The Spiritual Roots of Restorative Justice Michael L. Hadley, 2001-02-08 Explores the concept of Restorative Justice in diverse spiritual traditions.

Corporate Spirit Amanda Porterfield, 2018 In this groundbreaking work, Amanda Porterfield explores the long intertwining of religion and commerce in the history of incorporation in the United States. Beginning with the antecedents of that history in western Europe, she focuses on organizations to show how corporate strategies in religion and commerce developed symbiotically, and how religion has influenced the corporate structuring and commercial orientation of American society. Porterfield begins her story in ancient Rome. She traces the development of corporate organization through medieval Europe and Elizabethan England and then to colonial North America, where organizational practices derived from religion infiltrated commerce, and commerce led to political independence. Left more to their own devices than under British law, religious groups in the United States experienced unprecedented autonomy that facilitated new forms of communal governance and new means of broadcasting their messages. As commercial enterprise expanded, religious organizations grew apace, helping many Americans absorb the shocks of economic turbulence, and promoting new conceptions of faith, spirit, and will power that contributed to business. Porterfield highlights the role that American religious institutions played in a society increasingly dominated by commercial incorporation and free market ideologies. She also shows how charitable impulses long nurtured by religion continued to stimulate reform and demand for accountability.

The Spiritual Roots of the Ecological Crisis Jean-Claude Larchet, 2022-03-11 Many Christians are tempted to dismiss concerns over the environment and the catastrophic effects of climate change. After all, prominent voices who most vociferously warn us about this crisis tend to also advocate a wider worldview antithetical to Christian teachings. In this text, noted philosopher and scholar Jean-Claude Larchet finds the roots of the global ecological crisis in a rejection of a truly

Christian cosmology. Explaining the relationship between man and nature ordained by God in the beginning, Larchet bases the degradation of the creation ultimately in the primordial fall and outlines how we have arrived at the present crisis point. Finally, the author proposes principles and actions deeply rooted in his Christian ethos that would allow mankind to restore and reinvigorate its relationship with nature.

Achieve Your Dreams Tonny Rutakirwa,2020-03-28 This is the fourth book in the Awaken Series by Tonny Rutakirwa published by Tonnies Publishing Press on 25th March 2014. A new book release every birthday.

Business Gurus Ian Wallis,2012-01-20 Business Gurus is an essential introduction to business and leadership thinking. A must-read for anyone working in or studying business, Business Gurus explains simply and clearly the most important elements from the world's most influential leadership and management thinkers. All major gurus, both past and present, are featured including: Michael Porter, Tom Peters, Peter Drucker, Michael Gerber, Peter Senge, Jim Collins, Ken Blanchard, Charles Handy, Richard Koch, John Kotter, Richardo Semler, Stephen Covey, Seth Godin and many more. For each of these Gurus, the book explains their background, the main theories for which they are known, the context for these theories, and how they compare to other business thinking. Crucially the book also looks at how each theory works in practise.

Public Secrets as a Phenomenon in Organizational Communication: How Public Knowledge Fails to Become Organizational Action Xin-An Lu,2003-05 There seem to be two realms in our waking time: work and life. However, work is often juxtaposed against life, which is found in anything but work. Organizational work has become nothing more than the necessary evil, the means for a livelihood. Work has ubiquitously become the enemy of life. What culprit has dichotomized work and life? Public secrets! Empirically based, this book explores and testifies why the phenomenon of public secrets may have transformed our organizational life into a big lie to which we are all forced to subscribe--against private consciousness. Public secrets represent the communication phenomenon where public knowledge, though tacitly acknowledged and widely espoused, is never incorporated into organizational actions and daily routines. As a consequence, employees are not living their organizational life with their heads and hearts, but with our heels. Employment with heels is the biggest un-economics against time--it costs, wastes, and debilitates; it makes work the arch-enemy of life.

