

Last Dinner On The Titanic

Brendan G. Carr

Last Dinner on the Titanic Rick Archbold,Dana McCauley,1997 With original menus, authentic recipes and splendid illustrations, this book accurately re-creates what it was like to dine on the most famous of all ships.

Last Dinner On the Titanic Menus and Recipes From the Great Liner Rick Archbold,Dana McCauley,1997-04 A cookbook designed to recreate the atmosphere of dining on the famous, doomed luxury liner serves up such recipes as lobster thermidor and poached salmon with dilled mousseline sauce and cucumber.

Off Shore Birgit Braasch,Claudia Müller,2020 The book highlights facets of people's experiences since the 19th century with Atlantic space and the design of their stay on board ships. The contributions range from the perspective of pleasure-seeking tourists, who used ships as a temporary, luxurious homes to the perspective of military personnel, who perceived the Atlantic Passage as a transition between homeland security and potentially dangerous professional operations - the risks of sea voyages even on technically sophisticated ocean liners, whose interiors and services often include grand hotels in the metropolises of the late 19th and 20th century, were discreetly ignored by the passengers. The charm of the Atlantic and the ship, unthinkable in earlier times, should not be decimated in any way.

New York Magazine ,1997-12-22 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

Food at Sea Simon Spalding,2014-12-11 Food at Sea: Shipboard Cuisine from Ancient to Modern Times traces the preservation, preparation, and consumption of food at sea, over a period of several thousand years, and in a variety of cultures. The book traces the development of cooking aboard in ancient and medieval times, through the development of seafaring traditions of storing and preparing food on the world's seas and oceans. Following a largely chronological format, Simon Spalding shows how the raw materials, cooking and eating equipments, and methods of preparation of seafarers have both reflected the shoreside practices of their cultures, and differed from them. The economies of whole countries have developed around foods that could survive long trips by sea, and new technologies have evolved to expand the available food

choices at sea. Changes in ship construction and propulsion have compelled changes in food at sea, and Spalding's book explores these changes in cargo ships, passenger ships, warships, and other types over the centuries in fascinating depth of detail. Selected passages from songs and poems, quotes from seafarers famous and obscure, and new insights into culinary history all add spice to the tale.

The Titanic and the City of Widows It Left Behind Julie Cook, 2020-03-30 "Harrowing and emotional . . . A tribute to the enduring power of family. The story of the disaster's widows uplifts and devastates in equal measure." —Gareth Russell, author of *The Ship of Dreams* When the Titanic foundered in April 1912, the world's focus was on the tragedy of the passengers who lost their lives. Ever since, in films, dramatizations, adaptations and books, the focus has mostly continued to be on the ones who died. *The Titanic and the City of Widows It Left Behind* focuses on another group of people—the widows and children of the crew who perished on board. Author Julie Cook's great-grandfather was a stoker who died on the Titanic. Her great-grandmother had to raise five children with no breadwinner. This book focuses on Emily and the widows like her who had to fight for survival through great hardship, while still grieving for the men they loved who'd died on the ship. Using original archive sources and with accounts from descendants of crew who also lost their lives, the book asks how these women survived through abject poverty and grief—and why their voices have been silent for so long. "The sinking of the Titanic has produced a wealth of books, articles, films and TV documentaries, all of which have given very little thought to the dependents and friends of those who lost their lives in this ocean tragedy. A moving and involving story that corrects this neglect, told by a descendant of a Titanic widow . . . How most of them survived the grief and grinding hardship is a story worth the telling, as are the stories of those who did not survive the crushing pressures." —Firetrench

Death of a Purser Frank McElroy, 2011-09-13 Over the years I have tried to get the answers to the many, many questions that I have been asked regarding the RMS Titanic's Chief Purser Hugh Richard Walter McElroy, in doing this Autobiography and family research, the world can now know and hopefully understand Hugh, also I hope all those questions that have been asked over the years have now possibly been answered also if others wish to go further into speculation, like they have in the past, will find that there is no substitute for the truth, I hope that they will do their research rationally in locating the raw truth and with some regard to the simple fact that there are no villains in this story: just human beings with human characteristics. This book contains a large amount of unknown facts about the family and Hugh, regards his early life, His never before told regards his unknown life with the White Star Line; what happened to Barbara after Hugh died; Why did Hugh's sister Charlotte's name disappear so quickly from the Southampton Committee of the Titanic Relief Fund, in November 1914) after all she was a class A dependants. The loss of the R.M.S. Titanic created a debate that has raged ever since, and probably will do so for ever, It happened in 1912, prior to two world wars, long before television, indeed, long before the talking pictures. It was an era as different to today as one can imagine, It was a world quite unlike our present

days in nearly every respect, yet this event has even the most modern child's attention when it is spoken of. It is a story and the effects of its happening endure, and will always endure, so long as humans remain human.

Why Didn't You Just Do What You Were Told? Jenny Diski, 2021-10-15 Finalist for the NBCC Award for Criticism 'Nothing about Jenny Diski is conventional. Diski does not do linear, or normal, or boring ... highly intelligent, furiously funny' Sunday Times 'Funny, heartbreaking, insightful and wise' Emilia Clarke 'She expanded notions about what nonfiction, as an art form, could do and could be' New Yorker Jenny Diski was a fearless writer, for whom no subject was too difficult, even her own cancer diagnosis. Her columns in the London Review of Books – selected here by her editor and friend Mary-Kay Wilmers, on subjects as various as death, motherhood, sexual politics and the joys of solitude – have been described as 'virtuoso performances', and 'small masterpieces'. From Highgate Cemetery to the interior of a psychiatric hospital, from Tottenham Court Road to the icebergs of Antarctica, *Why Didn't You Just Do What You Were Told?* is a collective interrogation of the universal experience from a very particular psyche: original, opinionated – and mordantly funny.

Galloping Gourmet Steve Friesen, 2023-12 2024 Colorado Book Award History Finalist 2024 Will Rogers Medallion Silver Winner in Western Biographies/Memoirs Galloping Gourmet explores an unfamiliar side of a familiar character in American history, William F. “Buffalo Bill” Cody. In this entertaining narrative Steve Friesen explores the evolving role of eating and drinking in Buffalo Bill’s life (1846-1917). Friesen starts with Buffalo Bill’s culinary roots on the American Plains, eating simple foods such as cornbread, fried “yellow-legged” chicken, and hardtack. Buffalo Bill discovered gourmet dining while leading buffalo-hunting expeditions and scouting. As his fame increased, so did his desire and opportunities for fine dining: his early show business career allowed him to dine at some of the best restaurants in the country. Friesen examines the creation of Buffalo Bill’s Wild West Show in 1883, in which Cody introduced his diverse cast of employees to dining that equaled America’s best restaurants. One newspaper reporter observed that “Colonel Cody displays no more care about anything than the proper feeding of horse and man.” Cody opened the first Mexican restaurant east of the Mississippi and introduced American foodways to Europe. Equally comfortable eating around a campfire on the plains or at Delmonico’s in New York City, he also dined with leading celebrities of his day. In the final section Friesen addresses the controversies surrounding Cody’s drinking, his death, and his ongoing culinary legacy. Galloping Gourmet includes an appendix of more than thirty annotated period recipes.
