Don't Look Now Daphne du Maurier, 2008-10-28 Classic horror stories by one of masters of the form. Full of bone-chilling tales, this collection includes *The Birds*, the basis for the Alfred Hitchcock film of the same title, and other creepy classics. Daphne du Maurier wrote some of the most compelling and creepy novels of the twentieth century. In books like *Rebecca*, *My Cousin Rachel*, and *Jamaica Inn* she transformed the small dramas of everyday life—love, grief, jealousy—into the stuff of nightmares. Less known, though no less powerful, are her short stories, in which she gave free rein to her imagination in narratives of unflagging suspense. Patrick McGrath's revelatory new selection of du Maurier's stories shows her at her most chilling and most psychologically astute: a dead child reappears in the alleyways of Venice; routine eye surgery reveals the beast within to a meek housewife; nature revolts against man's abuse by turning a benign species into an annihilating force; a dalliance with a beautiful stranger offers something more dangerous than a broken heart. McGrath draws on the whole of du Maurier's long career and includes surprising discoveries together with famous stories like "*The Birds*." *Don't Look Now* is a perfect introduction to a peerless storyteller.

Don't Look Now Jessica Gildersleeve, 2017-10-31 Nicolas Roeg's *Don't Look Now* (1973) has been called a ghost story for adults. This book argues for it as a particular kind of horror film that depends on the narrative of trauma. Jessica Gildersleeve positions *Don't Look Now* within a discourse of midcentury anxiety narratives and identifies it as a hinge between literature and film of the 1970s.

Don't Look Now Mark Sanderson, 2019-07-25 *Don't Look Now*, released in 1973, confirmed director Nicolas Roeg as one of the most stylish and innovative British directors of the postwar period. Adapted from a short story by Daphne du Maurier, it is both a complex study of how people come to terms with grief and a chilling tale of murder set among the canals and churches of Venice. Featuring telling performances by Julie Christie and Donald Sutherland as the couple whose daughter has tragically died, *Don't Look Now* depicts the way in which the macabre and the everyday are intertwined. In his lucid,

subtle account, Mark Sanderson describes the collaboration between director and actors that sustained the film's emotional richness. He returns to du Maurier's original text and to the traditions of Gothic writing that underpin *Don't Look Now's* combination of horror, melodrama and black comedy. Sanderson examines the film's intricate visual style, uncovering the way in which particular motifs are used to amplify its depiction of two terrible deaths. He finds compensation for the film's grimly fatalistic view of life in its celebration of sexual relationships and the power of recollection. The book includes an exclusive and in-depth interview with Roeg as well as rare and unpublished comments from Christie. In his foreword to this special edition, published to celebrate the 20th anniversary of the BFI Film Classics series, Jason Wood places *Don't Look Now* in the context of Roeg's film-making career, and draws upon Roeg's revealing insights into the film's production.

Don't Look Now and Other Stories Daphne Du Maurier, 2014-07-01 Daphne du Maurier is in a class by herself. --New York Times Collecting five stories of mystery and slow, creeping horror, Daphne Du Maurier's *Don't Look Now and Other Stories* showcases her unique blend of sympathy and spine-tingling suspense.

Daphne Du Maurier, Haunted Heiress Nina Auerbach, 2002-10 Nina Auerbach examines both the life of Daphne du Maurier as it is revealed in her writings and the sensibility of a vanished class and a time now gone that haunts the fringes of our own age.

Venice and the Cultural Imagination Michael O'Neill, Mark Sandy, Sarah Wootton, 2015-10-06 In the era of the Grand Tour, Venice was the cultural jewel in the crown of Europe and the epitome of decadence. This edited collection of eleven essays draws on a range of disciplines and approaches to ask how Venice's appeal has affected Western culture since 1800.

Dark Forces at Work Cynthia J. Miller, A. Bowdoin Van Riper, 2019-11-06 *Dark Forces at Work* examines the role of race, class, gender, religion, and the economy as they are portrayed in, and help construct, horror narratives across a range of films and eras. These larger social forces not only create the context for our cinematic horrors, but serve as connective tissue between fantasy and lived reality, as well. While several of the essays focus on "name" horror films such as *IT*, *Get Out*, *Hellraiser*, and *Don't Breathe*, the collection also features essays focused on horror films produced in Asia, Europe, and Latin America, and on American classic thrillers such as Alfred Hitchcock's *Psycho*. Key social issues addressed include the war on terror, poverty, the housing crisis, and the Time's Up movement. The volume grounds its analysis in the films, rather than theory, in order to explore the ways in which institutions, identities, and ideologies work within the horror genre.

Venice Margaret Plant, 2002-01-01 Margaret Plant presents a wide-ranging cultural history of the city from the fall of the Republic in 1797, until 1997, showing how it has changed and adapted and how perceptions of it have shaped its reality.

Classic Horror Films and the Literature That Inspired Them Ron Backer, 2015-05-11 Classic horror films such as *Dracula*, *Frankenstein* and *The Picture of Dorian Gray* are based on famous novels. Less well known--even to avid horror fans--

-are the many other memorable films based on literary works. Beginning in the silent era and continuing to the present, numerous horror films found their inspiration in novels, novellas, short stories and poems, though many of these written works are long forgotten. This book examines 43 works of literature--from the famous to the obscure--that provided the basis for 62 horror films. Both the written works and the films are analyzed critically, with an emphasis on the symbiosis between the two. Background on the authors and their writings is provided.