What Black and White America Must Do Now Armstrong Williams,2020-08-18 A call to our highest virtues and ideals What Black and White People Must Do Now explores the complexity of race and culture in the United States. In his third book, renowned conservative entrepreneur, author, and philanthropist Armstrong Williams discusses his prescription for healing and atonement amidst today's current social upheaval. Race and racism are America's original sin, and four hundred years later, they still plague the nation, pitting groups against each other. Despite how much time has elapsed, many Americans remain befuddled by how to move forward; however, the time for solutions has come. In this book, Armstrong Williams recounts his personal story and journey growing up working on his family farm in rural South Carolina, leading to

an unexpected meeting with the late Senator Strom Thurmond of South Carolina, which turned into an unlikely relationship that led him to the halls of power in Washington, D.C. Williams calls for all Americans to stand up to represent America's highest virtues and ideals, and he challenges us to look beyond the pale of race for something much deeper.

Reflections on Communication, Education, Scholarship, and Life Xin-An Lu, 2003-07-06 Our actions in education, business, and government are no longer guided by conscious ideals, but by entrenched practices that are products of expediency, indolence, and even tyranny. Inveterate and ubiquitous problems abound. Students hate school. Employees dislike their jobs. Professors become disinclined toward teaching. Boredom and procrastination are everywhere. There are promotion requirements (such as scholarly publications by college professors) that promote nothing and benefit none except to move the person into the next nominal category along the spectrum of the organizational ladder. We are plagued with senseless competitive patterns and numerical evaluations that make life a mere matter of rat race, the winning of which does not uplift us into the sublimity of humanity, but trammel us in the degradation of being rats. Essays in this book reflect on and search for answers to widespread and inveterate problems that degenerate modern life into mere livelihood. Products in sober solitude rather than in the societal cacophony, most essays in the book were written during the author's doctoral studies.

The Promise to the One Jason Hewlett, 2020-05-13 The greatest joy and fulfillment are within your reach, but they require an enduring Promise to The One...someone you might not expect. It's not your boss, your spouse, your children, or others—no, the ultimate commitment is The Promise you make to yourself to discover your purpose and gifts and share them with the world. Everyone has been hurt or negatively impacted by broken promises. Promise-breaking and a lack of integrity are symptomatic of the most chronic illness faced by society today. Even though many leadership courses and ethics programs tout “integrity” as a buzzword, few of us are really assessing our own values unless someone calls us out on a discrepancy. But even when others don't catch on to the façade, when our values aren't in alignment with our actions and when our actions aren't consonant with our gifts and passions, we're left feeling isolated, drained, and depressed. No recognition or acceptance from others can fill the void in the same way as when you keep a Promise to yourself and actually follow through on it. The Promise is the highest level of engagement we commit to in any experience. The Promise is greater than a goal—it's a sacred commitment. It's complete dedication to identifying your Signature Moves—the unique talents you've been given that, when developed and used to better others' lives, make you a Legendary Leader. What choices do you make when no one is watching? How do you approach a decision that requires you to let either yourself or someone else down? How do you stay committed to your values, even when the less-rewarding path is more convenient? A renowned speaker and performer who has helped audiences worldwide appreciate what accountability really means, Jason Hewlett shares his program for self-discovery and taking ownership of your gifts in The Promise to The One. His unique three-step

method—IDENTIFY • CLARIFY • MAGNIFY—will enable you to pinpoint your strengths, shape them into an identity to which you commit, and develop them so that they can improve others' lives as well as your own. Filled with Jason's signature wit and vulnerability as well as actionable exercises, this book will help you refine your character and reach your dreams through the power of kept Promises. Start your journey to living a life of Promise Making and Keeping...beginning with The Promise to The One.

The Wisdom and Teachings of Stephen R. Covey Stephen R. Covey, 2012-11-13 Stephen R Covey passed away in July 2012, leaving behind a legacy unmatched in his writings about leadership, time management, effectiveness and success, even love and family. The Wisdom and Teachings of Stephen R Covey is a compilation of his most profound, inspiring teachings and sayings. Among the topics covered in this book are time management, success, leadership - including principle-centered leadership - all of the 7 Habits, love, and family.

Bible Of Authors Harshal P. Barot, 2021-07-30 This book is on life the life stories of best authors and has some untold life incidents which were never known, authors with brilliant brains but it's about how did they manage to come on top after a degrading life and miserable losses as a motivational story book.

