Dopaje deportivo Silvia Irene, Verdugo Guzmán,2018-11-01 El dopaje deportivo existe hace miles de años. Este grave problema en el deporte hace necesaria la creación de diversas estrategias normativas para evitar su difusión y para combatir su uso. En ese contexto, el Código Mundial Antidopaje constituye la norma fundamental de aplicación universal para los Estados que son parte de la Convención Internacional contra el Dopaje en el Deporte de la UNESCO. Pero también los Códigos penales nacionales, entre ellos el español, han ido incorporando en los últimos años una regulación específica de ese fenómeno delictivo, con vistas a su represión y a su prevención. En la presente obra se analiza de manera exhaustiva los fundamentos, el desarrollo y la solución de la problemática del dopaje, desde sus antecedentes normativos, su evolución internacional, los perfiles dogmáticos del tipo penal de dopaje deportivo hasta las medidas preventivas encaminadas a combatir y erradicar esta lacra universal. La interacción entre Deporte y Sociedad y los fundamentos del Derecho penal deportivo encuentran, en fin, en la presente obra un desarrollo sugerente, acabado y completo.
