or Henry Lay and that his lessons will increase the chances. His book also promotes and supports MILE, and the last chapter and appendix are devoted to information about it and its programs. Recommended for most small business collections. Susan C. Awe, Univ. of New Mexico Lib., Albuquerque

The Deadline Ron Franscell, 2014-11-02 This novel of a small-town reporter drawn into a chilling cold case is “an impressive debut that will keep you on the edge of your seat” (San Francisco Chronicle). A dying convict’s last request thrusts small-town newspaperman Jefferson Morgan into a deadly maelstrom as he explores a fifty-year-old case of child murder—a wound his town still isn’t ready to scrape open. Under the heaviest deadline of his life, and amid threats from unexpected foes, Morgan must struggle with his own conscience to tell a story no matter the consequences, dig deep into the town’s past, and unveil a killer who’s managed to remain hidden in plain sight for almost fifty years. Now a bestselling true crime author, Ron Franscell began his crime-writing career with fiction. This was his first mystery featuring newspaperman Jefferson Morgan, followed by its sequel, *The Obituary*. “As a bonus, [Franscell] packs the novel with plenty of fascinating details about the newspaper business. A nice little sleeper of a mystery that deserves a wide audience.”—Booklist
