Encyclopedia of American Civil Rights and Liberties Kara E. Stooksbury,John M. Scheb II,Otis H. Stephens Jr.,2017-09-21 Thoroughly updated and featuring 75 new entries, this monumental four-volume work illuminates past and present events associated with civil rights and civil liberties in the United States. This revised and expanded four-volume encyclopedia is unequalled for both the depth and breadth of its coverage. Some 650 entries address the full range of civil rights and liberties in America from the Colonial Era to the present. In addition to many updates of material from the first edition, the work offers 75 new entries about recent issues and events; among them, dozens of topics that are the subject of close scrutiny and heated debate in America today. There is coverage of controversial issues such as voter ID laws, the use of drones, transgender issues, immigration, human rights, and government surveillance. There is also expanded coverage of women's rights, gay rights/gay marriage, and Native American rights. Entries are enhanced by 42 primary documents that have shaped modern understanding of the extent and limitations of civil liberties in the United States, including landmark statutes, speeches, essays, court decisions, and founding documents of influential civil rights organizations. Designed as an up-to-date reference for students, scholars, and others interested in the expansive array of topics covered, the work will broaden readers' understanding of—and appreciation for—the people and events that secured civil rights guarantees and concepts in this country. At the same time, it will help readers better grasp the reasoning behind and ramifications of 21st-century developments like changing applications of Miranda Rights and government access to private Internet data. Maintaining an impartial stance throughout, the entries objectively explain the varied perspectives on these hot-button issues, allowing readers to draw their own conclusions.

Proverbs of Fire Tiffany Buckner,2016-04-29 *Proverbs of Fire* is a powerful collection of quotes and anecdotes that have been written by Tiffany “AnointedFire” Buckner. Some of these powerful messages were shared on social media, while others have never been shared. This powerful book will encourage you, correct you, and humor you at times. It will also inspire and challenge you, thus helping you to move to new heights in understanding, love and patience. *Proverbs of Fire* was birthed after the Holy Spirit instructed author Tiffany Buckner to take many of the messages she's shared online and place them in a book. What resulted was a power-packed and heaven-sent guide filled with more than one thousand quotes, messages and short stories. *Proverbs of Fire* is in no way a part of the Bible, nor is it an attempt to redefine the Scriptures. The information contained in this book is simply wise quotes and information shared with and through Kingdom Ambassador, Tiffany Buckner. It is not an extension of the book of Proverbs; it is a devotional style book with quotes that come straight from wisdom's table.

They Profess to Know God, but Their Actions Deny Him Rosa Amnery's Casado, 2023-02-28 My sister Altagracia Marta Casado had ovarian cancer. Members of the church were called to come and pray for her. They said she had cancer because she was possessed by a demon. Their idea of prayer was to point a finger at her while yelling at her, telling the demon to come out. When she passed away, they said she died because she had no faith. The horrible spiritual crimes committed against the children of God by pastors and preachers is what you will find in this book. You will also find the sad story of a group of homosexuals who went to church hoping to have an encounter with Jesus. Many have stopped attending church after experiencing spiritual abuse by those who have distorted the Gospel of Jesus Christ. This book is also for pastors and preachers.

A Divine path: Life's Transitions and Lessons Learned Ciara Powell,

The Spider and the Saint Ron Gallo, 2021-11-21 When was the last time you or your friend looked at a spider or an ant, and learned principles that you can apply to your Christian life? Or even read it in another Christian book? Here, Ron as a former park ranger shares his experience of what God has shown him over the years when exploring nature. Did you know when you see an object like a cigarette butt, piece of paper, or twig on a web, the spider is telling God's saint's aspects on Christian living from Proverbs chap. 30? Just constructing the web, its perseverance, stewardship, and adjustability will tell God's saints how to live the Christian life. Like in Ron's other books, Balance (Volume 2) and the children's book Charlie the Spider and Friends, God uses the most "unlikely" to unveil his principles of walking with him as his saints. Other gems Ron shares for Christian life's principles is about "the garden," the seed, learning from darkness, God's vitamins, and many other fantastic wisdom and understanding emeralds in short bullet points. Whether in quotes, jokes, or commentaries, Ron does not sugarcoat anything so that the reader can get the truth about God. This is a must book for the sinner, the saint, and society.
