60 Innovative Cognitive Strategies for the Bright, the Sensitive, and the Creative Eric Maisel, 2018-03-14 In this book, Dr. Maisel employs the metaphor of the room that is your mind to provide 60 cognitive strategies that enable smart, sensitive, creative clients to engage in dynamic self-regulation for greater awareness, insight, and enhanced mental capabilities. Issues that are examined include repetitive and obsessional thinking, self-criticism and a lack of self-confidence, anxiety and depression, reliving traumatic memories, and overdramatizing and catastrophizing. This is the perfect book for cognitive-behavioral therapists to suggest to clients and will be of great interest to clients whose needs for imaginative and metaphorically rich strategies often go unmet.

The Stolen Village Des Ekin,2012-10-15 In June 1631 pirates from Algiers and armed troops of the Turkish Ottoman Empire, led by the notorious pirate captain Morat Rais, stormed ashore at the little harbour village of Baltimore in West Cork. They captured almost all the villagers and bore them away to a life of slavery in North Africa. The prisoners were destined for a variety of fates -- some would live out their days chained to the oars as galley slaves, while others would spend long years in the scented seclusion of the harem or within the walls of the Sultan's palace. The old city of Algiers, with its narrow streets, intense heat and lively trade, was a melting pot where the villagers would join slaves and freemen of many nationalities. Only two of them ever saw Ireland again. The Sack of Baltimore was the most devastating invasion ever mounted by Islamist forces on Ireland or England. Des Ekin's exhaustive research illuminates the political intrigues that ensured the captives were left to their fate, and provides a vivid insight into the kind of life that would have awaited the slaves amid the souks and seraglios of old Algiers. The Stolen Village is a fascinating tale of international piracy and culture clash nearly 400 years ago and is the first book to cover this relatively unknown and under-researched incident in Irish history. Shortlisted for the Argosy Irish Nonfiction Book of the Year Award

The Lie About the Truck Sallie Tisdale,2021-10-26 In a world of fake news and rampant conspiracy theories, the nature of truth has increasingly blurry borders. In this clever and timely cultural commentary, award-winning author Sallie Tisdale tackles this issue by framing it in a familiar way--reality TV, particularly the long-running CBS show Survivor. With humor and in-depth superfan analysis, Tisdale explores the distinction between suspended disbelief and true authenticity both in how we watch shows like Survivor, and in how we perceive the world around us.--

Demons and the Making of the Monk David BRAKKE,David Brakke,2009-06-30 In this finely written study of demonology

and Christian spirituality in fourth- and fifth-century Egypt, David Brakke examines how the conception of the monk as a holy and virtuous being was shaped by the combative encounter with demons. Drawing on biographies of exceptional monks, collections of monastic sayings and stories, letters from ascetic teachers to their disciples, sermons, and community rules, Brakke crafts a compelling picture of the embattled religious celibate.