The World is Ever Changing Nicolas Roeg, 2013-07-10 Nicolas Roeg is one of the most distinctive and influential film-makers of his generation. The generation of film-makers who define contemporary movie-making - Danny Boyle, Kevin Macdonald (The Last King of Scotland), Christopher Nolan (The Dark Knight), James Marsh (Man on Wire), and Guillermo Del Toro (Pan's Labyrinth), all acknowledge their debt to the work of Nicolas Roeg. Roeg began as a cameraman, working for such masters as Francois Truffaut and David Lean. His explosive debut as a director with *Performance*, established an approach to film-making that was unconventional and ever-changing, creating works such as *Don't Look Now*, *The Man Who Fell to Earth*, *Bad Timing*, *Insignificance*, and, more recently, *Puffball*. Having now reached eighty years of age, Roeg has decided to pass on to the next generations, the wealth of wisdom and experience he has garnered over fifty years of film-making.

Venetian Views, Venetian Blinds , 1999-01-01 Half a millennium of English and American fantasies of Venice: this collection of essays by leading critics in the field explores the continued and continuing fascination of travellers, writers, artists, theatre workers and film makers with the amphibious and ambiguous city in the lagoon. There is hardly another place

in Europe that has become so much of a palimpsest, inscribed with the fantasies, the dreams and nightmares of generations of foreigners, and this turns Venetian Views, Venetian Blinds into a particularly pertinent case study of the ways cultural difference within Europe is experienced, enacted and constructed. The essays range across five centuries - from the Renaissance to our postmodern present, from Shakespeare and his contemporary Coryate to recent novels, detective fiction and films - and, in contrast to previous studies focussing on the Grand Tour, they emphasise more recent developments and how they continue or disrupt traditional ways of perceiving - or being blind to! - Venice.

Hosted Horror on Television Bruce Markusen, 2021-07-27 In October 1957, Screen Gems made numerous horror movies available to local television stations around the country as part of a package of films called Shock Theater. These movies became a huge sensation with TV viewers, as did the horror hosts who introduced the films and offered insight—often humorous—into the plots, the actors, and the directors. This history of hosted horror walks readers through the best TV horror films, beginning with the 1930s black-and-white classics from Universal Studios and ending with the grislier color films of the early 1970s. It also covers and explores the horror hosts who presented them, some of whom faded into obscurity while others became iconic within the genre.

Horror Literature through History Matt Cardin, 2017-09-21 This two-volume set offers comprehensive coverage of horror literature that spans its deep history, dominant themes, significant works, and major authors, such as Stephen King, Edgar Allan Poe, and Anne Rice, as well as lesser-known horror writers. Many of today's horror story fans—who appreciate horror through movies, television, video games, graphic novels, and other forms—probably don't realize that horror literature is not only one of the most popular types of literature but one of the oldest. People have always been mesmerized by stories that speak to their deepest fears. *Horror Literature through History* shows 21st-century horror fans the literary sources of their favorite entertainment and the rich intrinsic value of horror literature in its own right. Through profiles of major authors, critical analyses of important works, and overview essays focused on horror during particular periods as well as on related issues such as religion, apocalypticism, social criticism, and gender, readers will discover the fascinating early roots and evolution of horror writings as well as the reciprocal influence of horror literature and horror cinema. This unique two-volume reference set provides wide coverage that is current and compelling to modern readers—who are of course also eager consumers of entertainment. In the first section, overview essays on horror during different historical periods situate works of horror literature within the social, cultural, historical, and intellectual currents of their respective eras, creating a seamless narrative of the genre's evolution from ancient times to the present. The second section demonstrates how otherwise unrelated works of horror have influenced each other, how horror subgenres have evolved, and how a broad range of topics within horror—such as ghosts, vampires, religion, and gender roles—have been handled across time. The set also provides alphabetically arranged reference entries on authors, works, and specialized topics that enable readers to zero in on

information and concepts presented in the other sections.

Advanced Studies in Media Joe Nicholas, John Price, 1998 Advanced Studies in Media has been designed to offer a comprehensive and stimulating textbook for all students on advanced level media studies and communications studies courses.

Horror Films of the 1970s John Kenneth Muir, 2012-11-22 The seventies were a decade of groundbreaking horror films: The Exorcist, Carrie, and Halloween were three. This detailed filmography covers these and 225 more. Section One provides an introduction and a brief history of the decade. Beginning with 1970 and proceeding chronologically by year of its release in the United States, Section Two offers an entry for each film. Each entry includes several categories of information: Critical Reception (sampling both '70s and later reviews), Cast and Credits, P.O.V., (quoting a person pertinent to that film's production), Synopsis (summarizing the film's story), Commentary (analyzing the film from Muir's perspective), Legacy (noting the rank of especially worthy '70s films in the horror pantheon of decades following). Section Three contains a conclusion and these five appendices: horror film clichés of the 1970s, frequently appearing performers, memorable movie ads, recommended films that illustrate how 1970s horror films continue to impact the industry, and the 15 best genre films of the decade as chosen by Muir.

Demons of the Body and Mind Ruth Bienstock Anolik, 2014-01-10 The Gothic mode, typically preoccupied by questions of difference and otherness, consistently imagines the Other as a source of grotesque horror. The sixteen critical essays in this collection examine the ways in which those suffering from mental and physical ailments are refigured as Other, and how they are imagined to be monstrous. Together, the essays highlight the Gothic inclination to represent all ailments as visibly monstrous, even those, such as mental illness, which were invisible. Paradoxically, the Other also becomes a pitiful figure, often evoking empathy. This exploration of illness and disability represents a strong addition to Gothic studies.
