Marxist Approach in the select Novels of Indira Parthasarathi Dr. G. Ebenezar Helan,2025-03-13 The book “Marxist Approach in the Select Novels of Indira Parthasarathy” is divided into six chapters maps out the essence of Marxism and its varied branches through the select novels of Indira Parthasarathy. Indira Parthasarathy (commonly known as Ee. Paa) is the pen name of R. Parthasarathy, a noted Tamil writer and playwright. He is unique in his style. His choice of themes and characters are remarkable. He is a voracious reader. The researcher has selected five of Parthasarathy's English translated novels, they are *Poison Roots*, *The River of Blood*, *Ashes and Wisdom*, *The Wings in the Void* and *The Comrades of Jesus* for study. The Researcher has planned to scan Parthasarathy's novels in the light of Marxism. The term Marxism is popularised by Karl Kautsky. Marxism is about the oppression of the proletariat by the bourgeoisie, women by men, blacks by whites, homosexuals by heterosexuals and disabled body by abled body. The book has been divided into six chapters such as Introduction, Classical Marxism in *Poison Roots* and *The River of Blood*, Marxist Feminism in *Ashes and Wisdom*, Marxist Humanism in *The Wings in the Void*, Cultural Marxism in *Comrades of Jesus* and Summation. The first chapter of the book „Introduction“ surveys the origin and the development of Indian Writing in English, the biography of Indira Parthasarathy and Marxism. The second chapter, titled Classical Marxism in *Poison Roots* and *The River of Blood* points out the religious, political and economical oppression and the suppression of the lower class people by the landlords. The third chapter, Marxist Feminism in *Ashes and Wisdom* elaborates the ill treatment of women by men. The fourth chapter Marxist Humanism in *The Wings in the Void* snapshots the enslavement of the corporate sector employees. The fifth chapter „Cultural Marxism in *Comrades of Jesus* depicts the despotism of the Eastern cultures by the Western cultures. In the last chapter „Summation“ the researcher concludes the thesis with some solutions to the problems faced by the oppressed in the capitalistic society and the scopes for further research.

The Complete Poems of John Donne Robin Robbins,2014-06-06 The Poems of John Donne is one volume paperback

edition of the poems of John Donne (1572-1631) based on a comprehensive re-evaluation of his work from composition to circulation and reception. Donne's output is tremendously varied in style and form and demonstrates his ability to exercise his rhetorical capabilities according to context and occasion. This edition aims to present the text of all his known poems, from the epigrams, songs and satires written for fellow young men about town, to the more mature verse-epistles and memorial elegies written for his patrons. The Longman Annotated English Poets series traditionally aims to present poems in chronological order; in this edition, however, the principle has been observed only within generic sections. This organisation reproduces the manner in which Donne's original readers first encountered the poems in the various manuscripts of his elegies and satires that circulated in Donne's lifetime. Volume One contains the Epigrams, Verse Letters to Friends, Love Lyrics, Love Elegies and Satires; Volume Two contains the religious poems, Wedding Celebrations, Verse Epistles to Patronesses, Commemorations, and the Anniversaries. The lyrics have been arranged alphabetically for ease of reference and because, in all but a few cases, precise date of composition is impossible to determine. Each poem has extensive editorial commentary designed to put the twenty-first century reader in possession of all that is necessary fully to appreciate Donne's work. A substantial headnote sets each poem in its historical and literary context, while the annotations give detailed guidance on the wealth of classical and religious allusions and give full representation to the literary, historical and philosophical culture out of which the poems grew. In keeping with the traditions of the series, Donne's own text has been modernised in punctuation and spelling except where to do so would alter or disrupt a rhyme.

Walls, Borders, Boundaries Marc Silberman, Janet Ward, Karen E. Till, 2012 How is it that walls, borders, boundaries--and their material and symbolic architectures of division and exclusion--engender their very opposite? This edited volume explores the crossings, permeations, and constructions of cultural and political borders between peoples and territories, examining how walls, borders, and boundaries signify both interdependence and contact within sites of conflict and separation. Topics addressed range from the geopolitics of Europe's historical and contemporary city walls to conceptual reflections on the intersection of human rights and separating walls, the memory politics generated in historically disputed border areas, theatrical explorations of border crossings, and the mapping of boundaries within migrant communities.

