Ensemble Mark Larson, 2019-08-13 This definitive history brings Chicago's celebrated theater and comedy scenes to life with stories from some of its biggest stars spanning sixty-five years. Chicago is a bona fide theater town, bursting with vitality that thrills local fans and produces generation after generation of world-renowned actors, directors, playwrights, and designers. Now Mark Larson shares the rich theatrical history of Chicago through first-person accounts from the people who made it. Drawing from more than three hundred interviews, Larson weaves a narrative that expresses the spirit of Chicago's ensemble ethos: the voices of celebrities such as Julia Louis-Dreyfus, Ed Asner, George Wendt, Michael Shannon, and Tracy Letts comele with stories from designers, composers, and others who have played a crucial role in making Chicago theater so powerful, influential, and unique. Among many other topics, this book explores the early days of the fabled Compass Players and the legendary Second City in the '50s and '60s; the rise of acclaimed ensembles like Steppenwolf in the '70s; the explosion of storefront and neighborhood companies in the '80s; and the enduring global influence of the city as the center of improv training and performance.

The Power of Meaning Emily Esfahani Smith, 2017-01-10 In a culture obsessed with happiness, this wise, stirring book points the way toward a richer, more satisfying life. Too many of us believe that the search for meaning is an esoteric pursuit—that you have to travel to a distant monastery or page through dusty volumes to discover life's secrets. The truth is, there are untapped sources of meaning all around us—right here, right now. To explore how we can craft lives of meaning, Emily Esfahani Smith synthesizes a kaleidoscopic array of sources—from psychologists, sociologists, philosophers, and neuroscientists to figures in literature and history such as George Eliot, Viktor Frankl, Aristotle, and the Buddha. Drawing on this research, Smith shows us how cultivating connections to others, identifying and working toward a purpose, telling stories about our place in the world, and seeking out mystery can immeasurably deepen our lives. To bring what she calls the four pillars of meaning to life, Smith visits a tight-knit fishing village in the Chesapeake Bay, stargazes in West Texas, attends

a dinner where young people gather to share their experiences of profound loss, and more. She also introduces us to compelling seekers of meaning—from the drug kingpin who finds his purpose in helping people get fit to the artist who draws on her Hindu upbringing to create arresting photographs. And she explores how we might begin to build a culture that leaves space for introspection and awe, cultivates a sense of community, and imbues our lives with meaning. Inspiring and story-driven, *The Power of Meaning* will strike a profound chord in anyone seeking a life that matters.

Understanding Love Timo Purjo, 2025-08-18 This book is a true voyage of exploration across the sea of love, approaching the theme through a logotherapeutic and philosophical perspective. The author, PhD Timo Purjo, examines love as the highest value, a fundamental spiritual capacity, and the deepest meaning of human existence. It leads the reader from foundational philosophical principles to concrete life situations in which love is expressed as an attitude, a responsibility, a decision, and a calling. It draws upon Viktor Frankl's anthropological understanding of the human person, placing emphasis on the role of the will to meaning, self-transcendence, and responsibility in realizing authentic love. The author reflects on love not just as a feeling but as a value that gives direction and purpose to human life. Through philosophical analysis drawing on the insights of M. Scheler, K. Jaspers, E. Fromm, and other important thinkers, Purjo connects the logotherapeutic understanding of meaning with fundamental questions about the nature of love, the challenges it faces, and its potential for growth. Building upon Frankl's concept of WILL TO MEANING as the cornerstone of logotherapy, Purjo expands the framework by guiding the reader toward a conscious and empowered WILL TO LOVE. The practical dimension of love is also explored as love in interpersonal relationships, in professional settings, love directed toward imperfection, love in suffering and loss, and love for non-human beings and nature. The book includes personal stories that testify to love as a genuine and vital force in life. What makes this book truly unique is that the author does not write from the position of someone who knows what love is, but rather as someone who searches, learns, and shares with the reader what he has discovered along the way. More than a theoretical exploration, this book is an invitation to pause, reflect, and re-examine the ways in which love shapes our decisions, our relationships, and our sense of purpose. It encourages the reader to engage in the courageous act of loving, not as a fleeting emotion, but as an enduring orientation toward the good, the true, and the meaningful. Through this lens, love becomes not only a personal experience but an existential commitment, a spiritual path, and a shared human journey. *Understanding Love* is a deeply personal yet universal book, philosophical yet warm, academically grounded yet accessible to anyone seeking a deeper understanding of love in their own life.

