## Cyril Chern

Chern on Dispute Boards Cyril Chern, 2015-05-22 Chern on Dispute Boards examines the law of dispute boards and their development internationally, while also covering procedural topics that are of particular concern to those utilising dispute boards. It deals with advanced practitioner issues in the emerging law of dispute boards on an international scale, laying out their methods and methodology not only under the common law, but also under other legal systems such as Civil law and Shari'ah law. Excelling in describing the how and why, this book also gives samples and/or forms of actual working dispute boards that any practitioner could use and adapt to their own needs. Readers of this this updated third edition will have explained to them the various international formats and types of dispute boards in use today and be brought up-to-date on the ever evolving law within the field. New to this 3rd edition is the extensive coverage of appeals from Dispute Board Decisions, the laws relative to appeals and the ICC, enforcement procedures and new forms and guidelines for the practitioner. This book guides the reader through the complexities of actual commercial and construction disputes and their successful resolution and also presents a way forward for the dispute board members themselves to administer actual dispute boards all over the world. It is therefore, the number one guide for construction lawyers, engineers and dispute board stakeholders worldwide.

*Clean Up Your Credit!* Richard Mansfield, 2022-05-15 Bad things happen to good people. Events not always under our control can often result in our credit scores going down, and sometimes way, way down. There are consumer protection laws that you can use to remove negative items from your credit report,. Because of a quirk in the law you can, as the author did, remove items that really are yours. But if you try to go it alone, the credit repair journey can be a nightmare. This book introduces a step-by-step credit repair system, actual documents the author used to settle suits, and legal cases filed in federal courts against major credit bureaus. These are the credit repair secrets they really don't want you to know, from someone who successfully challenged the credit reporting industry. Contrary to what you may believe, there is a way to improve your credit score substantially, and this book will help you get there. The author was a vice president at Guardian Bank in charge of the collection department and went on to start a collection agency. After selling the agency he became a credit restoration coach. To prove what he knew in theory could in fact be done, he stopped paying everything: repossession, foreclosure, medical bills, student loans, and credit cards. He even filed for bankruptcy. His credit score went from over 800

down to 461. He had it back to 742 in five months. Mr. Mansfield walks you through every step of the credit restoration process. As a bonus, when you purchase the book there's information on how to contact Mr. Mansfield directly! There is no other credit restoration book like this.