Haldane John Campbell, 2020-07-16 Can you name the creator of the Territorial Army, the British Expeditionary Force, the Imperial General Staff, and the Officers' Training Corps? The man who laid the foundation stones of MI5, MI6, the RAF, the LSE, Imperial College, the redbrick universities, and the Medical Research Council? This book restores Richard Burdon Haldane to his rightful place among the great men of British and Canadian history. Serving as war minister in the 1905 Liberal British government, his groundbreaking proposals on defence, education, and government structure were astonishingly ahead of his time - the very building blocks of modern Britain. Even the Canadian Constitution, as now interpreted, is unthinkable without Haldane. His ubiquitous networks ranged from Wilde to Einstein, Churchill to Carnegie, king to kaiser; his polymathic interests enabled pioneering cross-party, cross-sector cooperation. Yet in 1915 he was ejected from the Lord Chancellorship, unjustly vilified by an ignorant press campaign as a German sympathizer. John Campbell charts these ups and downs, reveals the intensely personal side of Haldane through previously unpublished love letters, and shows his enormous relevance in our search for just societies and states today. Amidst political and national instability, it is surely now right to reinstate Haldane as an outstanding example of true statesmanship.

The Big Fella Jane Leavy, 2018-10-16 NEW YORK TIMES BESTSELLER • From Jane Leavy, the award-winning, New York Times bestselling author of *The Last Boy* and *Sandy Koufax*, comes the definitive biography of Babe Ruth—the man Roger Angell dubbed the model for modern celebrity. A Publishers Weekly Best Book of 2018 “Leavy’s newest masterpiece.... A major work of American history by an author with a flair for mesmerizing story-telling.” —Forbes He lived in the present tense—in the camera’s lens. There was no frame he couldn’t or wouldn’t fill. He swung the heaviest bat, earned the most money, and incurred the biggest fines. Like all the new-fangled gadgets then flooding the marketplace—radios, automatic clothes washers, Brownie cameras, microphones and loudspeakers—Babe Ruth made impossible events happen. Aided by his crucial partnership with Christy Walsh—business manager, spin doctor, damage control wizard, and surrogate father, all stuffed into one tightly buttoned double-breasted suit—Ruth drafted the blueprint for modern athletic stardom. His was a life of journeys and itineraries—from uncouth to couth, spartan to spendthrift, abandoned to abandon; from Baltimore to Boston to New York, and back to Boston at the end of his career for a finale with the only team that would have him. There were road trips and hunting trips; grand tours of foreign capitals and post-season promotional tours, not to mention those 714 trips around the bases. After hitting his 60th home run in September 1927—a total that would not be exceeded until 1961, when Roger Maris did it with the aid of the extended modern season—he embarked on the mother of all barnstorming tours, a three-week victory lap across America, accompanied by Yankee teammate Lou Gehrig. Walsh called the tour a *Symphony of Swat*. The Omaha World Herald called it the biggest show since Ringling Brothers, Barnum and Bailey, and seven other associated circuses offered their entire performance under one tent. In *The Big Fella*, acclaimed biographer Jane Leavy recreates that 21-day circus and in so doing captures the romp and the pathos that defined Ruth’s life and times. Drawing

from more than 250 interviews, a trove of previously untapped documents, and Ruth family records, Leavy breaks through the mythology that has obscured the legend and delivers the man.

These edited papers reassess the deeds, policies and legacy of a man who was responsible for innumerable deaths and untold human misery.

Anniversary Essays on Tolstoy Donna Tussing Orwin, 2010-02-25 A century after Leo Tolstoy's death, the author of *War and Peace* is widely admired but too often thought of only with reference to his realism and moral sense. The many sides of Tolstoy revealed in these essays speak to readers with astonishing force, relevance, and complexity. In a lively, challenging style, leading scholars range over his long life, from his first work *Childhood* to the works of his old age like *Hadji Murat*, and the many genres in which he worked, from the major novels to aphorisms and short stories. The essays present fresh approaches to his central themes: love, death, religious faith and doubt, violence, the animal kingdom, and war. They also assess his reception both in his lifetime and subsequently. Setting new agendas for the study of this classic author, this volume provides a snapshot of more current scholarship on Tolstoy.

