Do What Matters Most Rob Shallenberger, Steve Shallenberger, 2021-05-18 Time management remains a huge challenge for most people. This book shares the habits and processes used by top leaders worldwide to minimize distractions and maximize accomplishments. In researching more than 1,260 managers and executives from more than 108 different organizations, Steve and Rob Shallenberger discovered that 68 percent of them feel like their number one challenge is time management, yet 80 percent don't have a clear process for how to prioritize their time. Drawing on their forty years of leadership research, this book offers three powerful habits that the top 10 percent of leaders use to Do What Matters Most. These three high performance habits are developing a written personal vision, identifying and setting Roles and Goals, and consistently doing Pre-week Planning. And Steve and Rob make an audacious promise: these three habits can increase anyone's productivity by at least 30 to 50 percent. For organizations, this means higher profits, happier employees, and increased innovation. For individuals, it means you'll find hours in your week that you didn't know were there—imagine what you could do! You will learn how acquiring this skillset turned an “average” employee into her company's top producer, enabled a senior vice president to reignite his team and achieve record results, transformed a stressed-out manager's work and home life, helped a CEO who felt like he'd lost his edge regain his fire and passion, and much more. By implementing these simple and easy-to-understand habits, supported by tools like the Personal Productivity Assessment, you will learn how to lead a life by design, not by default. You'll feel the power that comes with a sense of control, direction, and purpose.

Offshore Brooke Harrington, 2024-09-17 A Financial Times Best Book of the Year Featured on The Daily Show with Jon Stewart and recommended by Anne Applebaum on The Ezra Klein Show "An essential read for our times." —Ruth Ben-Ghiat, author of *Strongmen* An eye-opening account of offshore finance: a secretive system making the rich richer while corroding democracy, capitalism, and the environment. How do the rich keep getting richer, while dodging the long arm of the law? From playboy billionaires avoiding taxes on private islands to Russian oligarchs sailing away from sanctions on their superyachts, the ultra-rich seem to live in a different world from the rest of us. That world is called offshore. Hidden from view, the world's ultra-rich can use offshore finance to escape tax obligations, labor and environmental safety regulations, campaign finance rules, and other laws that get in their way. In *Offshore: Stealth Wealth and the New Colonialism*, sociologist Brooke Harrington reveals how this system works, as well as how it degrades democracy, the economy, and the public goods on which we all depend. Harrington spent eight years infiltrating this secretive world by training as a wealth manager, traveling from glossy European and North American capitals to developing countries in South America and Africa, to islands in the Indian Ocean, Caribbean, and South Pacific regions. Through interviews with dozens of wealth managers in nineteen countries, Harrington uncovered how this global network of offshore financial centers arose from the remnants of

colonialism and has created a new, hidden imperial class This engrossing deep dive reveals what offshore finance costs all of us, and how it has colonized the world—not on behalf of any one country, but to benefit a largely invisible empire of a few thousand billionaires, who help themselves to the best society has to offer while sticking us with the bill. As politicians struggle to address the deepening economic and political inequality destabilizing the world, Harrington's exposé of the offshore system is a vital resource for understanding the most pressing crises of our time.
