Your Heart Is the Master Sandra Diaz, 2020-03-19 Sandra Diaz's spiritual journey began after she had four vivid and lucid dreams, where she came face-to-face with Christ and God. In her dreams, she experienced Christ and God as being made of the energy of pure love. They poured their pure love into her, showing her that she was made of the same energy. She began to research all kinds of studies and literature across several disciplines to see if there was any validity to what she saw in her dreams. She learned that the key to manifestation is not just focusing on positive thoughts and feelings, as it is discussed in many books on the law of attraction. The key to manifestation is putting love behind our thoughts and placing the heart in the position of master and the mind in the position of servant. The information she gathered over the years culminated in her first book, *Second Coming: Awakening the God Within*, where she discusses the basic principles of living from the heart and being the love that we are. She talked about how these principles relate to being able to manifest our heart's desires. This book provides further details on the application of the principles she talks about in *Second Coming*. Diaz talks about how to live from the heart and how we know that we are being the love that we are. She emphasizes that we live from a place of empowerment when we are being the love that we are. By being the love that we are, we are living in the highest level of

con-consciousness. We awaken the God within, becoming creators of our heart's desires. We give our-selves permission to follow our bliss, and by doing so, we essentially create heaven on earth.

Golden Ages Jeremiah Lockwood,2024-02-06 Golden Ages: Hasidic Singers and Cantorial Revival in the Digital Era is an ethnographic study of young singers in the Brooklyn Hasidic community who look to the gramophone-era cantorial golden age for the stylistic basis of their own aesthetic explorations. The book proposes a view of their work as a nonconforming social practice within the conservative contemporary Hasidic community. Hasidic cantorial revivalists call upon the sounds and structures of Jewish sacred musical heritage to stage a disruption in the aesthetics and power hierarchies of their community and the aesthetics of prayer in contemporary American Jewish synagogue life outside the Hasidic world. Beyond its role as a desirable art form, golden age cantorial music offers a model for aspiring Hasidic singers of a form of Jewish cultural productivity in which artistic excellence, maverick outsider status, and sacred authority were aligned. The musical lives of contemporary cantorial revivalists suggest new ways of thinking about the meaning of the work of gramophone-era cantors. Hasidic cantorial revivalists call upon the cantors of the golden age as a precedent for musical and social practices that defy institutional authority and push at normative boundaries of sacred and secular by foregrounding artist's voices in the culturally intimate space of prayer--

Perfect Eloquence Tom Hoffarth,2024-05 Named aBest Sports Book of 2024 Pick by Sports Illustrated When Vin Scully passed away in 2022, the city of Los Angeles lost its soundtrack. If you were able to deliver a eulogy for him, what might it include? What impact did he have on you? What do you carry forward from his legacy? Sixty-seven essayists—one representing each season of his career calling games for the Los Angeles Dodgers, from 1950 through 2016—reflect on the

ways his professional and private life influenced them. The contributions include a range of stories and remembrances from those who knew and followed him. The consensus of the contributions is that Scully's actions spoke louder than his well-recognized words. This collection includes fellow broadcasters as well as historians, players, journalists, celebrities, and others connected to the game of baseball, with each piece introduced by sports journalist Tom Hoffarth. Readers can consider Scully's life through common themes: his sincerity, his humility, his professionalism, his passion for his faith, his devotion to his family, his insistence on remembering and giving context to important moments in the history of not just the game but the world in general, all wrapped up in a gift for weaving storytelling with accurate reporting, fellowship with performance art, humor, and connection.

The English Linguistics Project Jonathan Malicsi, 2017-11-15 The ELP ENGLISH MANUAL 8th Edition is a comprehensive response to the integration of the ELP's English language workshops for professionals and the English language courses for students, under an English Language Learning System (ELLS) particularly as spurred by the more wide-ranging concerns articulated by universities and multinationals. This book introduces new concepts that reflect contemporary grammatical theory, with entries on diction, idioms, and pronunciation, based on current data on Filipino English accumulated over the past 18 years. More insights have actually come from a parallel study that focuses on the grammar and rhetoric of Filipino, some of which have affected the chapters on Determiners, Tense, and Embedding. The English Language Project, instituted by former U.P. President Jose V. Abueva under his office in 1991, has transformed into the English Linguistics Project, part of Dr. Jonathan Malicsi's research and extension service for the Department of Linguistics.

Queer Campus Climate Benjamin Arnberg, 2020-02-21 Queer Campus Climate: An Ethnographic Fantasia is a visceral and provocative account of the lives of ten queer college men living in the Deep South. The book serves many goals. It is an emancipatory research document told in the raucous, fiery voices of these queer men whose narratives are presented free from the sanitizing impulses of traditional scholarship. It is a manifesto on postqualitative paradigms applied to a queer subject. It is a public history of the life and times of queers subjects living under an alt-right political assault. And it is an analysis of how a hostile campus climate impacts psychosocial development of marginalized students. Blurring the line between literature and research, Queer Campus Climate: An Ethnographic Fantasia contains a cast of characters (including a bear, a twink, and three drag queens) who dish on sex, gender performance, mental wellness, relationships, harassment, addiction, professional development, and politics. Their stories are told against a musical backdrop that includes selections from Puccini to Frank Ocean, which provides a multisensory experience unlike anything else in sociological research.

For Goodness’ Sake Pamela Koch, 2019-04-15 After 9/11, many Americans were left with a question held deep in their hearts: How could the grief-stricken families go forward after such traumatic, catastrophic loss? For one group of families directly affected by this tragedy, the downstairs of a local Catholic church in the small town of Basking Ridge, New Jersey, would set the stage for an answer. For Goodness' Sake offers a window into the workings and surroundings a 9/11 bereavement support group held in the Saint James Church, where 76 families and 104 children came together to face their grief and seek answers. Author Pamela Koch shares the stories of the families and the volunteers who rallied together in outreach, where she and her team used a holistic approach to grief to provide unimaginable, creative counseling sessions over a two-year period. Families would be transformed through these uplifting sessions, even paying it forward and helping Pam through a T-cell transplant for her acute myelogenous leukemia. In the aftermath of the 9/11 terror attacks, a small New Jersey town with a big heart would come together to aid grieving families--and goodness prevailed! In the end, the story of the Saint James 9/11 Bereavement Support Group is a story of an amazing outpouring of faith, hope, and unconditional love

upon the families so unforgettably touched that September day.