The (Mis)Representation of Queer Lives in True Crime Abbie E. Goldberg, Danielle C. Slakoff, Carrie L. Buist, 2023-08-25 This book examines the representation and misrepresentation of queer people in true crime, addressing their status as both victims and perpetrators in actual crime, as well as how the media portrays them. The chapters apply an intersectional perspective in examining criminal cases involving LGBTQ people, as well as the true crime media content surrounding the cases. The book illuminates how sexual orientation, gender, race, and other social locations impact the treatment of queer people in the criminal legal system and the mass media. Each chapter describes one or more high-profile criminal cases involving queer people (e.g., the murders of Brandon Teena and Kitty Genovese; serial killer Aileen Wuornos; the Pulse nightclub mass shooting). The authors examine how the cases are portrayed in the media via news, films, podcasts, documentaries, books, social media, and more. Each chapter discusses not only what is visible or emphasized by the media but also what is invisible in the accounting or societal focus surrounding the case. Lesser-known (but similar) cases are used in the book to call attention to how race, gender, sexuality, sexual orientation, social class, and/or other features influence the dominant narrative surrounding these cases. Each chapter addresses teachable moments from each case and its coverage, leaving readers with several considerations to take with them into the future. The book also provides media resources and supplemental materials so that curious readers, including scholars, students, content creators, and advocates, can examine the cases and media content further. The book will appeal to scholars and students of criminology, psychology, sociology, law, media studies, sexuality studies, and cultural studies, and people with an interest in true crime.

Tulsa, 2021 Randy Krehbiel,2025-04-15 2021: As the centennial of one of the nation’s worst race massacres approached, citizens of Tulsa faced the prospect with hope and dread. Hope that the anniversary would show Tulsa had changed since that day in 1921, when a white mob left the city’s thriving African American Greenwood neighborhood a smoldering ruin. Dread that Tulsa’s faults would be exposed as never before, its racism reinforced rather than mitigated. The anniversary—in the wake of COVID-19, a combustible presidential visit, and a nationwide explosion of racial tension—was even more fraught

than expected. An extraordinary account of a city under inordinate pressure, *Tulsa, 2021* offers a deeply informed, behind-the-scenes view of how Tulsans and Americans met that moment of crisis, and what the experience can tell us about racial politics today. Following up on his book *Tulsa, 1921*, Randy Krehbiel brings a seasoned reporter's keen eye and an insider's understanding to the story of a city contending with racial and urban stresses that are both unique to Oklahoma and indicative of larger trends. The conflicts he uncovers were not split entirely along racial lines, but often revolved around the power of political messaging to shape public opinion. His detailed picture of Tulsa in 2021 reveals how politics, unacknowledged racism, and fear destroyed or damaged promising relationships between white Republican leaders and Black, mostly Democratic Tulsans. In 1921, factions of whites and Blacks fought to control the narrative of the Tulsa Race Massacre. As *Tulsa, 2021* dramatically demonstrates, the struggle continues to this day.

A Companion to Contemporary Art in a Global Framework Jane Chin Davidson, Amelia Jones, 2023-10-04 *A Companion to Contemporary Art in a Global Framework* explores the ways specialists and institutions in the fine arts, curation, cultural studies, and art history have attempted to situate art in a more global framework since the 1980s. Offering analyses of the successes and setbacks of these efforts to globalize the art world, this innovative volume presents a new and exciting way of considering art in its global contexts. Essays by an international panel of leading scholars and practicing artists assert that what we talk about as 'art' is essentially a Western concept, thus any attempts at understanding art in a global framework require a revising of established conceptual definitions. Organized into three sections, this work first reviews the history and theory of the visual arts since 1980 and introduces readers to the emerging area of scholarship that seeks to place contemporary art in a global framework. The second section traces the progression of recent developments in the art world, focusing on the historical and cultural contexts surrounding efforts to globalize the art world and the visual arts in particular global and transnational frameworks. The final section addresses a wide range of key themes in contemporary art, such as the fundamental institutions and ontologies of art practice, and the interactions among art, politics, and the public sphere. *A Companion to Contemporary Art in a Global Framework* is essential reading for undergraduate and graduate students, scholars, researchers, and general readers interested in exploring global art beyond the traditional Euro-American context.