Be Like the Fox: Machiavelli In His World Erica Benner, 2017-05-09 "Remarkable, engaging.... Be Like the Fox can be read with pleasure by anyone interested in the craft of politics and the life of ideas."—New York Times Book Review In the five hundred years since he wrote *The Prince*, Machiavelli's name has been linked to tyranny and the doctrine that "the ends

justify the means.” But that is not what he stood for. In *Be Like the Fox*, Erica Benner takes us back to Renaissance Florence, where newly liberated citizens fought to build a free republic after the Medici princes were exiled. Machiavelli dedicated his life to this struggle for freedom. But despite his heroic efforts, the Medici soon swept back into power. Forced out of politics and prevented from speaking freely, Machiavelli had to use his skills of foxlike dissimulation to defend democracy in an era of tyrannical princes. Drawing on his letters, political writings, hard-hitting satirical dramas, and conversations with kings and popes, *Be Like the Fox* reveals Machiavelli as an unlikely hero for our times.

Differentiation in Practice Carol A. Tomlinson, Cindy A. Strickland, 2005 This third book in the *Differentiation in Practice* series presents annotated lesson plans to illustrate how real teachers incorporate differentiation principles and strategies throughout an entire instructional unit.

Darker with the Dawn Adam Steiner, 2023-12-01 From his early work with *The Birthday Party* to the future sounds of *Ghosteen*, Nick Cave has rewritten the language of rock ‘n’ roll. *Darker with the Dawn* uncovers the history and deeper meanings behind Nick Cave and The Bad Seeds’ most well-known songs from “Tupelo”, “The Mercy Seat”, “Red Right Hand”, “Stagger Lee”, “Into My Arms”, to “Higgs Boson Blues” and beyond. The book explores Nick Cave’s life in music drawing upon his inspirations of the Bible, Greek myth, and literature, as well as his enduring passion for gospel, blues, and progressive rock. Steiner reflects upon Cave’s journey from his childhood in Australia, struggles with drug addiction, his young fascination with the nightmare landscapes of America’s wild west and the southern gothic towards a reckoning with his own sense of Christian spirituality. In a career spanning four decades Cave’s songwriting has moved from the saints and sinners of the traditional murder ballad to piano-based heartbreak songs, deconstructed garage rock and ambient fever dreams delivered through minimalist electronica. Adam Steiner dives into the world of a complex songwriter who, in his universal expressions of love and death, continues to speak to us of the light and shade of humanity.

Cognition and Motivation Shulamith Kreidler, 2013 This collection examines the many internal and external factors affecting cognitive processes. Editor Shulamith Kreidler brings together a wide range of international contributors to produce an outstanding assessment of recent research in the field. These contributions go beyond the standard approach of examining the effects of motivation and emotion to consider the contextual factors that may influence cognition. These broad and varied factors include personality, genetics, mental health, biological evolution, culture, and social context. By contextualizing cognition, this volume draws out the practical applications of theoretical cognitive research while bringing separate areas of scholarship into meaningful dialogue.

The Wild Longing of the Human Heart William Cooney, 2015-12-01 The search for happiness has been an enduring quest for us all. The greatest minds from history--Plato, Aristotle, Epicurus, Rousseau, Kant, Mill, Gandhi, Einstein and many

others—all confirm that happiness is the one thing we all crave after. *The Wild Longing of the Human Heart* is divided into two parts. Part one examines the brief history of happiness which has not always meant exactly the same thing to all cultures and individuals, and then moves on to summarize the latest information from the areas of brain science as well as the field of positive psychology. Part two proposes that it is not happiness (in the psycho-physiological sense of something like tranquility) which is the true goal of human living. Rather, the true goal of the “wild longing” is a meaningful life, guided by the search for truth, beauty and goodness.

Staging Governance Daniel O'Quinn, 2020-03-03 Between 1770 and 1800, transformations in the relationship between metropolitan British society and its colonial holdings, and in the concept of the nation itself, left Britons with a new sense of themselves. Over the same period, the consolidation of the middle classes was accompanied by growing social constraints on sexuality and family life. *Staging Governance* locates the intersection of these two trends in the representation of British India on the London stage. Theatrical productions, especially those representing colonial life, pushed the limits of public discourse on sexuality and colonialism even as the government made efforts to shape and narrow them. At the same time, official discourse on colonial practices, such as the public trials of Clive and Hastings, became theatrical events themselves. Exploring this rapidly shifting world through a series of original readings of dramatic texts and important moments of oratory, *Staging Governance* demonstrates how the perceived crises of imperial and domestic Britain joined these spheres in the popular imagination. The economics of political and sexual exchange not only became entwined but functioned as mutual supports during a period of social, cultural, and political readjustment.

The films of Costa-Gavras Homer B. Pettey, 2020-06-11 Costa-Gavras is a seminal figure in French and international cinema. A master of the political thriller, he explores historical events through individual human stories, thereby involving his audience in past and contemporary traumas, from the horrors of the Holocaust through mid-century international state terrorism and totalitarianism to the current global financial crisis. With a career spanning half a century, he remains one of cinema's most intriguing and enduring storytellers, theorists and political commentators. This collection of original essays

charts and re-examines Costa-Gavras's career from *Un homme de trop* (1967) to *Le capital* (2012). Readable and carefully researched, it will appeal to students and scholars of film, as well as fans of the director's work.