Seeking the Promised Land David E. Campbell, John C. Green, J. Quin Monson, 2014-09-29 Mormons have long had an outsized presence in American culture and politics, but they remain largely unknown to most Americans. Recent years have seen the political prominence of Mormons taken to a new level - including the presidential candidacy of Republican Mitt Romney, the prominent involvement of Mormons in the campaign for California's Proposition 8 (anti-gay marriage), and the ascendancy of Democrat Harry Reid to the position of Senate Majority Leader. This book provides the most thorough examination ever written of Mormons' place in the American political landscape - what Mormons are like politically and how non-Mormons respond to Mormon candidates. However, this is a book about more than Mormons. As a religious subculture in a pluralistic society, Mormons are a case study of how a religious group balances distinctiveness and assimilation - a question faced by all faiths.

Historical Dictionary of the Latter-day Saints Thomas G. Alexander, Davis Bitton, 2019-10-08 The Church of Jesus Christ of Latter-day Saints is a Christian church that was organized by six men in western New York in 1830 under the leadership of Joseph Smith, the church has grown to more than 16 million members today. A restoration of the primitive church organized by Jesus Christ in the first century C. E., the church's membership was originally all Americans. The church is now, however, a worldwide church with more members who live outside the United States than inside. The fourth edition of Historical Dictionary of the Latter-day Saints contains a chronology, an introduction, and an extensive bibliography. The dictionary section has over 400 cross-referenced entries on the important people, ideas, doctrine, and events during the hundred-ninety year history of The Church of Jesus Christ of Latter-day Saints. This book is an excellent resource for

students, researchers, and anyone wanting to know more about The Church of Jesus Christ of Latter-day Saints.

Historical Dictionary of Mormonism Davis Bitton, Thomas G. Alexander, 2008-10-23 Clearing up many of the misconceptions held about Mormonism and its members, the third edition of the Historical Dictionary of Mormonism expands on the second edition and includes hundreds of cross-referenced dictionary entries on crucial persons, organizations, churches, beliefs, and events.

Second Wind Dr. Bill Thomas, William H. Thomas, 2015-03-24 Dr. Bill Thomas, one of the most innovative thinkers in medicine, explains that a new life phase is beginning to emerge within our society. When the Baby Boom generation came of age in the 1960s and 1970s, they jump-started a cultural revolution that shaped today's society. Now, many feel they are living a life of frenzied disharmony. This out-of-balance feeling is a signal that you are ready for your second coming of age, your life beyond adulthood. This title illuminates how to recognize and navigate the most challenging and fulfilling developmental stage of life. --Publisher's description.

Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1972

Field Leadership Ken Shelton, 2020-06-10 You already live, work or play in a field, but do you exercise proactive and principled leadership in your field? During the decade of the 2020s, you will be challenged and may be displaced, your life disrupted by unforeseen events and conditions, requiring you to make uncomfortable changes and perhaps enter new fields. Field Leadership is an inspiring and practical guide for all those who perform in any field that expects them to excel as individuals and as team members and achieve desired wins and impressive results in spite of tough competition and market undulations. With faith and focus, you might lead yourself and others to achieve a 3X yield in your field.

Wisdom Tradition Sebastian Velassery, K. Gopinathan Pillai, 2020-01-01 Wisdom tradition has been instrumental in the evolution and development of core spiritual philosophy of Sanatana dharma and it has played a pivotal role in the continuity and change of Indian culture, society and polity. Wisdom tradition that has been handed down from generations to generations by Guru Paramparas of India has periodically ignited social awakening and contributed to cultural creativity and social change. This tradition which is beyond religion, caste, gender and race, has the power and potential to bind the people of this land with a single string of spirituality beyond religious sectarianism and social segregation. The scientific systemisation and dissemination of the amazing wisdom that we have received from ancient Gurus and Rishis, and especially its introduction in school and university curriculum shall create a new awareness and pride in our young generation about Indian culture. Hence the importance of this volume.
