Conflict in Fourteenth-Century Iberia Donald J. Kagay, L.J. Andrew Villalon, 2021-06-17 In *Conflict in Fourteenth-Century Iberia*, Kagay and Villalon trace the complicated economic, military, political, and social background of the relationship of Iberia's two greatest Christian states of the fourteenth century, Castile and the Crown of Aragon and their rulers, Pedro I (r. 1350-1366/69) and Pere III (r. 1336-1387). Besides chapters discussing the War of the Two Pedros (1356-1366) and the Castilian Civil War (1366-1369), the authors provide extended treatments of the strategical and tactical elements of the conflicts, the parliamentary, diplomatic, and governmental developments that occurred because of the conflicts as well as their social and political aftermaths. This work, along with authors' earlier book on the battle of Nájera (1367) provides a much-needed review of Iberia's violent fourteenth century.

To Win and Lose a Medieval Battle Andrew Villalon, Donald Kagay, 2017-07-03 Winner of the 2019 Brigadier General James L. Collins Jr. Prize In *To Win and Lose a Medieval Battle: Nájera (April 3, 1367). A Pyrrhic Victory for the Black Prince*, L.J. Andrew Villalon and Donald J. Kagay provide a full treatment of one of the major battles of the Hundred Years War, which, perhaps because it was fought in Spain, is lesser known to scholars and general readers. Drawing information from contemporary European chronicles and the massive documentary collections of Spanish and French archives, the authors have painstakingly investigated the Iberian and European background events to Nájera and have in minute detail laid out how the army of Enrique II of Castile (assisted by Bertrand de Guesclin) and that of his half-brother, Pedro I of Castile (assisted by Edward, the Black Prince), clashed at Nájera on April 3, 1367. Winner of the 2019 Brigadier General James L. Collins Jr. Prize, awarded by the U.S. Commission on Military History for the best book on military history published in 2017 or 2018. The awarding committee praised the volume as 'a genuinely original scholarly contribution... comprehensive, balanced, and insightful... this 600-page magnum opus will significantly enhance our understanding of military history during a seminal period of human development.' Memory, Media, and Empire in the Castilian Romances of Antiquity Clara Pascual-Argente, 2022-08-22 During the 13th and 14th centuries, medieval Castile produced some of the liveliest, most sophisticated vernacular reworkings of narratives inherited from classical and late antiquity, including those about Alexander the Great, the Trojan War, or Apollonius of Tyre. This study recovers the overlooked tradition of the Castilian romances of antiquity, showing how these

works offered a nuanced reflection of the relationship between cultural memory, the media through which memory is shaped and transmitted, and Castile's imperial ambitions. Clara Pascual-Argente restores a genre of great cultural and political importance to its rightful place in Castilian and European literary history.

Core J2EE patterns Deepak Alur, John Crupi, Dan Malks, 2003 The Java landscape is littered with libraries, tools, and specifications. What's been lacking is the expertise to fuse them into solutions to real-world problems. These patterns are the intellectual mortar for J2EE software construction. --John Vlissides, co-author of Design Patterns, the Gang of Four book The authors of Core J2EE Patterns have harvested a really useful set of patterns. They show how to apply these patterns and how to refactor your system to take advantage of them. It's just like having a team of experts sitting at your side. --Grady Booch, Chief Scientist, Rational Software Corporation The authors do a great job describing useful patterns for application architectures. The section on refactoring is worth the price of the entire book! --Craig McClanahan, Struts Lead Architect and Specification Lead for JavaServer Faces Core J2EE Patterns is the gospel that should accompany every J2EE application server ... Built upon the in-the-trenches expertise of its veteran architect authors, this volume unites the platform's many technologies and APIs in a way that application architects can use, and provides insightful answers to the whys, whens, and hows of the J2EE platform. --Sean Neville, JRun Enterprise Architect, Macromedia Developers often confuse learning the technology with learning to design with the technology. In this book, senior architects from the Sun Java Center share their cumulative design experience on Java 2 Platform, Enterprise Edition (J2EE) technology. The primary focus of the book is on patterns, best practices, design strategies, and proven solutions using the key J2EE technologies including JavaServer Pages(TM) (JSP(TM)), Servlets, Enterprise JavaBeans(TM) (EJB(TM)), and Java(TM) Message Service (JMS) APIs. The J2EE Pattern Catalog with 21 patterns and numerous strategies is presented to document and promote best practices for these technologies. Core J2EE Patterns, Second Edition offers the following: J2EE Pattern Catalog with 21 patterns--fully revised and newly documented patterns providing proven solutions for enterprise applications Design strategies for the presentation tier, business tier, and integration tier Coverage of servlets, JSP, EJB, JMS, and Web Services J2EE technology bad practices Refactorings to improve existing designs using patterns Fully illustrated with UML diagrams Extensive sample code for patterns, strategies, and refactorings.

Secrets of Pinar's Game (2 vols) Roger Boase, 2017-06-06 In Secrets of Pinar's Game, Roger Boase is the first to decipher a card game completed in 1496 for Queen Isabel, Prince Juan, her daughters and her 40 court ladies. This game offers readers access to the cultural memory of a group of educated women, revealing their knowledge of proverbs, poetry and sentimental romance, their understanding of the symbolism of birds and trees, and many facts ignored in official sources. Boase translates all verse into English, reassesses the jousting invenciones in the Cancionero general (1511), reinterprets the poetry of Pinar's sister Florencia, and identifies Acevedo, author of some poems about festivities in Murcia c. 1507. He

demonstrates that many of Pinar's ladies reappear as prostitutes in the anonymous Carajicomedia two decades later.

