Six Names of Beauty Crispin Sartwell,2020-07-24 Beauty may be in the eye of the beholder, but it's also in the language we use and everywhere in the world around us. In this elegant, witty, and ultimately profound meditation on what is beautiful, Crispin Sartwell begins with six words from six different cultures - ancient Greek's 'to kalon', the Japanese idea of 'wabi-sabi', Hebrew's 'yapha', the Navajo concept 'hozho', Sanskrit 'sundara', and our own English-language 'beauty'. Each word becomes a door onto another way of thinking about, and looking at, what is beautiful in the world, and in our lives. In Sartwell's hands these six names of beauty - and there could be thousands more - are revealed as simple and profound ideas about our world and our selves.

ROAD TO ANOTHER WORLD Kevin W. Lynn,2021-04-15 The story happens in the middle of the twenty-first century. An asteroid incident, which almost destroys Earth, leads to a series of thrilling events. And two men who are struggling in a desert island create a never-forgotten memory and the deepest friendship. Sam, a famous high scientific company CEO, and Mike (James), a top scientist from a very advanced planet of another universe, who lost his memory during an action to rescue Earth, step by step created a remarkable dream, the human being's first time travel to the real outer space to visit another advanced planet and discover the ideal planet. The story is thrilling and tortuous, especially during all the process. The love story about Mike and Kay and several other young couples from different planets proved a fact: that love is not only existing in the human beings on Earth but also existing in the universe. Also, Sam, Mike, and John, the three best friends, by hard work and creative activity, get in incredible results for the future. That advanced civilization and their representatives-UFOs-a magical and perfect description of advanced civilization from one thousand to ten thousand years later, absolutely attract all the readers who want to get an impression for the future. And after this book, the continuing five to six totally different but connected stories will inspire every reader to travel to other civilizations with them. So let's go with them, to communicate with these people from the future and another world.

The World of Multicellular Oleg Seriy, 2018-08-18 I was invited to the studio. They were making a political TV show on the channel called "284-467". Non-Shuster was the anchorman of the show. On that TV channel they were giving false information rather often but actually it can be said about all the TV channels nowadays. They were deceiving their audiences. They were showing only entertainment programs and nothing else...In a while I found myself in the studio. Shaitan came with me. He just couldn't let me go alone...

Wounds of Love Frank Graziano,2004-01-15 The Peruvian mystic St. Rose of Lima (Isabel Flores y Oliva, 1586-1617) was canonized in 1671 as the first saint of the New World and remains the object of widespread devotion today. In this engrossing new study, Frank Graziano uses the example of St. Rose to explore the meaning of female mysticism and the way in which saints are products of their cultures. Virginity, austerity, eucharistic devotion, incessant mortification, and mystical marriage to Christ characterized the devotional regimen that structured St. Rose's entire life. Many of her mystical practices echo the symptoms of such modern psychological disorders as masochism, depression, hysteria, and anorexia nervosa. Graziano offers a sophisticated argument not only for the origins and meaning of these behaviors in Rose's case, but also for the reason her culture venerated them as signs of sanctity. In the process he explores a wide range of themes, from the idea of suffering as

an expression of love to the assimilation of childhood trauma through religious repetition. Graziano also offers a penetrating analysis of the politics of Rose's canonization. He finds that her mystical union with God--bypassing the institutional channels of sacrament and priestly mediation--was inherently subversive to the bureaucratized Church. Canonization was a cooptation by which Rose's competing claim to Christ was integrated into the Catholic canon. The book concludes with a fascinating exploration of mystical eroticism, with its intense experiences of vision and ecstasy. The eroticized suffering of many mystics is shown to be very human in origin: the mystic's wounded love is projected onto a God conceived to accommodate it. *Wounds of Love* is based on a decade of research in archives, rare books, and an extraordinary range of secondary sources. Introducing an innovative method that integrates history, cultural studies, psychoanalysis, and clinical psychology, this compelling work offers a bold new interpretation of female mysticism.