Medieval Intersections Katherine Weikert, Elena Woodacre, 2021-11-01 Status and gender are two closely associated concepts within medieval society, which tended to view both notions as binary: elite or low status, married or single, holy or cursed, male or female, or as complementary and cohesive as multiple parts of a societal whole. With contributions on topics ranging from medieval leprosy to boyhood behaviors, this interdisciplinary collection highlights the various ways "status" can be interpreted relative to gender, and what these two interlocked concepts can reveal about the construction of gendered identities in the Middle Ages.

From Fear to Hate Victoria Guillén-Nieto, Antonio Doval Pais, Dieter Stein, 2023-09-05 This volume offers an in-depth analysis of the social phenomenon of migration from various legal-linguistic perspectives. Migration has become a global phenomenon and a burning issue provoking social conflict and political instability in modern societies all over the world. The question of dealing with migrants and asylum seekers has dominated political discourse. It has given rise to national and international legislation on emigration and immigration, some of them including discriminatory provisions, pressed laws against immigration (Acts of exclusion) and prompted anti-migration rhetoric and hate speech against migrants. Important

efforts have been made in both common law and civil law jurisdictions to protect migrants' fundamental rights to dignity and equality.

Policing Democracy Mark Ungar, 2011-04-29 2011 Winner of the Charles H. Levine Memorial Book Prize of the International Political Science Association Latin America's crime rates are astonishing by any standard—the region's homicide rate is the world's highest. This crisis continually traps governments between the need for comprehensive reform and the public demand for immediate action, usually meaning iron-fisted police tactics harking back to the repressive pre-1980s dictatorships. In *Policing Democracy*, Mark Ungar situates Latin America at a crossroads between its longstanding form of reactive policing and a problem-oriented approach based on prevention and citizen participation. Drawing on extensive case studies from Argentina, Bolivia, and Honduras, he reviews the full spectrum of areas needing reform: criminal law, policing, investigation, trial practices, and incarceration. Finally, *Policing Democracy* probes democratic politics, power relations, and regional disparities of security and reform to establish a framework for understanding the crisis and moving beyond it.

Desarrollo y coaching de mujeres líderes Fabiana Gadow, 2013-11-14 La incursión de la mujer en posiciones de liderazgo se inició hace poco tiempo, y aún cuando ya se observan los beneficios que la diversidad aporta a los negocios, mucho queda por recorrer. El libro aborda las características de las líderes mujeres, los desafíos y obstáculos específicos que afrontan, como desplegar el potencial individual, y la importancia de un disciplinado desarrollo profesional y personal. La obra describe los elementos relevantes para que una estrategia de desarrollo permita a la mujer capitalizar los aportes más efectivos: como abordar las barreras que se presentan en la carrera, la importancia de que sea auténtica a sus atributos, y a su estilo de liderazgo, y la fuerte interrelación entre las dimensiones personal y laboral. A tal fin la autora considera al coaching como un proceso relevante y propone una modalidad ajustada al paradigma particularmente femenino, pero no excluyente, de pensar, actuar y sentir: el coaxing. Es una invitación a acomodar metodologías de coaching probadas y exitosas a las exigencias que el mundo del trabajo impone hoy a las líderes mujeres. Está dirigido a los interesados en explorar y explotar la riqueza que desde las diferencias, similitudes y complementariedad de género, la diversidad puede aportar al mundo de los negocios, al tiempo que recuerda la valiosa tarea que la actualidad les reserva a las mujeres líderes en tanto modelos visibles para las futuras generaciones: hacer una diferencia en la construcción de un futuro más inclusivo y

enriquecedor.

International Design Organizations Jeremy Aynsley, Alison J. Clarke, Tania Messell, 2022-01-13 This innovative volume brings together international design scholars to address the history and present-day status of national and international design organizations, working across design disciplines and located in countries including Argentina, Turkey, Estonia, Switzerland, Italy, China and the USA. In the second half of the 20th century, many non-governmental organizations were created to address urgent cultural, economic and welfare issues. Design organizations set out to create an international consensus for the future direction of design. This included enhancing communication between professionals, educators and practitioners, raising standards for design, and creating communities of designers across linguistic, national and political borders. Shared needs and agendas were identified and categories of design constantly defined and re-defined, often with overt cultural and political intents. Drawing on an impressive range of original research, archival sources and oral testimony, this volume questions the aims and achievements of national and international design organizations in light of their subsequent histories and their global remits. The Cold War period is central to the book, while many chapters draw on post-colonial perspectives to interpret how transnational networks and negotiations took place at events and congresses, and through publication.

La espiritualidad y la configuración de los reinos ibéricos (Siglos XII-XV). Isabel Beceiro Pita, 2018-09-20 Este libro aborda el papel de la espiritualidad en la formación y consolación de los reinos ibéricos, especialmente en Castilla, Aragón y Portugal, y en menor grado, Navarra. Pone énfasis en sus factores comunes y sus peculiaridades diferenciales. Metodológicamente, se basa en la historia comparada y la mirada interdisciplinar. Concede una atención preferente a tres cuestiones básicas: los territorios de frontera, concebidos como un espacio común, de encrucijada, en torno a instituciones monásticas o diocesanas; los argumentos propagandísticos de carácter religioso contra los extranjeros de los otros reinos o del occidente europeo, y la incidencia de la religiosidad y la devoción en la imagen del poder de las tres monarquías ibéricas más relevantes, durante la Edad Media.
